Port Byron, Ill.

Dear Mr. Relander,

Just read your article in the ~~Pinto~~ magazine and enjoyed it very much. I'm going to pass around to various club members the information you have printed. Some of the members just may want to know where they can obtain this material.

Being that you write about the Yankima's I thought maybe you would have some knowledge for me. I am tracing a Indian brand on my horse. I want to trace thru the Ariz. and Colo. Indian areas. Would you know of how I could contact these various agencies? I think I may have to write to the various county seats, but I am not too sure of that either. I thought there might be a dept. in the state capital which could furnish me with the contacts I want to make. If you know of information of this type could you possible pass it on to me. Thank you so much.

Sincerely yours,

Julius Janssens
