Yakima, Washington
MONDAY, OCTOBER 29, 1945

WEDNESDAY

This one will be in the hands of our Inter-City Committee with Jack Darnell calling the signals. The Sunnyside Rotary Club will be in charge of the program. They are planning to bring, as part of their delegation, all of the six charter members who are still members of the Sunnyside Club. Al Hillyer is in charge of the Sunnyside group. You will have to be present to find out just what they will be offering. It is pretty apt to be good.

LAST WEEK

Another excellent program. This chap, McAllister is a sure enough speaker. He knows what to say and just how to make it sound good. His remarks were very timely and he laid the future right in our laps where it belongs. If we don't do something about it nothing is apt to be done and we will find ourselves in somewhat of a jamb. It is a personal proposition and the solution apparently rests on what attitude you and I are willing to assume.

That was a mighty fine thing that our new member John Gaiser did in memory of Lowell Perry's birthday. The total in the envelope he handed over amounted to \$40.92.

Erval Newcomer introduced Kenneth Hawkins as our newest member. Kenneth is a Yakima boy. If you don't already know him, get acquainted.

Lieut. Commander J. N. Higley of the Pasco Naval Base spoke in behalf of Navy Day. He told of the part that civilians played in the battle for the South Pacific. Many of these were missionaries and natives whose help proved invaluable. It was quite an endorsement for the support of our Missionary enterprise.

Art Moore, our purveyor of apples, ran into a bit of stormy weather when he tried to name names.

WE MISSED

J. Bloxom, Cardiff, Coffin, Cooper, Fassett, Gibson, Lombard, Loudon, Malcolm, Shadbolt, McArthur, Northland, Reinertsen, Skinner, C Smith, Squire, Strausz, Hollingbery, Edwards, Holt, Kyte.

PROGRAM COMMITTEE

There will be a meeting of the program committee Monday night at the home of the secretary.

Shadbolt attended at Newton Mass 10/17
Hollingbery " " Eureka Cal 10/22

Shad sends a card indicating that he is settled for a time at Babson Institute, Babson Park, 57 Mass. He will be taking some special work there for a couple of months.

Aunt Chloe visited a furniture store to buy a bedstead. The clerk tried, of course, to please his prospective customer. "We have a fine line of twin beds--would you be interested?" "No," said Aunty. "Lawsee, honey, I've done had two twins twice and dat's all dat foolishness I wants."

T-Sergeant: "Is this stuff tea or coffee?"

Mess-Sarge: "What's it taste like?"

T.S. "Kerosene."

M.S. "That's tea, the coffee tastes like battery acid."

GET READY TO BUY YOUR SHARE OF VICTORY BONDS.

Rotarian: "If I start at a given point on a given figure and go all the way around it, what will I get?"

Rotary Ann: "Slapped, Sir."

PACIFIC NORTHWEST

EMBRACING THE NATIONAL PARK AREA

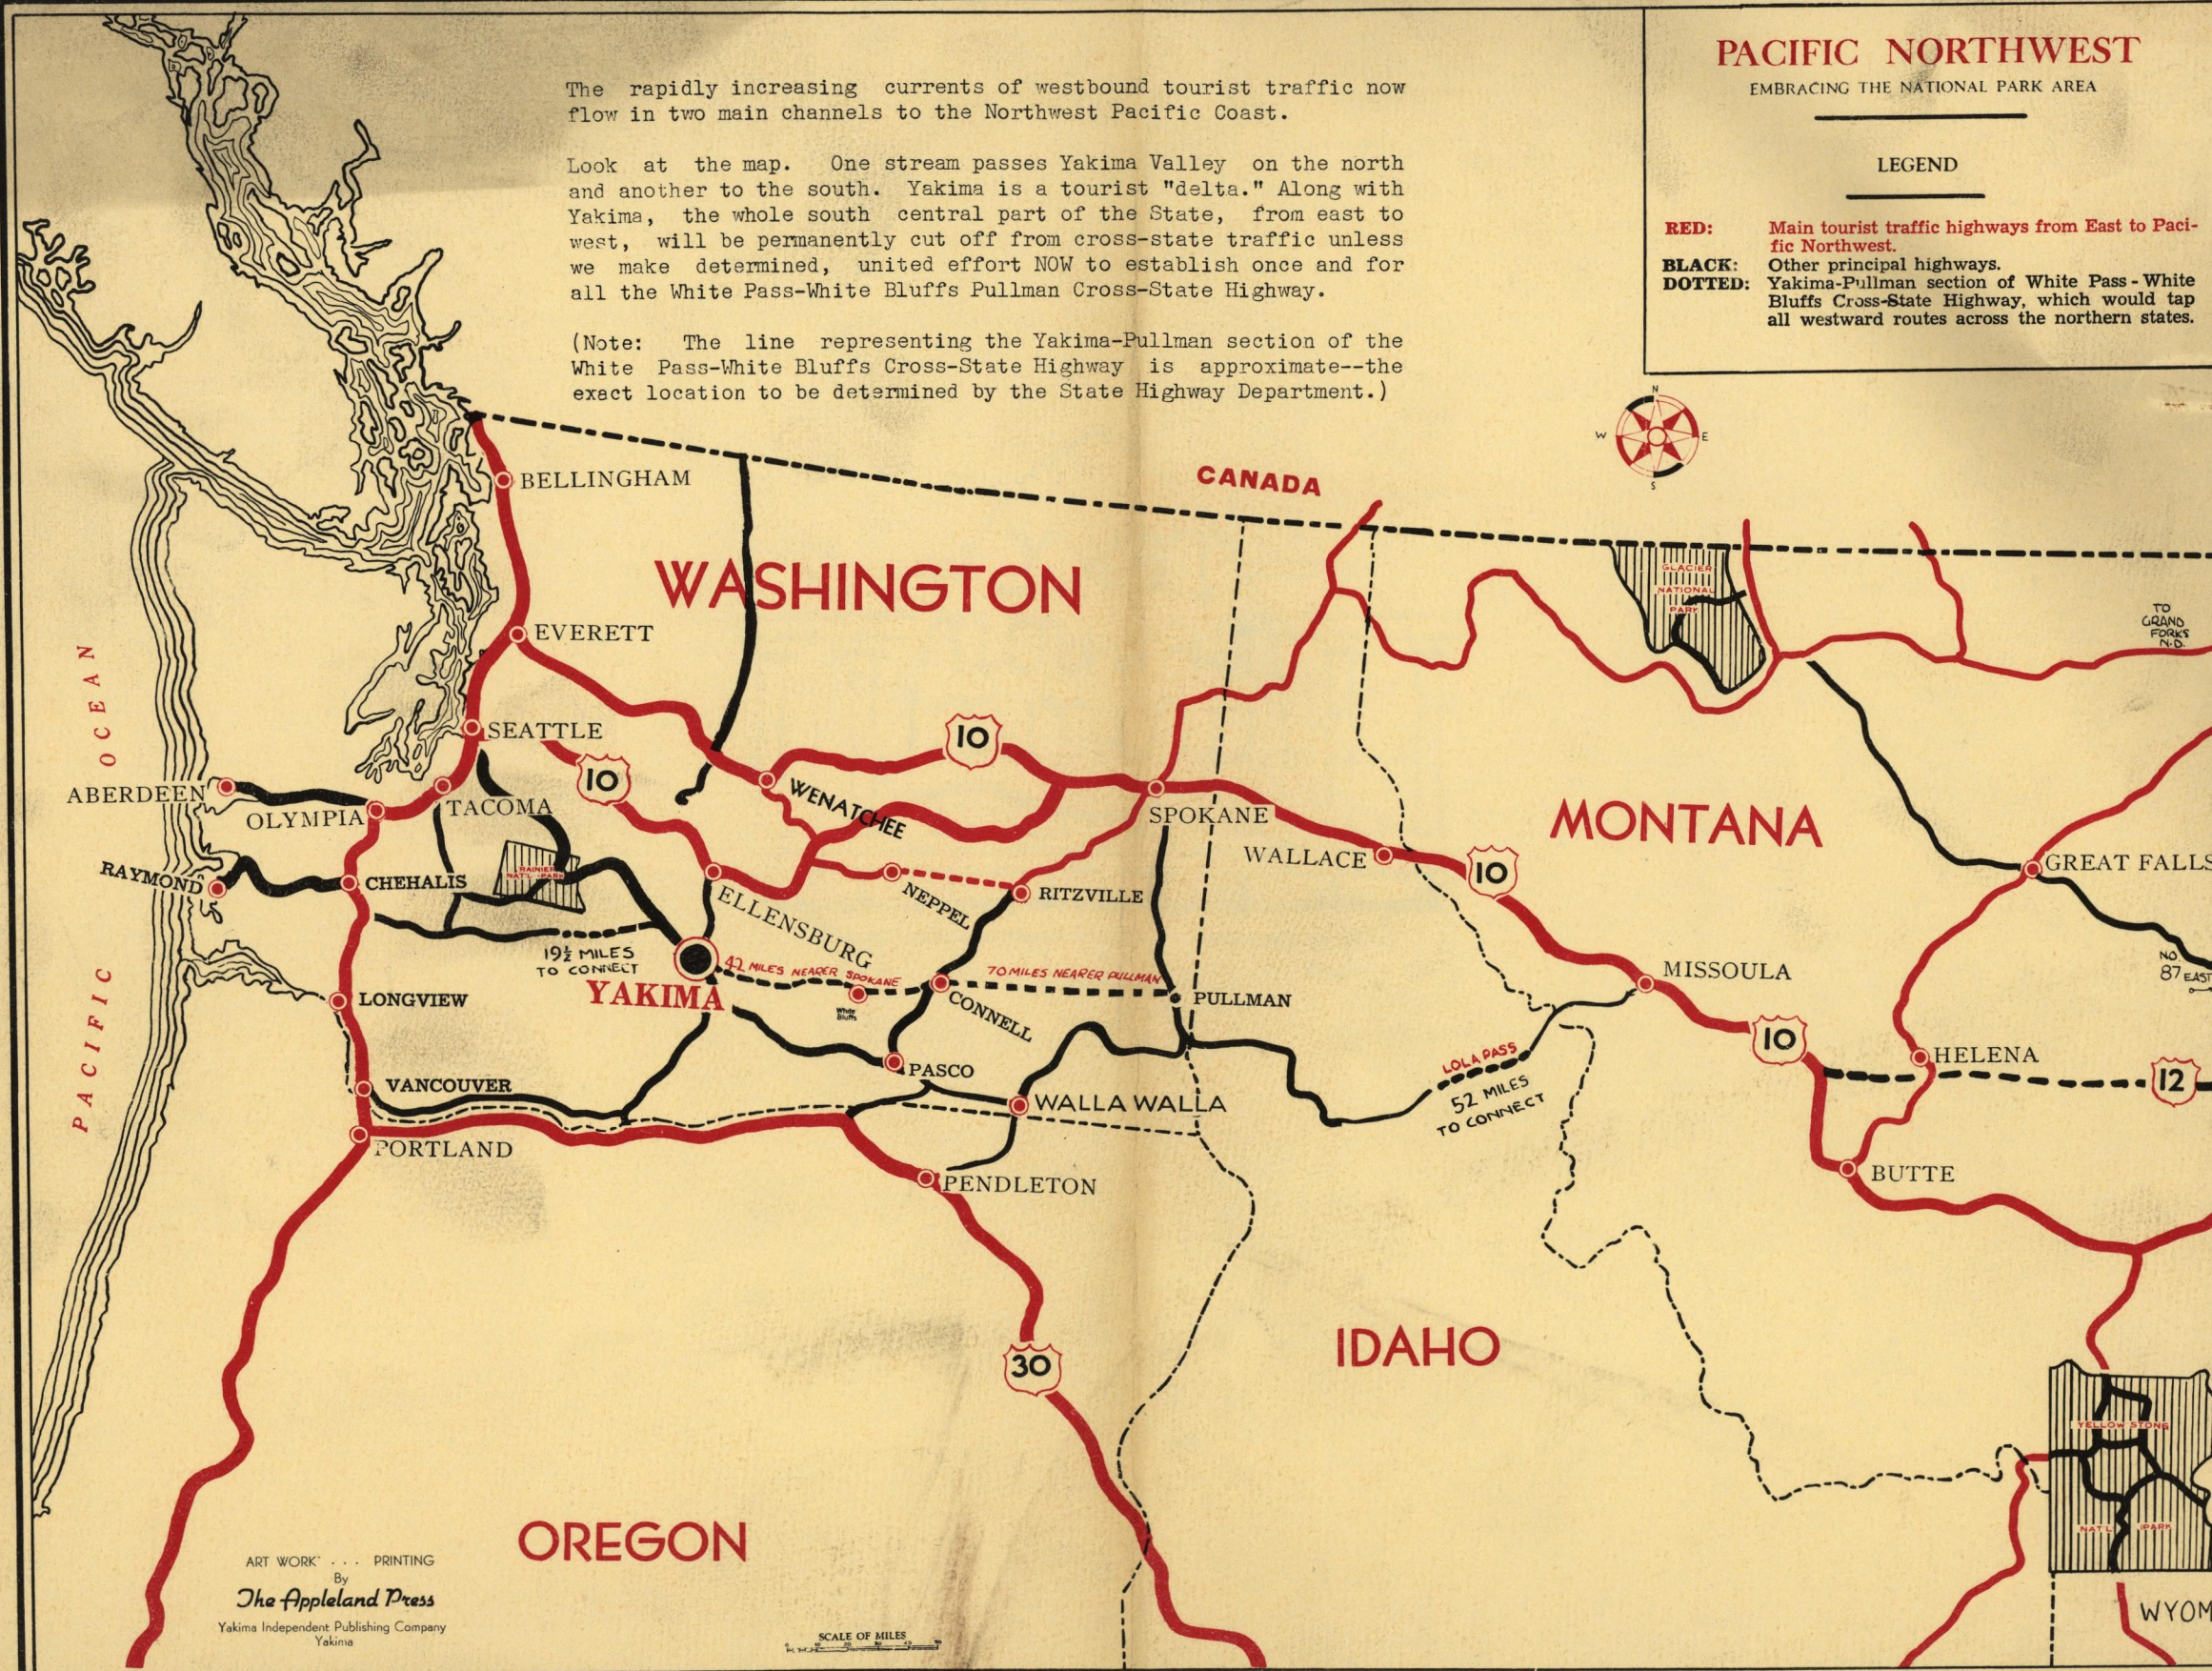

LEGEND

- RED:** Main tourist traffic highways from East to Pacific Northwest.
BLACK: Other principal highways.
DOTTED: Yakima-Pullman section of White Pass-White Bluffs Cross-State Highway, which would tap all westward routes across the northern states.

The rapidly increasing currents of westbound tourist traffic now flow in two main channels to the Northwest Pacific Coast.

Look at the map. One stream passes Yakima Valley on the north and another to the south. Yakima is a tourist "delta." Along with Yakima, the whole south central part of the State, from east to west, will be permanently cut off from cross-state traffic unless we make determined, united effort NOW to establish once and for all the White Pass-White Bluffs Pullman Cross-State Highway.

(Note: The line representing the Yakima-Pullman section of the White Pass-White Bluffs Cross-State Highway is approximate--the exact location to be determined by the State Highway Department.)

"Those who weep for their dead, though they know it not, sorrow more for themselves than for their departed ones. The dead are not unhappy; only the living. All must die sooner or later, and so the separation that occurs through death, whether of the old or the young, is something that must occur in one way or another in a time that is fearfully short. Naturally we sympathize with bereavement, mostly because all of us have suffered. Yet the duty of the living man or woman is to carry on, not as he would but as the God of the universe intended. Sometimes we make a great outcry against the circumstances of fate. What we should do is to be happy in what we have and in what we have had, fortifying ourselves in that way against the catastrophes which we know are inevitable, and doing our own life work as well as we can."—Editorial written by W. W. Robertson.

GRANDDAD TELLS BOB HOW TO BE A GENTLEMAN AND A GOOD SPORT

1. Love Mommy and Little Sister. Do things for them, particularly for Mommy. Blood is thicker than water. Stand up for your own people always.
2. Never tell tales. Don't tell on yourself either.
3. Don't talk until everybody else is through. Don't say anything then unless you are sure you know what you are talking about. Don't get excited when you talk. Take your time and speak carefully.
4. Never make a promise if you can help it. If you make one be sure you carry it out.
5. Never take anything that belongs to anybody else. Never tell an untruth. Never apologize for a mistake except to say you are sorry. Don't explain. Don't make the same mistake twice.
6. Don't crab when you lose. If you have done your best and were beaten by a better man tell him you are glad he won.
7. Don't play until your work is over. When you have nothing else to do read a book or commit a verse to memory.
8. Never be mean to a woman. Keep your affairs to yourself. If you can't say anything good about someone else don't say anything.
9. Never fly off the handle. Don't swear at a horse or kick a dog. Be kind to animals.
10. Don't use profane or vulgar language at all, but if you think you must be foul-mouthed, get that way when there are no women around.
11. Don't quarrel with anybody or pick a fight, but don't run away from anybody who insists on a scrap. If you must fight don't kick, gouge or bite. Go about it in a business-like way. Keep your mouth shut. Hit him in the nose or tummy. Hit him first if you can.
12. Don't brag. If you are really good people will find it out anyway. Always figure on doing a little better than you said you could.

Bob: If you do what Granddad says you
will be a better man than this is -
W. W. Robertson

STATE OF MIND

If you think you are beaten, you are;
If you think you dare not, you don't;
If you'd like to win, but think you can't,
It's almost a cinch you won't.

If you think you'll lose, you're lost,
For out in the world, we find
Success begins with a fellow's will—
It's all in the state of mind.

If you think you are outclassed, you are;
You've got to think high to rise;
You've got to be sure of yourself before
You ever can win a prize.

Life's battles don't always go
To the stronger or faster man,
But sooner or later the man who wins
Is the one who thinks he can.

UNITED
WAR CHEST**

Combined With

**NATIONAL
WAR FUND**

**Fund Raising Campaign
Begins Oct. 15, 1945**

Forthright ANSWERS to Forthright QUESTIONS:

READING TIME: 4 MINUTES!

Who Gets the \$114,000.00?

29 different organizations and agencies. Here they are:

LOCAL: Boy Scouts, Camp Fire Girls, Salvation Army, Visiting Nurses, Washington Children's Home, Yakima Day Nursery, Yakima Dental Clinic, Y. M. C. A., Y. W. C. A.

NATIONAL: USO, United Seamen's Service, War Prisoners Aid, Philippine War Relief, Belgian War Relief Society, United China Relief, American Relief for Czechoslovakia, American Relief for France, Greek War Relief Association, American Relief for Holland, American Relief for Italy, United Lithuanian Relief Fund, Friends of Luxembourg, American Relief for Norway, Polish War Relief, Russian War Relief, United Yugoslav Relief Fund, American Field Service, Refugee Relief Trustees, U. S. Committee for the Care of European Children.

What Will They Do With the Money?

Locally, the agencies will build character in our youth. The unselfish performance and unstinting sacrifices of our young people in the war have been conclusive evidence that basically our boys and girls have profited from the YMCAs, the YWCAs, Camp Fire Girls, Boy Scouts, and all the other agencies that represent the American way of doing things. The Salvation Army will continue to raise the fallen. The Day nursery will continue to free mothers for work. The Washington Children's Home will continue to care for orphans—and find good homes for them so that they become fit to carry their load as adults even as you and we. The agencies will do the things you would—if you had the time and facilities.

Can't They Get by With Less?

No. Nationally, the need is far GREATER than during the war because now we can get through to the war stricken lands to minister to their needs and help them help themselves. Locally, a committee composed of Mrs. Bert Broad, George Corbett, Walter Funk, E. J. Newcomer, F. W. Norgard, Walter Olofson, and

Don Sinclair, met eleven times. They scrutinized every item. Demanded proof of its necessity and effectiveness. OK'd only the most necessary expenses. The budget committee was far "tougher" than YOU would have been. Almost every budget was CUT after it was submitted.

This War Fund and USO, Are They Still Needed?

Yes! Definitely yes, even MORE now than during the war. Most of their services will be rendered in foreign lands. With our armies of occupation, where the boys are homesick, staying against their will, and with time hanging heavily on their hands. Ask any returned service man. Ask the man who was befriended by the USO, entertained, cheered and sent on his weary way with lighter heart. And think of the orphans of war devastated Europe—and China! Millions of war-robbed people will starve to death and freeze to death this winter despite our best efforts. We went all out for war. Let us not fail in the peace. Now comes the time of testing. Are we worthy of our victory?

Isn't There a Better Way to Raise the \$114,000.00?

Not to our knowledge. We welcome your suggestions, but the alternative to this drive is an individual drive for each agency or group of agencies. You would probably feel obligated to give substantially to each—and thus would find your contributions mounting—and getting out of control.

Suppose I Don't Like Some of the Agencies?

Then designate that your donation go only to the organizations you do approve. We will gladly handle your contribution this way.

This "Quota" Deal—Does Someone Tell Me What to Give?

Not at all! But many, many people frankly admit that they have no idea what would be

considered in keeping with the donations of others. Almost everyone wants to do his part. So, from the records and experience of our years of operation, we have set up figures which we hope will give people an idea of about what is proportionate. Please do not feel that we are attempting to tell you what to give. Your conscience is your best guide.

Why Should I Contribute More Than Last Year?

Because practically every agency is expanding its program . . . stepping up the amount of service to the community . . . meeting the new demands caused by reconversion to a peacetime world.

Do These Agencies Charge for Their Services?

War Fund agencies, No. Local agencies, Yes, partially. But to spread the benefits as widely as possible, the fees charged are but a fraction of the cost. If a person cannot pay, he is given service anyway. Our policy is that everyone should pay what he can. As the small fees do not add up to anywhere near enough to pay the cost of operating these agencies, WE must chip in and pay the difference.

Am I Paying Income Tax on My Donation?

No. Please refer to the table on the reverse side of this sheet.

Who Runs This Drive Anyway?

A group of volunteers each year handles our Community Fund campaign. These workers contribute their time and effort as well as their funds. If you are willing to help, please phone or mail your name to the Community Welfare Federation, Chamber of Commerce Building, Yakima, stating in what type of work you are interested.

Tax Allowances

ON CONTRIBUTIONS TO THE UNITED WAR CHEST DRIVE

Never has any government given such encouragement to the support of private philanthropy as does ours through generous income tax allowances for charitable contributions. The cost of contributions, both by individuals and corporations, is absorbed through tax allowances to the extent of from 18.4% to 88% in the case of individuals, and from 27% to 81% in the case of corporations. Hence it may be said that the government shares in the cost of each gift.

The majority of our men and women in the Armed Forces—including men and women from this county—are still overseas—even though hostilities have ceased. And, even more than in previous years, they need the encouragement and help of the National War Fund agencies set up for the fighting forces. It's YOUR help they still need—your own helping hand reaching across the seas.

With the liberation of the Philippines and China and easier access to these, as well as the vast liberated areas in Europe, National War Fund relief agencies can give more effective aid now than last year or the year before. The need for funds is greater rather than less!

More than two-thirds of the National War Fund this year is allocated to the Armed Forces and Pacific areas—and that's where the need is greatest. Give your full support until we have made it total victory!

YOUR GIFT AT WORK

"A million acts of kindness" for those going to war and for those who have returned—through 2,700 USO clubs and units ☆ 2,500 entertainers bringing "a laugh and a lift" to our fighting men in combat zones, in hospitals, in camps and stations at home ☆

Hospitality and recreation for 170,000 American merchant seamen through United Seamen's Service—"the USO of the merchant marine" ☆ Recreational and educational materials for prisoners of war ☆ Emergency clothing relief for our destitute Filipino brothers ☆ Artificial limbs and other medical supplies, clothing and food for our Russian Allies ☆ Blankets for Hollanders, robbed by fleeing Nazis ☆

Blood plasma, vitamins and baby foods for French war victims ☆ Daily milk rations for thousands of undernourished Norwegian children ☆ Mercy Fleet shipments for sick and starving Greeks ☆ Help for 40,000 Czechoslovak refugees ☆ Blood bank, hospitals, nurse training, orphanages and schools for the long-suffering Chinese ☆ Nursery homes and care for tubercular and orphaned Belgians ☆

Medical aid for Polish refugees scattered around the world ☆ Volunteer ambulance drivers serving with Allies

Missions of mercy to some 70 million people in 125 countries and major geographical areas

This is your war . . . everybody's war.

We're all in it until it's over—whatever the time, whatever the cost.

And your war won't be over when the white flags go up—no, not until the Service Flags come down on your street. Until then we have but one thought, one aim—to see it through.

That is the job of the National War Fund member agencies—to "see it through" for our own at home and overseas, and for our Allies.

Again this year you and nearly every other American will give—through your own community campaign—for this united war effort.

Give generously and promptly . . . not just because this is a war job that has to be done—on schedule and in full . . . but because this is your way of showing the men and women of our fighting forces, and the destitute and devastated people of our Allies, that you, as an individual, back them up!

Whole-hearted support of this federated appeal is one of the major war activities of every American citizen . . . a contribution to total war for total victory—your part in your war.
