Objectives: To collect outstanding funds as rapidly as conditions will permit.
To make new loans as conditions may justify.

1. Let us have delinquent loans put in good standing as rapidly as possible.
2. Let us establish a policy about loaning money during the students' first year in school.
3. Let us decide whether or not we shall favor students attending our own Junior College.
4. Let us consider carefully the maximum amount to be loaned any student.
5. Let us consider in how large payments the loan from the club shall be paid to the students.
6. Let us plan to have a committee meeting occasionally on the first Thursday in the month during the luncheon period.
