

Sept. 26, 1956

Mr. Bob Ries,
Grant County PUD No. 2,
Ephrata, Wash.

Dear Bob:

In the same mail I am mailing a copy of Drummers and Dreamers.

I am sure that Herb has received, perhaps in the mail two days ago, a copy direct from the publisher. I had a couple of advance copies come in, and wanted to get one off to you.

If you will be so kind as to provide its use to Glenn, Nat etc. pending the time we are in Ephrata to give you individual copies, it will be appreciated. And at the time it will be properly inscribed.

Realizing that this was burned before the PUD came into the picture, and that the final additions were made before the power contracts were issued, I did my best to get the PUD well represented and believe I accomplished that purpose.

I am sending Ken Crow some lithographs of the ~~front~~ jacket. These will be the ones we will be distributing as we make the rounds of the book stores.

I will try to set aside 50 of them for distribution at the Grant County Historical Society banquet, and if you will have Ken pass the word along, it will be appreciated. However, the publisher has not sent the quantity I requested originally, and these are so costly for him, I hesitate now to pressure him. Regards. Click Relander
