Esteemed Sir;

I mail you two copies of the Sunday
Gazette, Please notice that we have
maneuvered a fight against the
Catholic Land mission, we have
come in possession of important facts
and we shall ~~take~~ them hand-
we are at it - We desire that you
furnish us with all the facts
you can in the way of information.

So that we will rout the
of free government. And I have
no doubt but that from your
of the line you can help us wonderfully
Keep me posted of any move that
they make or have made & we will

foil their deep laid plots - God helping
us. I hold the position of corresponding
Sec of an organization, a circular
which I enclose - We cannot tell the
names of members or our numerical
strength - or I could give you info
that would astonish you. Hope
hear from you by return.

Yours with great
