Gentlemen:

Once more we are gathering materials to supplement our texts in the area of Washington State Geography, Resources, Industries, Government and History. This course is taught on a semester basis at the ninth grade level.

In the past we have found that the materials you have provided have been very helpful to students in carrying out their work. We would be very grateful for any free materials that you could provide to us that would be helpful in this area.

Sincerely,

Donald G. Brown
