

Yakima Valley Regional Library
Library publishes
Local History
service booklet *4-3-72*

Where do I apply for Medicare?

How do I register to become a voter?

Are there foreign language translators in Yakima?

Where do I apply for a passport?

These and many other public service questions are answered in a new leaflet published by the adult-service department of Yakima Valley Regional Library and now being distributed in the community.

The booklet also provides addresses and phone numbers of special service organizations and government offices such as Civil Defense, Headstart, Health Department, Sno Line, Salvation Army, Poison Information Center, Well Baby Clinic, Open Door, Farm Workers, Foodbank, Volunteer Bureau and others.

The leaflet is found not only in the library but in places frequented by those who may not yet know where the library is. It has been placed in supermarkets, laundromats, and other public places throughout the city.
