Mr. Click Relandee  
Yakima, Wash.

Dear Click,

Thank you for your letter and the clippings and there was no need for any apology. These things happen once in a while and certainly no harm done either Mr. Spalding or myself.

I want to thank you once again for your address at our picnic and take this time to tell you that another committee has been added to the Alder Creek Pioneer Assn. a historical committee which may help accumulate and preserve some of the things we discussed. Once again Thank you -

Sincerely,

(over) Sherman Jensen

I should also add that we  
have received many compliments on  
your Tabak - from old and young  
alike.

Sherman
