ST FRANCIS

Heart of the city

In the heart of the city overlooking historic Union Square is San Francisco's largest hotel, the St. Francis, with its special subway connection to a large underground garage; smart shops and theaters are within a block. The financial district's close at hand, the St. Francis is truly the center of the City of San Francisco.

MEET ME UNDER THE CLOCK in San Francisco means only one place, the great clock in the lobby of the St. Francis Hotel near the entrance to the Mural Room, where San Franciscans and visitors meet before attending the celebrated Monday Luncheons, or for cocktails, or dining.

At the St. Francis you have a choice of several dining rooms. All offer superlative cuisine and service in attractive settings. Distinguished world travelers are served the finest foods, exquisitely prepared. Cocktail Lounges in varied atmospheres of quiet luxury feature the best of liquors and beverages offered by expert attendants.

Within the St. Francis are San Francisco's most famous dining rooms, attractive cocktail lounges, smart shops for men and women. A beauty salon, a barber shop, druggist, bank, bookstore, travel offices, gift, and wine shops all provide a service so thoroughly complete that you may live here for days without leaving the Hotel.

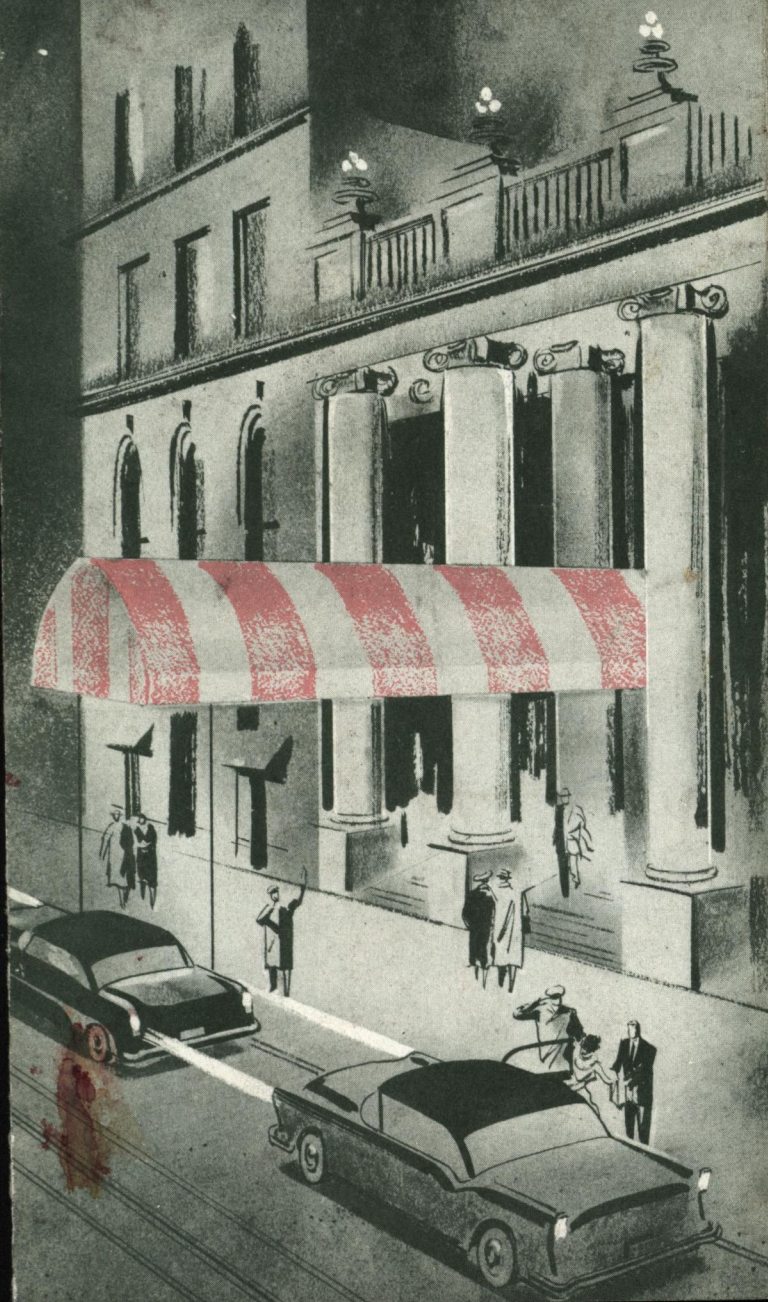

At home in the largest, most cheerful rooms in San Francisco, you will find complete comfort in the accommodations offered in any of the 1000 rooms, all with baths. Hotel St. Francis' reputation is built upon service...the ability of an exceptional staff to anticipate and cater to individual tastes adds to your enjoyment.

THE ST. FRANCIS, on Union Square in the heart of the shopping, theatrical, and business districts, is an accepted tradition in San Francisco, a sound symbol of hospitality at its best.

Celebrated for its fine appointments and courteous service, the St. Francis has the charming atmosphere and elegance of a most delightful place, a truly great hotel.
