

April 1, 1955

Dr. Erminie W. Voegelin,  
Indiana University,  
Young House,  
Bloomington, Indiana.

Dear Erminie:

Received your letter of March 30 this afternoon and got off, by first class mail the microfilm rolls requested and all of the others excepting the ones below listed.

I sent them all, and first class, because the post office seemed to think the shipment would get through sometime Monday, first class. Had I received the letter yesterday, I would have picked out the ones designated, but I figured you might need the others too.

Ones retained should keep me occupied for some few days (plus a few weeks,) but I will send them too if you think you need them.

The ones retained are all from Microcopy 2, Oregon Suptcy of Indian Affairs:

- 12- Register of letters received, Sept. 30, 1848, Jan. 14, 1873.
- 16- Letters received, January 1, December 30, 1858.
- 17- Letters received, January 3, December 30, 1859.
- 18- Letters received January 1, December 31, 1860.
- 19- Letters received, January 3, December 27, 1861.
- 28- Copies of Treaty Proceedings and depredation claims, ~~1845~~ 1851, 56.

They constitute six rolls in all and these, with the ones sent, represent those you kindly loaned me for pursuance of research.

Sounds like you are very busy (as usual) Best of luck and hope the shipment comes through on schedule.

With Sincere Regards
