Dear C. Lick,

This is a book we have just finished "printing", we are not speculating on this - we got cold hard cash for the job. He is a nice old man and very sincere about wanting to inform the younger generation about his subject matter. Will you look it over, if you think it merits it give it a little review in the paper? I suppose it will appeal to a limited number of people, but then he only has a limited number of

Copies to sell. How do you
like that cover? Our artist
Ralph Thompson designed it
from Mr. Altice's directions. I
opened my big mouth and
said it was "terrible" and
put both feet in. They think
it's beautiful!

Sincerely
Martha Cassidy

Dear C lick,

This is a book we just finished printing for Miss Fleming. She's going to try to sell a few but she actually had it printed so she could give a copy to all her nieces & nephews. She's a retired teacher from Ellensburg, but she moved to Yakima about a month ago. and is living at 501 No. Wacker now. If you can will you give her a little write-up in the paper, it does^{ing}

mean anything to us but
she's a cute little lady
and it's really not a
bad book for old timers.
I think she's going to
charge 1.95 for it.
