Dear Miss Stratton:

Your general recommendations and references have interested us very much and we desire at this time definitely to assign you approximately \$15 a month work in the library, offices, or dormitory this coming fall quarter. This may be either F. E. R. A. work or on our regular student pay roll.

Will you please let us know immediately if you care to accept this position, as there are many other applications on file.

If you do accept and care to make a dormitory reservation at this time, please let us know.

We are sending you a fall catalogue. We are sorry that we did not send you this letter before.

Sincerely,
Margaret Coffin Holmes.
