Dear John Hunt:

Ever since publication of the Yakima material, your preparation, I've delayed writing you to express appreciation for its presentation. It was certainly well done and with some proper and acute observations.

You are most welcome to keep the copy of the Wakkybax Hollenbeck photo of the Yakima Horsemen. The man in the foreground is Watson Totus, Satus Long House religious leader and vice chairman of the Yakima Tribal Council.

I don't, at the moment, recall the other photos, but seems to me you should keep them. If they are irreplaceable, and I need a print some day, perhaps I can recall just what extra ones were sent.

I am glad you are doing a deal for Ed Q for the "Western Livestock Journal". Don't see it often here, but perhaps one of my cattlemen friends can keep his eye open for it. Give my regards to Ed when you see him next.

I shall look forward to meeting you in due time. Let me know if I can be of any small help to you in any small way.

Again, many thanks for your fine article, for which I know the Yakimas are properly grateful.

Sincerely
