29 November, 1954

My dear Mr. Belander,

Many thanks for speaking to our ninth grade classes recently. The reaction to your talks was indeed most favorable. We hope that you will return again some-time.

Also, the materials arrived in fine shape last Wednesday afternoon just before school was dismissed for the Thanksgiving holiday. Today I had a chance to give the materials sent a quick glance. I think that the students will make good use of the information and I will be happy to report to you their comments after the data are used.

I deeply appreciated receiving the picture of Chief Kossou and the information about Kamiakin's wines. Mrs. Richardson of Wenatchee, whom I visited on Friday, states that Judge Brown of Okanogan says that Cleveland was born in 1860.

Thanks again for everything. I will send you a picture of Cleveland soon and will return the materials as soon as we finished with them.

Sincerely,

Robert M. Kiffin
