### **Proposition No. 1**

Shall general obligation serial bonds of West Valley School District No. 208 be issued in the amount of \$360,000, or such lesser amount as legally can be issued under the laws governing the limitation of indebtedness; and the proceeds thereof placed in the building fund to be expended for improving and extending the school facilities of the district by purchasing a new school site or sites; by constructing and equipping a high school building or buildings upon the site or sites so purchased; and for other necessary future capital outlay purposes; the funds obtained from sale of such bonds to be used, with or without additional funds now or hereafter available to the District, exclusively for the above capital purposes.
