Deering' Ideals

Stand for Perfection in hay making machinery.

New Deering Ideal Rakes

are built for strength and service. Hay is worth money to you. The Ideal Rake will get it all. Heavy trussed frame that will not break. Steel wheels, heavily spoked, that will absolutely stand up over the roughest ground. A dumping device that does not get out of order and always works. Thoroughly tested in many Yakima fields, it has given perfect satisfaction.

The Deering Ideal Mower

needs no better recommendation than is given every day by hundreds of Yakima's best farmers. If you want the best machine made you want the DEERING IDEAL. Remember, you can always get repairs for the Deering. No waiting. That fact is worth money to you. Let us show you the Deering Ideals. It will save you time and trouble to use a Deering.

GEOLOGISTS ON TIETAN RIVER

Party of Government Officials and Helpers to Study in Mountains This Summer.

S. E. Blount, a geologist of the government, left here Monday afternoon with a party to make a study of the northeast corner of the Rainier forest reserve. There were 13 in the party, made up of the following persons, besides Mr. Blount: E. L. McDonald of Leland Stanford University, Cal., L. Wernecke, K. Hubert, F. Waller and K. Richardson of the University of Washington; Carl E. Perry and Al. McInnes of Wenatchee. Frank M. Dice, the former forest ranger, accompanied the party as a guide. J. A. Thornton and F. A. Thornton and J. B. Chamberlain of this county and Berrie Cleman of Ellensburg are the helpers.

The party goes first to the vicinity of Nile and will pitch camp and make a survey of the surrounding country till the snow is off the hills sufficiently to permit going farther back. The party will spend the summer in the Tietan valley and basin. This work follows that made by the topographers of the government last summer. All the elevations have been established. Sledge Tatum, topographer of the geological survey, was here and started the party out. W. V. Herdy of the same department was also here on the same business.

How to Send a Fire Alarm.

C. M. Hauser, chief of the fire department, is desirous of calling attention to the best method of sending in a fire alarm. He says it is the practice of many people in calling up the department by phone in case of fire to say, "There is a fire at our house, come at once," and then drop the phone. In cases of this kind it takes the fireman some time to discover just where the fire is and a house might burn down before it could be located. The chief suggested that in giving an alarm by phone give the location as near as possible. As an illustration, say that the fire is "between A and B streets on Fourth street," or "is near corner of Second and D." This will give the firemen an idea of which direction to go in leaving the city hall. Otherwise, they might go any direction and could only locate the fire by the smoke. The chief says it would be a good thing if everybody would get a card containing a list of the fire alarm boxes and put it up in some convenient place. No one has need of a fire alarm box unless there is a fire and then when it does occur very few people know where to look for them. If these instructions are carried out, says the chief, there should be no trouble in sending the alarm in to headquarters.

TO ENTERTAIN THE PRESIDENT

Committees Met, Organized and Outlined Plan for May 25.

When President Roosevelt comes to North Yakima there will be the biggest time in the history of the city. Preparations are now under way to entertain the distinguished guest on the 25th of this month and also to make arrangements to take care of the big crowd expected here on the occasion. The details of the program have not all been arranged yet but by next Tuesday night committees will report and the line of procedure definitely settled on.

On Tuesday night a meeting of the various committees representing societies of the city met in the Commercial club rooms and perfected an organization. The committees present represented the following bodies: Commercial club, city council, Yakima County Horticultural union, state militia, G. A. R. and Relief Corps. O. A. Fechter, representing the Commercial club, was made permanent chairman.

The general plans of a program were discussed and it was decided to ask the city council to appropriate enough money to pay for the band and for the necessary carriages for the presidential party. Councilman Liggett was present and said insofar as he concerned he would favor the proposition. The following committee was then appointed to wait on the city council and also the county commissioners to ask for a donation: J. C. Liggett, Walter J. Reed and J. D. Cornett. Other means of raising funds will also be looked after.

An executive committee, composed of one member from each of the bodies represented, which were seven, and three additional, representing the citizens at large, was decided on as the best means for facilitating business and looking after the details. At the suggestion of those present Chairman Fechter appointed the following committee: W. J. Reed of the G. A. R., Mrs. Kussmaul of the Relief Corps, W. L. Wright of the horticultural society, Capt. C. T. Dulin of Company C, George Donald of the Commercial club, E. J. Wyman of the city council, Mrs. Edward Whitson of the Red Cross society and Miles Cannon, J. D. Medill and W. W. Robertson. Congressman W. L. Jones and Mayor A. J. Shaw are ex-officio members of the committee, but they were not present.

The question of making an effort to have the time of the president's stay here extended from 30 minutes to at least one hour was brought up by Mr. Reed. He thought that if a delegation would go to Tacoma or Seattle when the president arrives there and lay before him the situation a change in the time of leaving Seattle may be made.

The presidential train leaves Seattle at about 4 a. m. and will arrive here at 10:30 a. m. By leaving Seattle at 3 a. m. an hour's additional time would be secured for this place. For looking after this matter the following committee was appointed: O. A. Fechter, Rev. H. M. Bartlett, George Donald and Capt. Dulin.

When the general committee adjourned a meeting of the executive committee was then held. Mr. Cannon was elected permanent chairman; Mr. Robertson, secretary; and Mr. Donald, treasurer. After some discussion over the proper plan of procedure the following special committees were named: Capt. Dulin on police regulation, Mr. Wyman on carriages and music, Mr. Medill on advertising and decoration and Mr. Reed on speakers' stand.

It is the plan to have the militia work in conjunction with the city officials in looking after the peace of the city. Mr. Medill was directed to have 1000 bills printed at once and sent to all parts of the county to advertise the event. He was also asked to look after the matter of decorating the stores along the line of march, which will be down Yakima avenue.

Mr. Wyman was directed to correspond with the bands of Prosser and Sunnyside and invite them to come here on the occasion, with the understanding that expenses are to be defrayed. He is also to ascertain the number of carriages necessary and make a report at the next meeting.

Mr. Reed will ascertain the cost of a speaker's stand and select a location. It had been suggested that the band stand be used for this purpose, but this was objected to on account of it being too high from the ground and also on account of the foliage of the trees surrounding it being too heavy. The stand will be selected at some good point where the crowd can get around it and have an unobstructed view.

All these committees are to make a report at the meeting to be held next Tuesday evening in Commercial club rooms.

PROPOSALS FOR CANAL BIDS

Agent Lynch Has Been Notified to Informally Advise.

Congressman Jones has received the following from his secretary in regard to the construction of the ditch on the Yakima Indian reservation:

"Your favor of the 23rd instant received this morning and I have just returned from the Indian office where I went immediately to look up the status of the irrigation ditch on the Yakima Indian reservation. I find that Superintendent Lynch was written to by the department on the 25th instant and authorized to invite informal proposals for the construction of the canal under the plan proposed by Mr. Lynch and Engineer Redman, as modified by Inspector Code. The contractors, as you probably know, are required to employ Indians in the construction of the canal wherever practicable. All the work under this authority is to be done under the general supervision and direction of Inspector Code. Mr. Lynch had not been informed of this authority before for the reason that it was necessary for the department to prepare a number of copies of the specifications and blue prints of the plans and considerable delay was experienced in preparing these plans owing to the pressure of other work in the draughting division. Copies of these specifications and plans will be sent together with instructions as soon as they can be prepared."

Library Entertainment.

One of the best musical events the people of North Yakima have ever had the pleasure of listening to was given by the Philharmonic Quartette of Chicago at the Wisconsin hall on Monday evening. Each member of the quartette was an artist and the elocutionist was as good, if not better, than any other in her line ever visiting the city. The selections rendered were of a class to please every listener and were encored two or three times, showing their appreciative reception. It shows of that character were more frequent not only would they be better patronized but the people's money's worth would be realized.

The library has been moved from the Reed building near the post office to the second floor of the Clogg building, the old quarters having been rented to the Yakima Water, Light & Power Co. for a term of five years. A choice selection of about 100 new books have been received by the association and will be placed on the shelves in the new location as soon as arrangements can be made. The plan of raising a fund for a library site is meeting with considerable encouragement and the fund is increasing daily. When the site is procured some scheme will be adopted toward procuring a building. Andrew Carnegie, who is endowing libraries in all parts of the country, will be asked to lend his aid.

Frank Sinclair, the iceman, is ready to make contracts for ice for the summer season. Mr. Sinclair has the ice taken from the Water, Light & Power Co.'s pond for family use. The ice from the city water supply, he says, is as pure as any that can be obtained in the valley. He will deliver ice to all parts of the city in any quantity desired. my 8-Jy1

HIGH PRICES AT ST. LOUIS

Visitors at Dedication Exercises Plucked by Everybody.

Edward Whitson of this city who attended the exercises dedicating the world's fair at St. Louis, writes that visitors were robbed by everybody at St. Louis who got a chance at them. We are permitted to take the following extracts from Mr. Whitson's letter:

"The promoters of the fair have made a great effort to advertise it, and they are no doubt going to succeed. We have one measly room at this hotel at \$10 per day. We had hard work to get that. The hack driver jobbed us out of \$4 for bringing us up from the station. A kind of don't give a d—n feeling seems to be general. The barkeeper, if you happen to order lemonade, will look at you as much as to say—, and the hotel clerk is little short of insulting to \$10 a day guests. I think that the people here now will leave with the feeling that they have seen quite enough of the impudence of these people and of the exposition also. Evidently St. Louis people are going to work it for all there is in it. You may suppose that we are being worked more than our compatriots, but our store clothes seem to be as well fitting as the rest, and I don't believe they can tell us from real gentlemen."

"We go tomorrow to hear the president speak about the beauties of all this humbug. You know we had an invitation through the courtesy of Congressman Cushman. After coming 2300 miles to accept it we find that it gives us no special privilege except to enter the gate with the common herd, into the big pasture where the thing is to be pulled off, without paying the 25 cents per head which the herd pays. Such is greatness!"

Fined for Disorderly Conduct.

George Cratty had a hearing before Police Justice Taggard Monday afternoon on the charge of disorderly conduct and was fined \$50 and costs. The testimony was to the effect that he was employed as a macque by a party in the red light district and then once while drunk sought to "take the ranch." He had been arrested on the Friday before and put \$50 as bail, and when the judge passed sentence on him he prepared to take his leave. But the judge had an old claim against the prisoner, who had been arrested last February on the same offense and fined \$50, and upon promising to leave the city he was let out of jail, but as he did not go the first fine was held against him and he went to jail to pay the second fine.

Hay Famine at Prosser.

Prosser like many hay growing sections sold short on her hay early in the season and as a result has to ship in or do without, principally the latter, as there is no hay to be had, at any reasonable price, in the Yakima valley. Locally, little blame can be attached to any one for the shortage, for the demand created by the opening up of the vast amount of new country tributary to Prosser, is much greater than was anticipated by the most sanguine. The price of alfalfa has steadily advanced from \$7.50 to the unprecedented price of \$20 per ton.—Prosser Record.

MAYOR'S VETO SUSTAINED

Four Out of Seven Councilmen Against Raising Theatre License.

At the regular meeting of the city council last Monday night Mayor Shaw's veto of the ordinance to increase the theatre license from \$100 to \$250 and the bill posting license from \$10 to \$150 was sustained by a majority of the members. The mayor's communication was read and then a vote was taken without discussion whether the ordinance should be passed. The roll call showed all the members present and voting as follows: For—A. L. Aikin, T. R. Fisher and E. O. Keck; against—J. C. Liggett, Harry Moran, E. J. Wyman and A. F. Switzer. Bother vetoes were sustained by the same vote.

Councilman A. L. Aikin, who will leave here this week to make his home at Ashland, Ore., handed in his resignation at the close of the meeting. His resignation was accepted and R. N. Harrison was elected to fill his place. Mr. Aikin was appointed a year ago this spring to fill a vacancy and at the end of the term last year was re-elected from the First ward.

A number of ladies owning property and living on Wenas avenue were present with a petition asking the council to give them relief in the matter of water. By grading that street this spring the ditches were destroyed and as there is no water main on the thoroughfare the parties living on the north end have no water either for irrigation or domestic use. The street and ditch committee was given instruction to grant the relief at once.

A saloon license was granted to Tennant & Miles of the Bartholomew hotel.

A sewer district was created in the alley between Third and Fourth streets extending from Yakima avenue to Maple street. A sewer will be laid in this alley at the expense of the property owners.

Police Justice J. A. Taggard submitted his report which showed fines collected as follows: Gambling, \$500; prostitution, \$310; slot machines, \$30; miscellaneous, \$75; total, \$915.

Sexton Carvoso reported 10 burials and \$35 collected.

A resolution was passed declaring the city's intention to lay a sewer on Seventh street from B to Spruce streets.

The street and ditch committee made a favorable report on the cement sidewalks on the east side of Second street from B to E streets and directed the clerk to draw warrants for \$1656 in favor of the contractor, W. F. Powell.

Tom Lund's addition in the southwestern part of the city was approved. S. J. Lowe's addition came up again for consideration, but action was withheld till the city engineer made a report on some work that had been ordered done by the council.

The contract for a sidewalk on the east side of south Second street was awarded to J. F. Kauffman at 44 cents per lineal foot.

The contract for grading south Sixth street was let to Pettijohn & Daniels at 78½ cents per lineal foot. The other bidders for the work were Amiller & Lull, at \$1.10 per lineal foot; William McKivior, 84 cents; Dingle & Dimmick, \$1.05.

The city clerk was directed to draw warrants for \$1805.25 as interest on the sewer bond and \$902.25 as interest on the bonded indebtedness of the city.

Councilman A. L. Aikin, who has been acting as poll tax collector for the street commissioner, reported that he had collected \$238. The work of making these collections will be in the hands of the street commissioner, to whom everybody is expected to pay such taxes.

but this year the council will make an effort to collect from every voter of the city.

The city marshal was instructed to commence at once to collect the dog tax and every dog hereafter found running at large without a license tag will be captured by the marshal and shot within a specified time.

C. G. Wands was employed permanently for the next sixty days to work for the city at a salary of \$125 per month.

Health Officer Burns was present and reported that the pest house should be removed at once from its present location. He said it is a menace to the city and if it is permitted to remain where it is there will be cases of smallpox here all summer. The board of health was instructed to notify the county commissioners to have the pest house removed.

There was a lengthy discussion over the matter of maintaining ditches in this city. Councilman Aikin said it is about time the ditches are done away with; the time is coming when this will have to be done and it might as well be done now as any other time. Councilman Switzer said that such an idea should not prevail; that the ditches are as essential to this city as the people that make up its inhabitants; that by doing away with the ditches the shade trees will die and grass along the streets dry up. He maintained that as long as the city stood here the ditches must be kept up no difference at what expense. Councilman Wyman thought that it would be a good plan to have the ditches left on the streets hereafter when they are graded.

Go to High School tonight.

The sophomore class of the Yakima high school will give a laughable farce tonight in the assembly hall. The title of the play is "The Corner Stone," one of the most pleasing comedies ever conceived for such occasions. There will be specialties between acts given by the best talent of the school. Everybody should go to see this show. The admission is only 25 cents. The funds are for the benefit of the school library.

RESIDENCE PARTLY BURNED

Fred Cleveland Drops a Lamp in Parlor of His Home With Bad Results.

The residence of Fred Cleveland on north Sixth, between A and B streets, was partly destroyed by fire about 10 o'clock Sunday night, together with the greater part of his furniture.

The fire was caused by a lighted lamp falling to the floor and igniting the furniture. Mr. Cleveland was leaving the parlor to retire for the night and had picked up a large parlor lamp to take to his room. In crossing the floor his foot caught in a rug. He stumbled and the lamp slipped out of his hand. It burst and the oil spread out over the carpet and furniture. The oil caught fire immediately and spread to a window curtain. Mr. Cleveland got a bucket of water and threw on the flames, but this did no good. The flames were getting beyond his control and he ran out and gave the alarm. The fire company responded promptly.

All the finishing in the front room, in the hall way and adjoining rooms was burned off, and before the blaze could be got under control the house was damaged to \$700. The furniture was practically ruined by the water and flames. The loss will amount to about \$1200. The house was insured for \$1500 and the furniture was also insured.

THROWN OUT OF BUGGY

Mrs. Sue M. Brown and Mrs. William Lemon Badly injured.

Mrs. William L. Lemon, Mrs. Frank Lemon and Mrs. Sue M. Brown had an accident while out driving last Friday night, in which Mrs. Brown was seriously injured and the former lady was badly cut about the face. The accident occurred near the residence of D. E. Lesh on Nob Hill. The ladies had been calling on Mrs. Lesh and just after starting from the gate to drive home the loop that holds the hold back strap on the shaft broke. This caused the buggy, in which the three ladies were riding, to push forward on the horse. Being a spirited animal he began to kick when the buggy struck his hind legs. He then began to run and instead of making the turn in the road at the foot of the short slope from the Lesh residence he ran into a wire fence around some vacant lots.

The horse jumped over the fence and pulled the buggy after him and then began to kick worse than ever. Mrs. Brown had raised up in the buggy to get out when the horse kicked her twice in the stomach, causing her to faint away and fall out to the ground. Mrs. Frank Lemon got out without being hurt, but Mrs. William Lemon remained in, attempting to check the now frightened animal. He ran to the opposite side of the field and stopped near the wire fence. Mrs. Lemon then got out, and walked to the horse's head. She grasped the bridle near the bit when the horse reared up on his hind feet.

She thinks that one of the front knees of the horse hit her on the chin when he reared up. This threw her onto the wire fence. The horse then backed away. A barb struck her on the right cheek and cut a severe gash and another barb penetrated the lower lip passing through it. The wounds bled freely. Several who saw the accident rushed to the assistance of the victims. Mrs. Brown was carried on a stretcher to the Lesh residence where she remained over night for medical attention. She is slowly recovering, but it cannot yet be told how her injuries may result. Mrs. Lemon was also taken back to Mr. Lesh's residence and a physician summoned. She is improving slowly and it is not thought that the injuries on her face will leave scars.

THE FIRST RUN OF LOGS

Cascade Lumber Company Bringing the First Timber Down the Yakima for Mill.

The first run of logs to be made by the Cascade Lumber company down the Yakima river has been commenced and it will be but a few days till the advance guard of the timber reaches the point of diversion into the big pond near the mill. The Yakima river commenced to raise more than two weeks ago, and the lumber company took advantage of this and started the logs down from a point near Easton. These have traveled slowly down stream till they reached a point 20 miles north of here where they are held in a jam. An additional rise in the river is awaited to bring them down the rest of the distance.

There are several million feet of timber already cut ready for the run and as soon as the rise reaches a point that will make the logs clear all the obstacles in the river they will be sent down. The men in charge of the run say that it will be no trouble to catch the logs when they reach this place. A large boom has been placed across the Yakima river at a point where the Naches river joins it. The boom runs at such an angle with the river that there seems to be little danger of it being destroyed by high water.

Everything at the mill is ready for work. The machinery has been tested and found to be in good condition. The boilers were tested by the state inspector last week and all but one of them found to be satisfactory. This was dented by a fall from a car when it was shipped from Boston to this place. This defect will be remedied and the plant will be in fine shape for business.

The foundation for the big box factory has been laid and the work on the superstructure will be commenced as soon as the lumber is prepared. The large yards for the lumber are being put in shape for storing the sawed material. It is expected to begin work as soon as a sufficient number of logs are put in the pond.

Teachers' Examination.

The regular quarterly teachers' examination will be held at the court house at North Yakima on Thursday, Friday and Saturday, May 14, 15 and 16. Sessions will open at 9 a. m. sharp. Writing material will be furnished free. All applicants will be charged a fee of \$1.

NO CAUSE FOR ALARM.

Because fewer people are coming into the Yakima valley this year than usual, and in consequence but little real estate is changing hands, some people profess to be alarmed, and to think that the town and country are about to go to the demerition bowwows.

It is absurd to harbor such fears. For a dozen years, in good times and in bad, Yakima has been a good town, and the Yakima valley has been a little more prosperous than any other part of the Northwest. This order of things will not suddenly change. The Yakima valley is a productive country. Its people are busy. They always have something to sell, and the markets to which they sell are now, as they have been since the farming industry was started here, better than any other agricultural district on the coast enjoys. They will continue to be so, for there are no signs that the population our farms supply will ever be able to produce as much as it consumes, or that our products will be displaced by those of competitors.

Never before has the Yakima valley produced as much as it will produce this year; never have the markets for Yakima products been better.

The reasons for the falling off of immigration are plain. One of them is that the movement of people to the west is not so strong as last year. Another is that practically all of the new land, on which new settlers were going in 1901 and 1902, has been exhausted. Except that under the Sunnyside ditch little if any new land remains. Newcomers, therefore, can get hold of very little land here now that has not been improved to some extent and is worth more money than most homesteaders can pay.

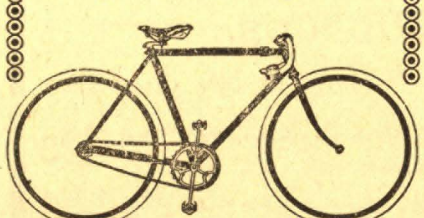

Unless new industries are established, or more canals dug and more land reclaimed, the growth of population here will always be comparatively slow. It will be steady, and the people with capital enough to buy improved lands will stop with us, but homesteaders will not come by the trainload. We can't take care of them if they do come, and as things now are we don't want them to come in multitudes. The growth of population and the development of the country until more land is thrown open must be made by subdividing the larger holdings of land and by doing better farming. This is as certain as that two and two make four. No citizen of Yakima, with the facts before him all the year 'round, has any excuse for investing or speculating on any other theory in Yakima property.

No fears about Yakima going backward need be entertained. The foundation on which our communities are built—the industry of agriculture—is sound and substantial. Other industries, for which there is ample room, are being built up slowly but surely, and several irrigation enterprises which will enlarge the area of tillable land are under consideration and will without doubt be put through in the course of a little time.

ACCORDING to the Oregonian, "the gang" which controlled the legislature last winter will endeavor to control the party, and to dictate the nominations of the next convention. The Oregonian says there are indications that an attempt will be made to turn down Jones, Cushman and Humphrey, as well as McBride. Other indications are that "the gang" will have an unusually large contract on its hands if it tries take care of itself, and makes no attempt to name candidates.

THE editor of the Democrat comments on the conversion of the Ellensburg Localizer into a republican sheet, and remarks that the Yakima Democrat is now the only democratic journal in Central Washington. It is just like Bro. Medill to stand upon the burning deck, whence all but him had fled, and to glory in ob-

stinate refusal to seek safety as other people would do without debate. But we think that in this matter, as in most others, he is off his gentle whirl. What is to be said of that staid and ancient journal, the Herald? Is that not a democratic paper? We think it is; at any rate, it bore the brunt of the democratic campaign last year, and we are reliably informed, got the long end of the campaign fund. And how about the Prosser Record, the Sunnyside Sun and the Kennewick Courier? Are they to be boosted out of the democratic camp merely because in times of peace they don't declare the faith that is in them as freely as does the undaunted, the untrifled Medill? Surely not. They keep up a constant if somewhat subdued, agitation all the year 'round, and support the democratic ticket when the campaign comes, and they are entitled to membership. They are just as good democrats as anybody. They may not be as good as Medill; but in these times so variegated is the faith that no democrat can be as good as any other democrat. Unbiased outsiders, who as a rule don't care about the distinctions between democrats and think that they are all alike n. g. politically speaking, will not agree to Medill's contention that he has the only democratic paper in Central Washington. The Republicans of Yakima county are contributing most of the support received by a bunch of five democratic papers.

Now that the question about the theatre license has been settled it may not be out of place to remark that the members of the council who voted for the ordinance to increase the license probably did so because they believed the theatre ought to pay a higher tax. This is a pretty good council, and the members are entitled to the opinions they choose to have on matters that come before them. They may make mistakes occasionally, but nearly all the rest of us are liable to do the same thing.

A. L. AIKIN, who resigned from the city council last Monday, and who is going to make his home in Oregon, has been a useful citizen since he came to Yakima, and consequently he is highly regarded by those who know him. The REPUBLIC regrets his departure, and it wishes him success in his new home.

THE Prosser Record says the people of the lower valley need a bridge pretty badly. The Record thinks it ought to be built near the present ferry site, about 8 miles from Kiona. The river is 250 feet wide there.

BOYD, the republican candidate for mayor, was elected at Spokane last Tuesday by a small plurality. Boyd had the opposition of the Spokesman-Review.

PRESIDENT ROOSEVELT will arrive at North Yakima at 10:30 on the morning of Monday, May 25, and will leave 30 minutes later.

THE REPUBLIC has received a sackful of 1901 year books of the agricultural department for free distribution.

New Appointment to Annapolis. Congressman Jones was notified last week that John I. Hess of Goldendale whom he had appointed as a midshipman to the Annapolis naval academy, had refused to accept. He has instead appointed Fred A. Smith of Goldendale to the place. Mr. Hess refused to accept on account of his mother's importunities to remain at home. Mr. Smith has accepted the appointment.

Zelia Longevin. Mrs. Zelia Longevin died at her late home in Artesia Tuesday, May 5, 1903, of Bright's disease, aged 67 years. She was the mother of Fred and I. Mailoux, merchants of this city. The funeral services were conducted Thursday and interment took place in the Catholic cemetery in the Moxee country.

CAN'T BE SEPARATED

Some North Yakima People Have Learned How to Get Rid of Both.

Backache and Kidney ache are twin brothers. You can't separate them. And you can't get rid of the backache until you cure the kidney ache. If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Mrs. John Meerdink, John Meerdink drayman, residence 812 North 4th st. says: "I can cheerfully testify to the honesty and worth of Doan's Kidney Pills and have already done so to a number of my friends and acquaintances. There is no humbug about them. I suffered from kidney complaint for years, indicated by aching and distress through the loins and frequent attacks of headaches, dizziness and an annoying condition of the kidney secretions. At times I was worse than others especially if I caught cold when I suffered severely from backache. I have been laid up on more than one occasion for weeks at a time on account of it and could not get out of bed without assistance. I was suffering acutely some three months ago when I read about Doan's Kidney Pills and had my husband call at Fred L. Janek's drug store, on Yakima Ave. for a box, yet the result was decidedly beneficial and the improvement marked from the first. I followed up the treatment until I used five boxes when I felt like a different person altogether. I have used lots of remedies but never in one that came up to Doan's Kidney Pills. I cheerfully recommend them, and you are at liberty to refer any one to me. I will only be too pleased to give them more particulars about my case."

For sale by Fred L. Janek. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no substitute.

Why spend \$50 in time and money hunting property, when R. D. Sanford of the "Buyers Home" can locate you at owner's lowest price, in a day, and often put you on to a "snap" a stranger would not find. apr24-tf

Things That Do Happen

W. N. Granger of Sunnyside was in the city Wednesday.

Phil L. Serwe of Seattle spent a day this week with P. A. Ditter and family.

Miss Margaret White is now employed as one of the force in Ditter Bros. store.

H. K. Owens, formerly of this place, but now of Seattle, was a business caller here Wednesday.

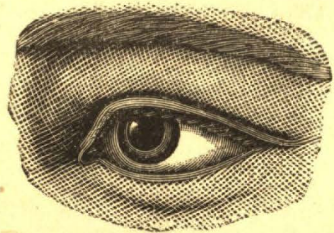

Stone is being cut for the extension of the second story of the Sloan building back to the alley.

W. P. Guthrie had legal business which took him to the Sound Wednesday.

Miss Marie Druse returned home this week from the Boston conservatory of music where she has been for about two years.

N. S. Johnson of the hotel Yakima spent several days at Seattle this week. Mr. Johnson says Seattle is right smart of a little village, but that it's too far from Yakima to ever amount to much.

W. S. Anley of Zillah was a visitor at the REPUBLIC office Monday. Mr. Anley says that conditions are favorable for fine crops in his neighborhood this week. The fruit crop is in the best possible condition.

A FIGHT OVER A CHARTER

Prosser Wants to Grant a Second Franchise to a Light Company.

Vestal Snyder, city attorney for North Yakima, Yakima City and Prosser, was at the latter place Tuesday night attending a meeting of the city council. The question of granting a new electric lighting franchise for that place came up for consideration and Mr. Snyder was there to advise the city. Zeke Thompson at present has a franchise of the city and claims the exclusive right to furnish light and water.

The Prosser Falls, Power and Irrigation company has applied to the city for a charter to establish a plant and furnish light to the residents thereof. Mr. Thompson is opposing the granting of a second franchise. His attorney has advised him that the city cannot grant a franchise to any one else until the time of his franchise expires. On the other hand the city attorney has advised the council that it can grant another franchise.

Death of Miss Spencer.

Miss Spencer, who accidentally shot herself last Sunday, died at 3 a. m. Wednesday, May 6, 1903. During Monday her condition was very unfavorable for recovery, but on Tuesday morning she rallied and there seemed to be some hope. In the afternoon however she took worse and sank rapidly. One thing that aggravated the wound was a severe cold from which she had been suffering before the accident.

The ball entered the neck on the left side and passed through the windpipe just above the collar bone, and lodged under the skin on the back part of the neck. No attempt was made to perform an operation. Her condition was such that the physicians deemed it unsafe to attempt to extract the bullet. From a close examination the physicians came to the conclusion that the spinal cord was injured. The ball did not strike the cord, but it is thought that the bone in the neck was fractured and a piece of it pressed on the spine. This caused paralysis of the lower parts of the body the moment she was injured, from which effect she did not recover. Miss Spencer was 18 years old and was the oldest daughter of Mr. and Mrs. H. B. Spencer. She came here a year ago this spring with her mother from Minneapolis, father having spent the winter here. Mr. Spencer is the Western Union telegraph operator at this place.

A Good Service.

The street sprinkling service in North Yakima this year is the best the city has ever had, and the three sprinklers being run by E. W. Dooly are giving general satisfaction. They keep the dust down in the business district and the business men, with a few exceptions, are paying for the service cheerfully. There are some, however, who decline to contribute anything, yet they enjoy the benefit of the sprinkling paid for by their neighbors. This is all wrong. Paying for street sprinkling is like paying taxes; it is in the nature of a burden. It should therefore be equally distributed among those who enjoy the benefits, and if the business men who decline to pay would look at the matter in this light, they would realize that they are doing an injustice to those who do pay and hereafter contribute their proportion.

Vaudeville is Popular.

There is no disputing the fact that vaudeville has established itself on a firm basis in affairs theatrical, and the reason is plain. The theatre is essentially a place of amusement, and fully 75 per cent. of theatre goers today go for the sake of being amused, and certain it is that no other plan of entertainment yet devised has proven so popular as the combination of sketches, specialties, songs, dances, acrobatic turns, musical numbers, playlets, ventriloquial acts, monologues, etc., which go to make up a vaudeville performance. The vaudeville show of today occupies the same high place as that of the drama, opera or comedy. Among the first high-class vaudeville organizations to appear on the Pacific coast is the Weston & Herbert company, who fill Monday evening, May 11, and which promises to be one of the best of the season's offerings. Included in the personnel of the company are Weston & Herbert, Hugh J. Emmett, The Four Bragados, Little Carrie, Miss May Myers, The Three Rosebuds and Edison's latest improved Bioscope, also Cole and Allen and Harry Morgan. Reserved seat tickets are on sale at Larson's theatre. Monday, May 11 at popular prices 25, 50 and 75c.

THE DRAINAGE EXPERT HERE

Prof. Elliott Arrives and Will Study the Situation in Yakima Valley.

Prof. C. G. Elliott, a drainage expert of the agricultural department, arrived here last Thursday to make an investigation into the drainage question as it confronts the people of this valley and particularly in this city. He has not yet made an investigation in this place but will shortly take the matter up with the people and go over the situation. He went down to the Sunnyside country in company with Prof. Waller, formerly of the state agricultural college, to look into the question of draining off some surplus water in the districts watered by the Sunnyside canal. He has expressed a desire to meet the people of this city who are interested and before leaving he will give the subject a thorough examination.

INSURANCE COMPANY WINS

Supreme Court Decides Against a Yakima Woman.

The following item, or the substance of it, was published in all the papers of the northwest this week under an Olympia date line:

"The supreme court has sustained the superior court of Yakima county in the case of Callie Hughes, appellant, versus the New York Life Insurance company, respondent. The husband of appellant, Archie Hughes, now deceased made application for a policy of a certain class from the company. The company rejected the application, but offered another form of policy. Before the latter had been accepted the applicant died. Subsequently, in furnishing Mrs. Hughes with copies of the correspondence in the matter, the life insurance company stated that Mr. Hughes had signed the application of the second policy. On the strength of it the suit to recover the value of the policy was brought.

"In its defense the company showed that its statement that the application had been signed was unintentionally erroneous and the court accordingly granted a non-suit, no valid claim therefore existing. Appellant contends that the respondent was estopped from making such a defense by the fact that the suit had been instituted on the statement

by the company that the application had been signed. The supreme court held the contrary, however, sustaining the action of the lower court in granting a nonsuit."

School Election Tomorrow.

The new school code which becomes law on June 11, changes completely the method of electing school district clerks in this state, and in answer to many inquiries the State Superintendent has issued a circular in which he advises that in any district where the electors this year desire any particular person for clerk they should elect him or her a director.

The election this year will occur May 9, while the new law does not go into effect until June 11, hence the electors have a right to elect a clerk if they desire to do so. But before the new clerk would go into office the directors must elect one of their own number clerk, to go into office on the first Monday in August, so that the newly elected clerk would have no term of office at all. This in substance, is the opinion of the Attorney-General.

Mrs. J. H. Wyandt, accompanied by her daughter, Miss Orilla, arrived here last Saturday and are now the guests of her father, D. M. Rand. They will leave here shortly for Minneapolis, where the young lady will take lessons in painting.

WITH THE LODGES

The local lodge of Eagles will initiate 25 new members in their hall room over the postoffice tonight. All the members are requested to be present and take part in the event. A social event and entertainment was held last Friday evening by the members and a fine program of music was carried out.

The Women of Woodcraft gave a banquet and social in Woodman hall Monday night. This was an event in the nature of a reception to the members of the Woodmen of the World, which lodge held a carnival Wednesday evening. The program carried out Monday evening was long and interesting. The quartette composed of C. E. Jones, L. Linn, L. O. Meigs and W. A. Erwin rendered some fine selections; Luke Linn gave a recitation, W. H. P. Bell made an address, a violin solo was rendered by Clarence Farmer and Mr. Crawford gave a cornet solo, and Miss Hatfield rendered a piano solo. The W. O. W. quartette, composed of members of the lodge, gave some choice selections. After the program was carried out a banquet was served in the large dining room.

C. E. Lum, A. L. Flint and H. E. Hagerdorn were at Ellensburg Tuesday night in the interest of the Encampment of the Odd Fellows. They initiated 15 new members into the lodge at that place.

The Woodmen of the World's big initiation and celebration Wednesday was the biggest event of the kind ever held in the city. Of the 300 members of the lodge 250 of them attended and filled the Odd Fellows' hall to overflowing. In the evening there was a monster parade in which 250 took part. The aggregation was headed by Nagler's band and each member in line carried a lighted torch and hundreds of sky rockets and red fire made the scene like a Fourth of July celebration. A brace of small donkeys headed the marchers and the Woodmen lined up in true soldierly fashion. In the hall room 72 out of the 150 new members were initiated. The whole number had been previously given the obligation and this is the reason they were not all out for the final initiation. At about 12 o'clock the 250 paraded at a banquet at the Barbolet hotel. For securing the largest number of candidates A. J. Shaw drew the first prize of a silver set worth about \$25. He turned in 30 members. Dick Hauser was the lucky candidate in drawing for lot No. 8 in the Nob Hill addition.

Died Suddenly.

Mrs. Edna I. Parsons-Redford, who had been staying with her parents Mr. and Mrs. E. P. Parsons of Wide Hollow, since last year, died suddenly April 20 while visiting her sister at Fairhaven. On April 8th she left here to visit a brother in Seattle and left there on the 17th for Fairhaven. The cause of her death was heart failure.

Miss Elsie Fleming, formerly of this city died in Everett last week after a short sickness.

Winter spraying is practically finished. There are several cars of spuds loaded and standing on side track.

The Bachelors have decided upon May 28th as the date of their reception. Ole Elliot, the crack pitcher of the Selah team, has accepted a position to play with an Ellensburg team.

The Selah and Wenatchee baseball teams had a match game Sunday resulting in a score of 31 to 16 in favor of Selah.

Some young men, hard cider, a pair of scales and a hammer had a mix up at the Selah store, recently, resulting in sore heads and bad feelings.

Robert Whitman with his brother-in-law, W. Hill, formally of Minnesota,

have moved out upon the place recently purchased from the Selah Hop Company. Mr. Hill has his family with him.

Will Brandt has invented, and put in operation a water wheel that is a surprise to everyone who has seen it. He intends to manipulate the wheel for pumping water from a sixty foot well.

Mr. Orth, road supervisor, is determined that people shall discontinue the habit of irrigating the public roads. It is to be hoped that Mr. Orth will enforce the law in regard to this matter as at times some places are nearly impassable from the accumulation of waste water.

A GIRL ACCIDENTALLY SHOT

Miss Annie Spencer Victim of Bullet While Fishing on Cowiche.

Miss Annie Spencer, the 18 year old daughter of Mr. and Mrs. H. B. Spencer of north Ahtanum avenue, was accidentally shot last Sunday and probably fatally wounded. The accident occurred at about noon while she was on a fishing trip with her brother, Jay Spencer, and friend Miss Olive Kane.

After eating a light lunch the camera was brought into play and the two young ladies got on a large stone in the middle of the stream from which point they were photographed. Before taking the position, however, Jay Spencer took off his cartridge belt, to which was attached a holster containing a 32 caliber revolver, and threw it over his sister's head. It was so placed that the revolver hung down in front of her.

After the picture had been taken Miss Kane picked up a fishing pole and moved a short distance away and began to fish. Mr. Spencer also moved a short distance away, leaving his sister standing alone along the creek bank, still in possession of the revolver and belt. Neither Mr. Spencer nor Miss Kane was looking toward Miss Spencer when the accident occurred. They had not left her a minute when they heard a pistol shot and looking about saw her fall backward into the water. Mr. Spencer ran toward his sister and found that she had been shot in the neck. The pistol was lying on the ground near her feet. At first it was thought a small twig had caught the trigger and caused the cartridge to be discharged. But as the revolver was lying on the ground it is the supposition that it fell there and was discharged by the hammer striking a stone.

Miss Spencer was taken to the home of Mr. Ruby near by and Miss Kane came to the city to notify her father and summon a physician. A doctor was taken out but he decided the wound was sufficient to require immediate attention and she was brought to the hospital about 10 o'clock Sunday night. An operation would have been performed at once, but owing to the slow pulse of the patient this was deferred.

Northwest Farm and Home, published at North Yakima, is getting out an immense special edition to be sent east for immigration purposes. It will be the most elaborately illustrated, descriptive number ever sent out about North Yakima and Yakima county.

Business men are assisting in paying the cost of this issue by liberal advertising and ordering large numbers at 10 cents per copy. The prices usually charged for such editions are from 25 to 35 cents per copy. Get in your orders now. Such industrial papers bring more settlers than all other kinds of advertising.

The finest book paper will be used in this issue; and the illustrations are of the highest class.

A similar issue of the Northwest Farmer, published at Winnipeg, Manitoba, contained 105 pages, in beautiful lithographic cover, was largely instrumental in attracting to Central Canada 100,000 settlers in 1902. Ap 24-4t

The commission of the Louisiana Purchase exposition for this state held its second meeting in this place on Thursday. The following members were present: A. J. Black, president, Fairhaven; W. W. Robertson, secretary, North Yakima; Edward C. Cheasty, Seattle; Thomas Harrington, Buckley; George Lindsey, R. P. Thomas, Anacortes; W. W. Tolman, Spokane; E. M. Hay of Wilbur was absent.

The Commission met in the Commercial club rooms at 9:30 a.m. and continued in session till afternoon. The general plans of the part this state would take in the great exposition was gone over by the commission and many important matters were discussed.

McKinley Memorial.

Postmaster W. L. Lemon has received from the McKinley National Memorial association a limited supply of the certificates which have been prepared for distribution to contributors to the monument fund as souvenirs of their participation in that great enterprise. The certificate is an excellent reproduction of Mrs. McKinley's favorite likeness of her husband, together with a picture of the McKinley home in Canton and of the White House. The wording below the illustrations is as follows: "This certifies that has contributed to the fund for the erection of the national memorial at Canton, Ohio, in honor of William McKinley."

Britt Administrator.

Coroner E. P. Heliker has been appointed administrator of the estate of W. W. Britt for this state. He has filed a bond of \$1000 and will proceed at once to administer on the affairs of the deceased. Mr. Britt died during the month of March apparently from an overdose of morphine administered, as the inquest jury says, at the hands of some unknown party. The deceased's son, Harry Britt, came here over two weeks ago from Chokio, Minn., to look after his father's estate and after considerable examination found that he had some property in this city and some money in banks at Seattle and Spokane. Mr. Britt said while here that his father had sold some property in this city in which his mother did not join in the deed. His mother is still living in Minnesota. He also examined into the death of his father but found nothing definite to warrant further action.

The Scouring Mill.

William White of Las Vegas, New Mexico, who came here a short time ago to look up the proposition of establishing a scouring mill, has written to interested parties that it will be impossible to get the mill in shape for business this year. He says there are so many orders for machinery ahead of him that he cannot get what he needs in time to scour this year's clip. He says as soon as the machinery can be secured he will be here to put the plant in running order. He has secured an option on the old woolen plant at Yakima City and will fit that up.

THE COMPANY C BENEFIT

Will Be Given at Larson's Theatre on
May 15 and 16.

The Company C benefit amateur performance to be given in Larson's theatre May 15 and 16 will be one of the best things of the season. It is under the direction of Luke L. Linn and the title of the play is "Betwixt Love and Duty." Rehearsals have been going on for some time and the actors are trimming up in good shape for the final event. The cast of characters follows:

George Armitage—A Union Lover.
Philip Bradley—A Confederate Spy.
Warren A. Erwin
Fred Ainsley—Captain C. S. A. C. J. Iverson
Gen. Banks, U. S. A.
Society Schneidbecker—A Drafted
Dutchman.
A. A. Tylee
Officer Mulgarny of the "Fort" Ward.
Miss Lois Whittle
Mrs. Armitage—A Northern Mother.
Mrs. Jennie Linn
Nora—Who Don't Like the "Chinazars".
Mrs. J. B. Burns

The Crescent Mandolin club under the direction of Howard P. Thompson has been secured to render the music in connection with the play. This organization, although recently organized, is rapidly winning its way to public favor, and to those who have never heard the club play, this feature alone will be worth full the price of admission. Thursday at noon a grand military parade will take place, terminating with an open air concert at the corner of Yakima avenue and Second street. The Megaphone quartet will sing at both performances. It is a long time since Co. C has appeared before the Yakima public in the position of a beneficiary and the boys have worked hard to make the performance a great success. Popular prices will prevail. Entire lower floor 75c; balcony 50c.

Through a very unfortunate mistake the performance of "Twixt Love and Duty" was advertised in yesterday's Herald as coming off Thursday and Friday nights, May 14 and 15—Our contract for Larson's theatre is for Friday and Saturday May 15 and 16 when the performance will take place as scheduled. Patrons of the presentation. Messrs. Hamilton Bartlett, O. A. Pechter, E. C. Moore, C. B. Conner, Alex. Miller, Edward Whitson, Frank Horsley, A. E. Larson.

The famous old war drama, "Twixt Love and Duty," carries one of the most beautiful stories ever told in melodrama. It begins in the Northern home of Mrs. Armitage whose son George is madly in love with Bess Bradley, a southern girl who is a temporary sojourner under the roof while she attends an academy nearby. His love is returned by Miss Bradley who, however, endeavors to keep him from enlisting in the Union army. She is ably seconded in this effort by Mrs. Armitage who cannot bear to part with her only son, and George will not be dissuaded claiming that the spirit of his dead father (who fell at the battle of Bull Run) is calling him to fight for the old flag and he marches away.

Company C Inspected.

Maj. McGonigal, of the 17th United States infantry stationed at Vancouver, inspected Company C last Friday evening. The inspection was in accordance with the Dick law passed by congress last year making the state militia auxiliary to the regular army and was preliminary to each company receiving the new style guns and uniforms. Company C has already received its allotment of guns. Maj. McGonigal has made an excellent report of the company.

The first target practice of the season took place last Sunday at the new grounds to the northwest of Nob Hill. This work will be kept up every Sunday for three months, and the members of Company C expect to carry off the honors again.

Catarrh Can be Cured

Exceptionally good results shown in three weeks treatment as the following home testimonials prove:

I have been a sufferer from Catarrh and its effects for the past five years; have tried many so-called cures with no good results until I started a course of treatment with Dr. Corey three weeks ago. I experienced a change for the better from the very first and today I am almost entirely free from it. I cannot say too much in praise for Dr. Corey's treatment and I recommend it to all my friends.

Cor. Chestnut and Second.

I have been a sufferer from Catarrh and its effects for the past 12 years, have tried many physicians and specialists without any decided results. Have been treating with Dr. Corey for three weeks. I improved from the start and my head and throat became clear. I feel today like a new man. I want all of my suffering friends to try this treatment. If improvement continues I shall be well in two weeks longer.
PAUL BRUNELL,
209 N. Natches Ave.

I have been a constant sufferer from catarrh since a child and have spent much time and money trying to get relief but have never been able to find anything that helped me until I started with Dr. Corey and I frankly state that I have received more relief in two weeks time than I ever have before, and am improving fast. I recommend it in the highest terms.

To Advertise the Valley.

The Commercial club now has on the press a large edition of booklets intended for distribution to advertise the Yakima valley. The work is being done on heavy enameled paper, and the illustrations are from photographs of characteristic Yakima scenes. The booklets are the same in form as those issued by the club ten years ago, but the cuts and most of the descriptive matter are new. This job of printing is being done by the REPUBLIC and Herald offices, and it illustrates very well the improvement in the Yakima printing offices. The booklet put out ten years ago was printed in Chicago, no office here at that time having facilities for doing the class of work required. This piece of work will be as good in every respect as the Chicago job, and so far as facilities are concerned, it might have been done in either the REPUBLIC or the Herald office. The committee in charge was in a hurry for the order to be filled, however, and asked that the facilities and working force of both shops be placed at its disposal.

State Not Receiving Many Homeseekers.

Joel Snomaker, formerly of this city, but recently engaged in newspaper work in Tacoma, was in the city Wednesday on his way to eastern Washington. Mr. Snomaker said to the REPUBLIC: "Yakima is not the only town which was disappointed by lack of immigration this year. The new people are not flocking to the Sound cities as the did last year. Most of the eastern people who are coming west this year are looking for cheap lands. The majority seem to be wheat farmers. Eastern Washington is getting a fair part of them, but they are flocking by thousands into British Columbia, where a great many went last year. Oregon is receiving many new settlers, too, on account of the work that has been done by the Harriman lines. Mr. McKinney, formerly with the Northern Pacific, was given \$100,000 this year by Harriman to carry on the work of his immigration bureau. The Northern Pacific and Great Northern have done very little to induce eastern people to come to Washington."

Summer Normal for Yakima.

A normal school will be opened in this city on June 29 and continue to August 15, at which time the quarterly examination of teachers will take place. The faculty of this school is composed of L. M. Scroggs of the high school, Miss K. L. Brown, Ethel Bowles and County Superintendent S. A. Dickey. Mr. Dickey will be director and business manager of the institution. The course will include all branches in which teachers are required to pass an examination. The tuition will be \$8 for seven weeks. Reasonable rates can be secured for board in the city for those who come from other points in the county.

With The Sheepmen.

The lambing season is practically over and the sheepmen are preparing to send their flocks to the hills. Some of them have already started and in a short time there will be a general hieira to reach the elevated country by the time the reserve is open for grazing on July 1. Sheep have fared well in the valley during the winter. Old sheep men say they have pulled through better than they have seen them in years.

The winter was harder than usual for the Yakima valley and more hay had to be fed than for several years past. In the lower part of the country sheep grazed out all winter and were in fine condition this spring. The number of sheep allowed on the reserve this year is 157,000, or 15,000 short of last year. The number of cattle is about 6,000. The cattle will be allowed on the reserve by the 15th of June.

SCHOOL ELECTION SATURDAY

Candidates are slow in announcing for the Office—Some Suggestions.

An election will be held in school district number 7, in which this city is located, next Saturday for the purpose of electing some one to fill the place of B. F. Barge, whose term has expired. The poles will be open at the usual hour, 2 p. m., and will close at 8 o'clock. Everybody is invited out to assist in filling this important office.

So far no one is announced as a candidate for the office.

The friends of Mr. Barge suggested that he run again for the office, but he says emphatically that he does not want it and does not care to be a candidate. There are a number of very important matters to be considered by the board between now and the opening of the term next year and no one should be selected to fill the place unless he is especially fitted for it.

Ellensburg Beat Yakima.

The Hoppickers went to Ellensburg last Sunday and were defeated in a score of 8 to 3. The Hoppickers were short several players and did not expect to win out when they left here. This was the third game between the two clubs, the first two being won by the Yakima team.

Summary—Earned runs, Ellensburg 5, Yakima 1; errors, Ellensburg 1, Yakima 5. Batteries—Ellensburg, Denzer and Crawford; Yakima, Klinkhammer and Wilkins.

The score by innings follows:
Yakima.....0 0 1 0 0 2 0 0 0—3
Ellensburg.....2 0 0 1 2 3 0 0 0—8
The Ellensburg team will be down next Sunday to play a game with the Hoppickers. The home team will by that time be in excellent shape to meet the visitors. A new player named Deitrich has been secured from Kansas City to play third base. There yet remain vacancies in the left and center fields, which will be filled shortly with good players.

Announcement.

This is to inform the public that I have opened a real estate office in my own building, erected for the purpose, corner north Wenas avenue and west A street, forth block west of R. R. depot, North Yakima, Wash., where we shall be pleased to list for sale all classes of real estate and personal property, which may be offered at a saleable value.

We take property to rent on commission and collect the rent and remit promptly, and shall be able to prove to those who favor us with their business that the real estate business can and will be conducted on as high a plane as any other business. Having had 16 years successful experience in this line, as well as in farming, fruit growing, market gardening, dairying and creamery lines, will be apt to locate buyers more intelligently than some who have not such practical experiences, but to do so to the best advantage buyers should favor me with a plain statement of their wants that I may have a proper chance to serve them faithfully. We aim to earn our commission fairly. If you have property to sell or wish to purchase, drop in and get acquainted with us and our methods.

REPORT OF YAKIMA MARKETS

Weekly Summary of Conditions in Principal Agricultural Lines.

HOPS.
So far as the holders are concerned the hop situation has improved some, according to the reports of those who are holding out. No sales have been reported, but the encouraging sign is the increase in inquiries and information as to the true situation that has come to light lately to those who have hops to sell. D. E. Lesh, manager of the Moxee company, is vitally interested in the situation and had the following to say to a reporter of the REPUBLIC this week:

"We cannot tell how long the siege will last, but I am like the rest of the growers who are holding their hops, I will hold out till the last. I do not mean to give up, and I do not think any of the other growers will either. The brewers and the buyers have been bearing the market since early last winter and they have succeeded to a certain extent so far, but I cannot see how they can stand it much longer. There is a large shortage of hops. This I have learned through reliable mediums and I am of the opinion that if we hold out long enough we will win in the end. I think I can stand it if the buyers can, and I am frank to say that if I am beaten this time by the bears I will not try it again. But this does not mean that I will stop raising hops. We will have as good a crop this year in our yards as we had last year unless something unforeseen happens. There is a shortage of hops in all the large hop growing countries of Europe; even England being away behind, and a large shortage in the United States. If I am not badly fooled you may look for a big demand for hops about the first of June. It may be however that the bears will hold us out longer than that, and in this case we will stay out with them."

The hop vines in the various yards of the valley have begun to grow and look healthy with every indication of a good year for the producers. The spring work is practically all done and the work that remains now to be carried on before the harvest season is irrigating and cultivating the plants.

HAY.
The Yakima Produce company this week shipped two car loads of hay to the Sound market. The company had the stock on hand since last winter. It was bought at a low figure and brought \$20 a ton in the car at this place. This is the highest price paid for hay in Yakima valley in late years. Owing to the rise in price there will be a great acreage planted to alfalfa and other hay this year. Most of the land that was taken up for potatoes last year has been seeded to hay or planted in fruit trees.

Back From the Imperial.

O. A. Fechter returned last Monday morning from Imperial, Cal., where he went two weeks before to look over the new irrigated country being opened up. Mr. Fechter says that not many people are going in there at present, owing, probably, to the unfavorable reports made by government experts on the character of the soil. He thinks the opening of the country is largely an experimental matter, and that it may turn out all right or it may not. He met quite a number of Yakima people while there. Arthur E. Poole has secured a large tract of land, and is now engaged in seeding several hundred acres.

The public is hereby informed that inherited Indian lands within the limits of the Yakima agency, Washington, offered for sale under section 7 of the act of Congress approved May 27, 1902 (32 Stat. 2701), will be found public lands at said agency, where sealed proposals for the purchase of any tract on said list will be received by the clerk of the court, to the effect of ninety days, following the date when the same was listed, in accordance with the amended rules approved by secretary of the interior, August 1, 1902, which rules may be had upon application. JAY LYNCH, ags-jylst Yakima Agency and School.

Notice of Sheriff's Sale.
BY VIRTUE OF AN EXECUTION ISSUED out of the superior court of Yakima county, state of Washington, on the 20th day of April, 1903, upon a judgment rendered in the court following, founded, a justice of the peace for North Yakima precinct, Yakima county, state of Washington, on April 3, 1903, of which a certified transcript was filed in the superior court of Yakima county, state of Washington, on the 7th day of April, 1903, in favor of Jim Barker, plaintiff, and against the defendants, George Barnes, deceased, and his heirs, the following: That the said judgment, for the sum of forty dollars (\$40.00) with interest thereon from the 15th day of April, 1903, until paid, and costs of suit, taxed at twelve and 33-100 dollars (\$12.33) to me directed and by me received on the 30th day of April, 1903, I have levied upon the following described real estate, to-wit: All of that portion of the east half (1/2) of the southeast quarter (1/4) of section 10, township 12 N., range 12 E., W. M., lying and being on the west side of the Yakima river. Also, the southeast quarter (1/4) of the southeast quarter (1/4) of section 14, township 12 N., range 12 E., W. M., all situate in Yakima county, state of Washington, pursuant to the duties of said sheriff of Yakima county, state of Washington. Notice is hereby given that I will, on Saturday the 6th day of June, 1903, at the hour of 2 o'clock p. m., at the front door of the court house at North Yakima, Yakima county, state of Washington, sell said property at public auction to the highest bidder, and the proceeds of said sale, judgment, interest, costs, and increased costs. R. A. GRANT, Sheriff of Yakima county, state of Washington. By W. A. Cox, Deputy. Whitson & Parker, Attorneys for Plaintiff.

Notice of Publication.
DEPARTMENT OF THE INTERIOR, land office at North Yakima, Washington, April 27th, 1903.
