

Monday, October 8, 1956

Dear Rex:

I learn from Bob Ries at Ephrata that he wants you to come to work on October 15, which is a week from today.

Since he is depending on that, and it is a regular job, not a short job, he would like very much for you to drop him a note that you will be available at that date.

If for some emergency reason, that is a real legitimate emergency, you cannot be there, will you phone him before then, calling him collect at Ephrata, Skyline 4-3541.

Our tour is going very good, lots of people and things like that, and am busier than I have ever been in my life, which is saying something. I gave Louie a schedule of our tour, since he was one of those not tied up, but so far he hasn't shown. Alba is making a good showing for you people. Frank Schappy will come to Seattle Wednesday and Thursday to be with us when we have to be on two TV programs and will come to Ephrata on the 19th, a Friday. I have worked so hard and ate at such ungodly hours that I have made myself sick but I guess I will get better.

If George and the others are still working in Oregon, and you can, it might be best you go back by yourself by bus. But be sure and let Bob Ries know. I will see you later at Ephrata on the 19th I guess.
