Nov. 9, 1954

Mr. Kenneth J. Crow, power use consultant,  
Grand County Public Utility District 2,  
Box 878, Ephrata, Washington.

Dear Mr. Crow:

Johnny <sup>B</sup>uck, (Puck Hyah Toot) who was in Oregon with some of his family two weeks ago, picking potatoes, returned home yesterday and with one of his sons came to the office to see me.

He was very pleased with the progress made, having talked to Tomalawash at Wapato.

While the son, Rex and his family plan to go to Priest Rapids tomorrow or the day after, Johnny will wait around Wapato until he hears from me so he can come to Yakima and meet Mr. Ries and you, Nov. 16 or Nov. 18, or, if your plans change, later that week. When I hear of the day I will drive down and make contact so it would be best to give a couple of days notice at lease.

I have told Rex, as I wrote to his brother, Frank who is already at Priest Rapids, to drop by and get acquainted with themen who come up.

When you and Mr. Ries come to Yakima I will endeavor to have some little information ready for you, including a picture of the graveyard on the hill, names of the family and others, etc. to give you a better background. And if you will tell me of your needs, I shall be most happy to supply them.

I hope you and Mr. Ries will arrange your schedule so you will be able to have luncheon in Yakima.

Sincerely

Wlick Relander
