Mrs. Donn Rothe,
Selah,
Washington.

March 5, 1955

Dear Mrs. Rothe:

I made a couple of telephone calls to your Selah number to let you know that my calendar is clear for March 16, in the event you still wish me as a speaker.

My date with the Tillicum Club of Wapato is March 15. I'm doing considerable research at the moment on the Treaty of 1855 and writing, at the request of the Yakima Nation, an historical account for publication. We have an editorial board conference, deadlines to meet etc. but I am well ahead of others participating in the writing project and this would not interfere.

Or, if you have made other arrangements, that is understandable and perhaps there will be another occasion.

I'm wondering if you know Miss Sally Clark of Selah, a recent grad (U.W.) She is on our promotion department at the Republic Publishing Company and in event a "guide" is needed to get to your meeting place and you wish me to speak, I suspect she'd be glad to aid. I'm presuming she knows where you live or you are incidentally acquainted.

Sincerely
