

July 8

[chiefs]

Dear Relander,

As to the identification, the two drum beaters are (from left) Toy-Toy (unalbeto get first name) and Tom Joe; Goerge Spino, next, ringing bells. Unable to identify man with shovel, but don't believe he was particularly significant. To left of shoveler's head is John Abraham and to his left Sam Sturgis of Corville reservation, Wash.

I am enclosing my own poor attempt at reporting what transpired at the funeral. It won't be nearly as specific as you would like because I got to the funeral late and had to catch the whole business within a few minutes. I saw no mats in evidence. I had no earlier shot of procession.

I must refer you to Lee Drake, 104 SE 5th st., Pendleton, on the matter of copy negs of Aa-ni-ne or Capt. Billy. He took most of the pics in the judge's possession.

Bus Howdyshell, who I understand is sending you a pic of Ka-ni-ne,  
said he doubts if the judge has one of Capt. Billy.

Sorry I can't be of any more help.

Sincerely,

*Merle Gors*
