Mr. Edward G. Freehafer,
Chief of the Reference Department,
New York Public Library,
Fifth Avenue & 42nd Street

Dear Mr. Freehafer:

Thank you sincerely for your very complete report contained in your letter of April 22, 1954. This was in reply to my inquiry of March 15th.

Enclosed is my postal note for \$5.25, in payment for "positives." This is for "material numbered ~~xxxxxxx~~ parenthetically"

You undoubtedly have the copy of my original request containing identification of the items covered by the enclosed postal note.

Please accept my thanks again for the very thorough reply to the inquiry.

I do not feel that photostats of the Winnemucca items, noted by you at \$1.50, would be suitable for reproduction in newspaper stories I contemplate. I assume I will be able to secure copy negatives of them someplace later.

Enclosed for your general interest is a newspaper clipping you may discard after you read. It will give you an idea of some of my writings in connection with my profession as city editor of The Yakima Daily Republic.

Kind regards

P.S. At convenience, if you can provide me with the address of the historical repository of the Methodist Church, it will be appreciated. One of our committeemen is publishing a pamphlet pertaining to Fort Simcoe and it includes much about the Methodist exhorter who became an Indian agent among the Yakimas. He has an extensive New York background. When this is issued I shall send you a personal copy of the item, not extensive but perhaps desirable because of the New York tie-in.
