Feb 10, 1966

Dear Mr. Belander,

Your letter came yesterday so
will hurry to answer your question.

Anything that you may find
in research that would be
applicable to my thesis, I would
be most happy to have. The
item about Father Chirauc and
Father Bravillet sounds very
interesting.

By all means, use the
picture of Father Pandey. Now
that my thesis is finished. Use
anything from it that ^{may} be of
help to you.

There was an article in
the local paper regarding

your book. I tried to get my hands on it to send to you, but no luck.

The article you enclosed is most interesting and if it is any indication of what the book is to be — well I'll be waiting most anxiously for it to come off the press.

Give my best regards to Corrine. I'm still sorry that I didn't get to hear about her trip to Europe. But someday when I am in the valley again, one of my first plans is to have a visit with both of you.

With sincere wishes that
your book meets with success
I am, sincerely
S. Anna Clark. *AKC*
