Dear Mr. Relander,

I thank you for sending the two
copies of the "Yakims 1855 & 1955."
They are very interesting and informative.
My only criticism is that they are
much too condensed. I'd like an ex-
panded book on the same subject with
each and every paragraph expanded,
doubled, or tripled, or etc., albeit the
cost went up similarly to several dollars.

I'm hoping your book, "Drummers
and Dreamers" (happy title) will
cost much. I certainly do want a copy.

Probably will need several for school.
This one goes to my own collection.

Enclosed is an order for one copy.
And a dollar for the Yakima pamphlet.
And a note as to why I wanted the
letter. Is that all correct? If not, let
me know.

Thank you for your courtesy, and
helpfulness. The best success to you
with your book! I envy you having
one on the press. It is a dream of
my own, too. My husband tells me you
are a real authority. So write, write
write, sir! And get it all down. And
continue your sculpturing, too.
