

PILOT LOG

Visalia Newsman Makes Solo Flight

Click Relander, city editor of the Times-Delta and son of C. F. Relander, president of the Visalia Real Estate Board, today held a temporary student pilot certificate, following completion of his solo flight at the Visalia airport.

The Visalia newspaper man is a student of Sol Sweet, veteran Visalia pilot and instructor, and has been taking a leisurely course of instruction during the past three months.

Relander made frequent air trips prior to that time as photographer and observer, securing air shots of floods or pictures of general news value for the Times-Delta and Morning Delta. Due to the increasing importance of aviation he decided to qualify as a student pilot, and has found that only by taking to the air can accurate observations of flood conditions be determined, as was the case during the recent Visalia flood, and that photography from the air offers a new field for the modern newspaper.

He is one of a dozen student fliers who have soloed during recent months at the Visalia airport.

Dr. W. C. Zeller of Visalia, examiner for the United States Department of Commerce, Bureau of Air Commerce for Tulare county and parts of Fresno, Kern and Kings counties, examined the new student pilot and certified that he is qualified physically for a commercial license.
