Mr. Click Relander

Yakima, Washington

Dear Mr. Relander:

It was indeed kind of you to send me a copy of your book entitled DRUMMERS AND DREAMERS. I am pleased to have this copy for my reference library and was particularly delighted with the inscription which you so thoughtfully included.

I appreciate your interest in the erection of a suitable historical monument near Celilo. You may be interested to know that I have received other communications on this subject and have contacted the appropriate government agency for comments.

As you may also be aware, last year I was instrumental in getting appropriations through Congress to preserve the petroglyphs and artifacts at Celilo. As a result of these appropriations a large quantity of historical material that would have otherwise been lost to posterity was saved.

You may be assured of my continued interest in the problems of the American Indians.

With appreciation and kindest regards,

Sincerely yours,

Wayne Morse
