Mr. Click Relander
Route 2, Box 146
Yakima, Washington

Dear Sir:

Martha McKeown sent a copy of your recent article in the Yakima Republic about the Indian Festival at Celilo.

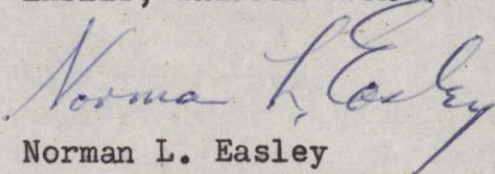

We feel very strongly about the pushing around that our little group of Indians have been subjected to by everybody and we are carrying our case once more to Washington. Mr. Whipple of our office will appear before the Sub-committee on Army Civil Functions of the House Appropriations Committee in its hearing on appropriation for The Dalles dam. We expect him to appear on May 13, 1953, in Washington.

We are sending your article of April 23rd to a New York correspondent of ours, who will ultimately assist us in getting our case before the people of all the United States. Therefore, we would appreciate it very much if you would send us another copy of your article for our file.

We appreciate very much having made your acquaintance and hope that your efforts with the Priest Rapids Indians will meet with reward. Any time that you are in Portland, we would appreciate very much your calling on us.

Very truly yours,

EASLEY, WHIPPLE & MCCORMICK

Norman L. Easley
