

1. Count on me to contact as soon as possible, the candidates running for the U.S. Congress or Senate from this district, to ask them if they will support the Indians' position on legislation during the next Session.
2. To strengthen the work of NCAI I will try, within the next month, to get at least one new Indian member of NCAI (and/or one new non-Indian contributor), and ask him (or her) to forward his dues and application for membership to your office.
