Dear Mr. Relander,

I am sending you a clipping on the story which appeared in The Chronicle Sunday, Jan. 16, as a follow-up on the Indian tribal attorneys' conference with Judge Webber on Indian rehabilitation.

Regarding additional stories on the Indian situation, this is the first important story we have had on Celilo for more than a month. Consequently, we have no available clippings except those in our own clipping files or in our permanent bound volumes. Sorry we can't be of more help but I will gladly continue to mail you clippings as the story develops down here.

As to the Lewis and Clark centennial, I am ashamed to admit the Yakima papers are doing a much more thorough job on it than is The Chronicle and I'm afraid we couldn't contribute much.

Sincerely,

Elsie Schiller
