Dear Mr. Relander:

Thank you for sending me your letter of October 7 with the enclosed cutting. We had an interesting conversation and I understood that you are the man who knows the history of the Indians within your territory best. It would have been nice to have more time to listen and to be together with you. I know that all in the group were very glad for the good reception you offered us in Yakima, and we were particularly pleased with the Indian presentation.

With my very best wishes to you and all friends in Yakima.

Yours sincerely,

Ruben Enocson
General Manager
