Dear Sir:

I enclose a Photograph of Chief Moses which was given to me by the late Florence Dean, who passed away November 30 in Yakima. I beleive it belongs in the Museum at White Swan, and could think of no better way to get it there than to send it to you for a news item.

Mrs. Dean told me the picture was quite valuable, that several had tried to purchase it from her, but I would prefer donating the picture to the Museum in her name, with the caption that Chief Moses gave it to Mrs. Dean many years ago. I don't know a great deal of the story, except that they were good friends, but do know while she operated the music store in Yakima she was much help to the tribe and Cheif Moses was very grateful for her assistance. Perhaps someone in the Eastern Star would know more of the details of her activies then.

I trust this will find it's way to the proper Place it belongs through your office, and I would like to be advised if this can be accomplished.

Yours Very truly,

*Mary Helen Haylett*
