Mr. Leland Yost,
Room 2129 Dept. of Justice Building,
Washington, 25, D.C.

Dear Lee:

I am enclosing my personal drafts, in payment for microfilm which I hope it is not inconvenient for you to relay to the proper person in the General Services Administration.

I have selected films designed to get a start on filling in missing gaps. While my microfilm scanner has not yet arrived, and probably will not for another two or three weeks, I have access to the scanner in our newspaper library, although it is rather inconvenient. Besides, I am still wrapped up in preparing Yakima material, that might relate to the Wanapums or Priest Rapids people.

Drafts enclosed total \$16.30, as near as I can figure payment for 209 feet as follows: (Positive prints).
