

Washington State Ferries

SEATTLE FERRY TERMINAL, SEATTLE, WASHINGTON 98104 • MA 4-2700

WASHINGTON STATE FERRIES FILLERS:

Ten of the ferryboats now operating under the Washington State Ferry flag once traversed the waters of San Francisco Bay, before the Bay bridges were completed, in the 1930's.

#

With the addition of the M. V. HYAK and the near completion of the three other Superferries, the Washington State Ferry system comprises the largest ferry fleet in the world.

#

The Washington State Ferry, M. V. KALAKALA, recently sold at auction, made 35,601 round trips between Seattle-Bremerton from July 22, 1935 to August 8, 1952, and traveled 1,007,229.5 nautical miles.

#

The M. V. ELWHA will take just 25 minutes for the Seattle-Winslow crossing instead of the 35 minutes now needed.

#

The entire cost of the four superferries for the Washington State Ferries is \$24 million.

#
