Dear Evans:

Ginny asked me to drop you a note and tell you that she had briefed the State Employees Association convention committee on the dance proposal. They, she said, seemed receptive.

The committee will meet Feb. 20 to firm up the convention plans and she will let you know, immediately, as soon as there is a firm determination. Or, we may drive down to the celebration at Toppenish, and if you happen to be there, will see you.

A woman contacted me the other day, a Mrs. Rothe, and I referred her to you for "direct dealing" on entertainment. I suggested she go by the White Swan Community center on a Tuesday or Thursday night, or she could look you up at the Toppenish celebration. I assured her that if you made an agreement to provide entertainment, you would keep that agreement. As far as I know she is a responsible person, but I don't know her background as to what she wants. I know she is not connected with the tourist group.

Sincerely
