24. WHITE-THROATED SPARROW. (Zonotrichia albicollis)

Though the immigration of the English Sparrow for years brought all of the name into disrepute, the native species are beginning to be again appreciated. The usefulness of the bird cannot be denied. It has been estimated that 875 tons of noxious weed seeds are destroyed by sparrows in Iowa each year. Next to the Song Sparrow, this pretty White-Throated Sparrow holds rank for attractiveness.

FOR THE GOOD OF ALL,
DO NOT DESTROY THE BIRDS.

ALMA MATER SONG

WORDS BY MR. H. J. FENTON, '94

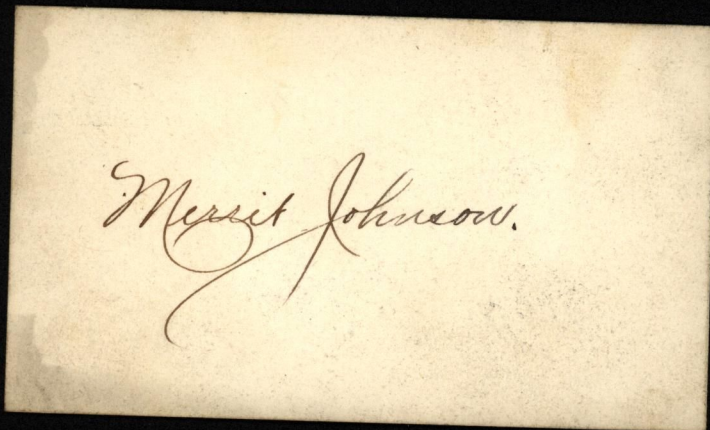

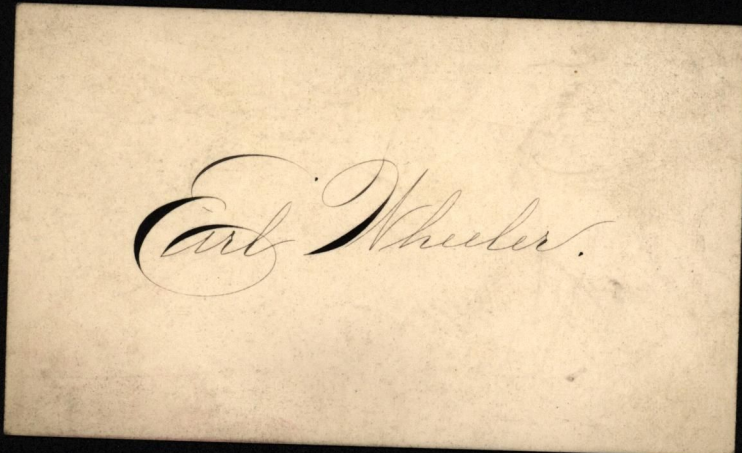

By green hills eternal,
Surrounded, supernal,
Fair precincts where our fathers musing trod;
Stately thou standest,
Of all schools the grandest,
To guide us all up to the throne of God.

CHORUS

Sing, sing, for Windham sing,
For old Natchaug ring out the chorus free;
Sing, sing, together:
Windham High forever—
Thy loyal sons and daughters all are we.

As to a fountain,
On Helicon's fair mountain,
We, thirsting, came to thee in fairest youth;
Thou gavest for asking,
Nor wilfully tasking,
Deep draughts from out thy deep wellspring of truth;

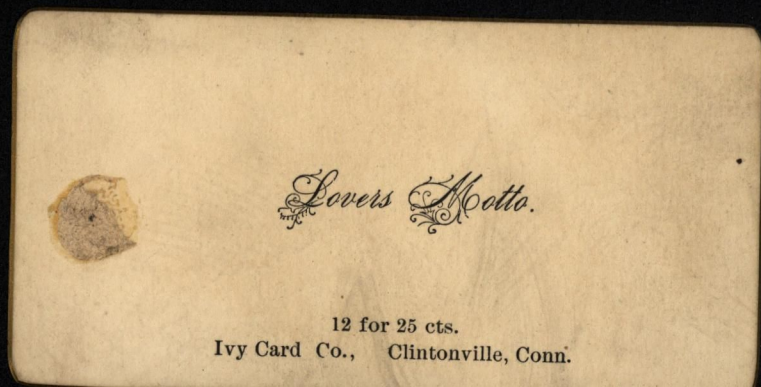

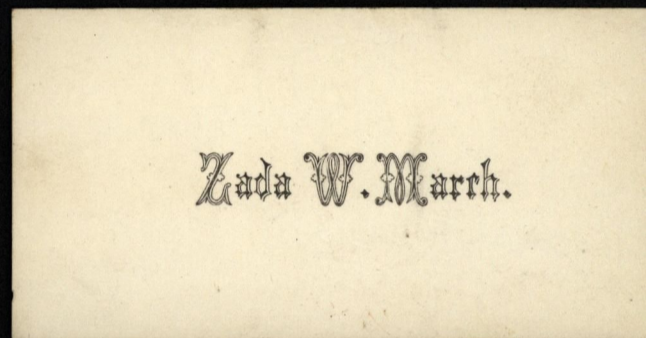

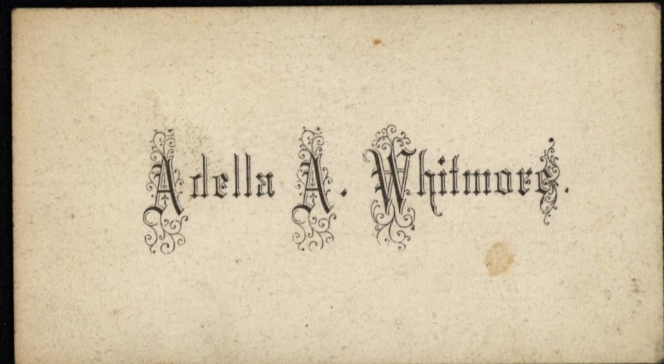

Fore'er let thy glory
Be sounded in story
Far down the golden corridors of time;
Thy children's devotion
Shall deepen thy portion
Until thy name be sung in every clime.

Chill Winter reigns,
 The flowers are dead,
 The trees and hedges
 all are bare,
 A grey sky stretches
 overhead,
 And birds are silent
 everywhere:
 But in your path may
 flowers bloom
 More sweet than those
 in Summer found,
 May sunshine pierce
 the Winter's gloom,
 And songs within
 your heart abound.

PRO HORSFORD'S BAKING POWDER.

Made from Prof. Horsford's Acid Phosphate.
 Recommended by leading physicians.
 Makes lighter biscuit, cakes, etc., and is healthier than
 ordinary Baking Powder.
 In cans. Sold at a reasonable price.

This Baking Powder restores the phosphates lost with the
 bran, in bolting fine flour, which are indispensable in the main-
 tenance of health. A deficiency of the phosphates is a common
 cause of disease and of retarded growth.

BARON LIEBIG said:
 "It is certain that the nutritive value of the flour will be
 increased ten per cent. by your invention, and the result is pre-
 cisely the same as if the fertility of our wheat fields had been
 increased by that amount."

DR. M. H. HENRY, the celebrated physician of New York,
 said:
 "The use of Horsford's preparation offers admirable means
 for the introduction of a valuable element into the system, with
 the food of every-day life."

INTERESTING ANIMALS No. 26 SET OF 60 DESIGNS.

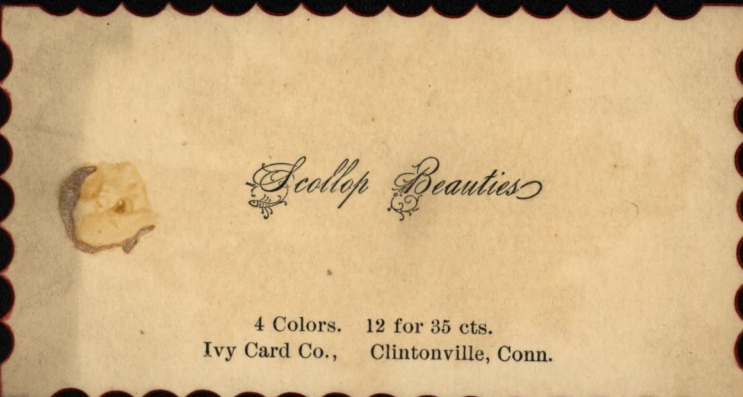

One of these pictures is packed in each large
 package of our ARM & HAMMER SODA and SALERATUS.
 If a complete set be desired, we will mail same pre-
 paid on receipt of six two-cent stamps. Give your
 name and Post Office address. State and County
 must be plainly written.

IMPORTANT REASONS.

For housekeepers buying ARM & HAMMER SODA in
 preference to other soda weighed and wrapped by the
 dealer or inferior package brands, the retail price of the
 ARM & HAMMER Soda or Saleratus in packages is the
 same as for all package Soda. Consumers gain nothing by
 buying unknown and inferior Soda. It is simply a question
 of more or less profit to the dealer. The more he makes
 the more the consumer loses. PACKAGE SODA like CHURCH
 & CO'S ARM & HAMMER has the guarantee of a responsi-
 ble manufacturer. Bulk Soda may be of anybody's man-
 ufacture and generally of poor quality.

MILDRED LOUISE AND HER ROCKING HORSE FRIENDS

Mildred Louise is known in thousands of homes throughout the country as the little girl who saves mothers no end of fuss, trouble and worry over the question of what their little girls should wear.

Mildred Louise has permitted us to show you in this folder the very latest things which she has to offer to mothers to help them in fitting out the kiddies. We trust you have been interested in this display and we will be pleased to show you the dresses themselves at any time you may call.

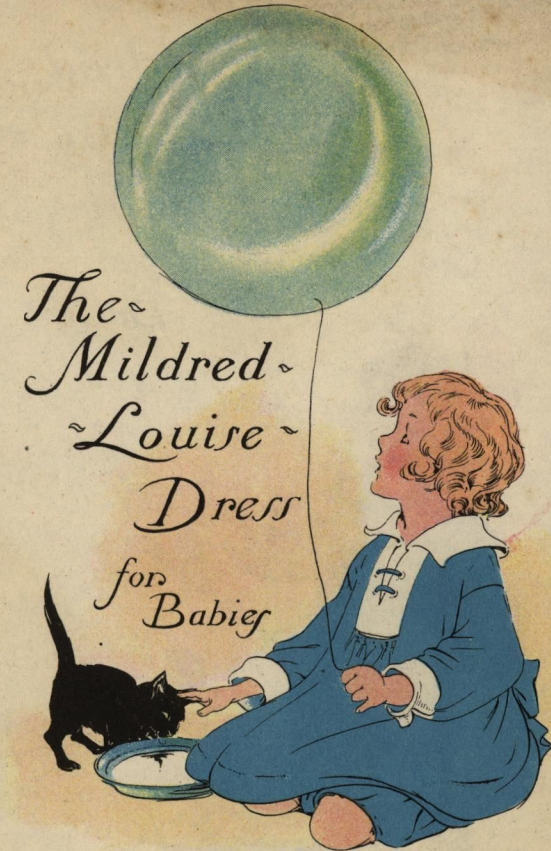

Mildred Louise, however, doesn't limit her efforts merely to helping busy mothers. She also takes a big, whole-hearted interest in the kiddies themselves. For that reason she wants every little kiddie to become acquainted with her own playmates — her "Rocking Horse Friends."

We have a number of sets of Mildred Louise's Rocking Horse Friends beautifully printed in colors on cardboard for cutting out. There are ten in each set and each picture is a complete toy in itself—a miniature "rocking horse" which actually rocks. Ten different animals are represented in the set, each one mounted by a cute little tot of a girl. An amusing and easily learned nursery rhyme is printed on each cut-out.

The children in your house will have no end of fun with Mildred Louise's Rocking Horse Friends. You can get the whole set simply by asking for it at our store. But you had better ask right away because the supply will last only a short time.
