Mr. Olick Belander.

Yakima, Wash.,
Dear Sir:

Thanks so very much for your interest in our missionary Society. We do appreciate the articles on "The Yakimas" and read and discussed some of them at our regular monthly meeting last Wed.

Then our missionary study teacher took the book "The Yakimas" home to study and report on at our Feb. meeting. At which time someone will also report on the article of the old

105 year old lady. I hope she didn't die. Bless her old heart!

It might be of interest to you to know our missionary study teacher is half Indian. I don't recall the tribe but from middle states. They also have a little 2½ yr old adopted daughter who is half Sioux. So she (Mrs. Hardy) is very much interested in the Indian American.

I am enclosing ^{\$}1.00 currency for the book you so kindly sent. I'm sure we will all profit by studying the articles

and book.

I thank again for all your kindness and helpfulness.

May God bless and help you in your endeavor to help the Indian American.
Sincerely.

Mrs John Luthi.
Miss. Secy.
