

Mr. Paul Busselle, Associate Editor,
The Columbia Basin News,
Pasco, Washington.

May 12, 1956

Dear Mr. Bussell:

I have confirmed, to Mr. H. Leith Loder, manager of the Pasco Chamber of Commerce, that I will attend the Monday, May 21st luncheon of the Pasco Chamber and formally present the Award of Merit to your paper and its writer, Ted VanArsdoll.

Chapin Foster told me this certificate had been sent to you some time ago. I expect that Chuck Carson will accompany me and we will come to the paper, about 11:45 and I will pick up the certificate then.

I understand I am to make the talk for the Chamber Luncheon meeting. It is to run about 28 minutes and will include the presentation as the climax. As I say I will "carry you back to the past, bring you to the present and project you into the future." I think it will contain enough Indian lore and historical information to be of general interest to both old-timers and the newly arrived residents.

I would appreciate it if you would call Mr. Loder and tell him you have heard from me and that I will be there on the 21st.

Sincere Regards
