

Bookmobile Schedule Increased To 135 Stops

"Library on wheels" — three Yakima Valley Regional Library bookmobiles—are being readied by staff members for the heaviest winter schedule ever, serving 110 community stops—nine more than last year—and 25 school stops.

The bookmobile staff, headed by Ursula Meyer, has been busy preparing school administrators and teachers on how to properly use bookmobile facilities.

Stops Vary

The mobile library will make community stops every two weeks throughout the winter months. School stops will be made every three weeks. The first stops for both will be Sept. 22.

Unlike last year, there will be no evening stops, Miss Meyer said, because of cold weather.

The bookmobile is an extension of the Yakima Valley Regional Library service into all parts of Yakima and Yakima County, according to Miss Meyer.

Services To Patrons

Wherever library service is in demand, provided it is more than two miles distant from the main library or the 15 community libraries, the Yakima Valley Regional library bookmobile service comes to patrons with book and other library materials, Miss Meyer explained.

If five families agree to come to one central location, the library establishes a bookmobile stop. The mobility of these traveling libraries make it possible to change bookmobile stops as the population shifts, she continued.

Trial Stops Made

In addition, the bookmobile is used for trial stops to determine where library services are needed. As demand increases, the length of time at a stop can be increased. When the demand becomes so great that bookmobile service is not sufficient, then a branch library can be established.

The following schedule will be temporarily interrupted when the Yakima Valley Regional Library moves into its new headquarters building.
