

Mrs. Thelma Kimmel,

Aug. 30, 1956

E Bar Ranch,

Toppenish

Dear Mrs. K. and Elmer:

Still feel like aheel because of the dinner and this will call for special treatment in due time.

I'm enclosing pictures referred to, giving you a selection and something to have on hand, just in case. I have attached idents.

Enclosed is a brief rundown or fact sheet on names, organizations etc. and perhaps bits of helpful information.

Thanks again, hurriedly, for your cooperation and willingness to help out. I am confident in the news worthiness of the Wanapums and their activities with me, and know that as time goes on in connection with Odd ground breaking etc. (in which we have been invited to participate) removal of rocks of which there will be wire photo pictures, etc. this will be more than borne up. For instance, and for your info, Monitor, the coast to coast radio program wanted to tape a special on the Wanapums. I suggested they do the ground breaking ceremony and key it into that.

As I understand, the publisher is placing an ad in the Tacoma paper the week before publication (actual publication or on sale date is October 6) The Tacoma paper will receive its review copy by about September 15. Our date in Tacoma will be October 10th.

Regards to all
