**Divisionists Now Want the
Line Two Miles Below
Town of Zillah.**

**And They Say if We Don't Be Good They
Will Take Everything on Their
Side of Union Gap.**

The county division meeting held at Prosser Wednesday afternoon was attended by between 75 and 100 citizens. Sunnyside sent a delegation of ten, composed of four republicans, four democrats and two socialists. Mabton was represented, Kennewick was not. There were several delegates from the neighborhood of Kiona, and a number from the Horse Heaven section. The majority of those present were residents of Prosser. North Yakima was represented by John David Medill, the well known democratic politician.

Joseph Lannin, of Sunnyside, was chairman of the meeting.

The result of the deliberation of the meeting was the adoption of a report of a committee favoring division of the county on a line two miles east of Zillah, and the annexation of the panhandle of Klickitat county. This report was presented by the committee after considerable discussion, but was adopted by the meeting without much debate.

It was freely asserted outside of the meeting that if the upper end of the county opposed the plan a move would be put on foot to divide at the gap. A telephone message from Prosser yesterday morning, stated that the result is not altogether satisfactory to the Prosser people, who recognize that the only consideration which induced the Sunnyside people to come in is the hope of securing the county seat, and that division on the proposed line would give the north side of the river greater voting strength than the south, so that Prosser's chances for securing the county seat would not be very bright.

The Sunnyside delegation was appointed at a meeting held the first of the week at which it was decided that Sunnyside would favor division if on suitable lines, but would not stand for a division which would leave Sunnyside in one corner of the map, or cut the Sunnyside country in two. A second caucus was held after this meeting by a number of dissenters who opposed division at the present time on any lines.

Editor Hitchcock, of the Sunnyside Sun, yesterday phoned the REPUBLIC that he endorsed the action of the meeting at Prosser which he attended. Asked if he believed the Sunnyside people generally would take the same view that he takes, he replied that he could not speak for them.

Editor Guild, of the Prosser Bulletin, replied to a similar question by saying that he felt Prosser had been given the worst of the deal. He would not attempt so soon to say what the feeling of his community is, but several leading citizens had already expressed the same idea.

The committee on resolutions consisted of H. D. Jory, Sunnyside; Nelson Rich, Prosser; Harry Van Horn, Kiona; L. F. Sampson, Rattlesnake; William Fox, Bed Rock; George Davenport, Mabton.

The boundary of the new county selected by the committee is as follows: Beginning at a point intersecting the middle of the main channel of the Columbia river at the line which divides range 21 and 22, then north to the first standard parallel, then west along the first parallel to the line which divides ranges 20 and 21 until said line intersects Pine creek, thence up Pine creek to the parallel between 19 and 20; thence north to northwest corner of township 6, range 20, thence east to northeast corner of said township, thence north 12 miles, thence east two miles to the northeast corner section 31, thence north 13 miles to northwest corner section 4, township 11, range 21, thence east on town line 16 miles to the northeast corner of section one, township eleven, range 23, then north to the Columbia river, then down Columbia river to point of beginning.

Few speeches were made at the meeting, and none of the speakers manifested any hostility to North Yakima or the upper end of the county.

Hardware Cheap for Cash

ENGINEER BANNISTER HERE

Improvement and Extension Work on Congdon Ditch to be Begun at Once.

Improvements on the Congdon ditch are expected to take a step forward, with the advent of Engineer Bannister of San Francisco, the man who laid out the original scheme and who is in charge of the improvements upon recently. Notice is to be served upon the users of water under the ditch that water will be shut off on October 1st instead of December 1st as has been the custom.

The intervening time will be taken up in the survey and the digging of the extension which will bring under cultivation 1000 acres of rich land within six miles of North Yakima. If there is any time left over work will be commenced on the tunnel under the painted rocks by which the flume will be done away with. This tunnel will be 500 feet long and about eight feet square. It is not expected that there will be any change in the bottom line but the ditch after closing will be made wider. The chief improvements to be made are the extension of about four miles, the putting in of a new siphon across the mouth of the Cowiche, the tunnel and the getting of the lumber and other materials here. It is expected that the improvements will fall far within the voted appropriation, and thus make the ditch one of the most satisfactory in the valley. It is said that the opening up of 1000 more acres under this ditch will mean a great increase in the quantity of products put forth, as well as an increase in the number of inhabitants of the valley.

Woodmen's Union Picnic.

One week from next Sunday has been agreed upon by the Woodmen of the World and the Modern Woodmen as a day for a general union picnic of the camps in this valley. Those in charge have selected the grove at Yakima City as the most conveniently located for all. Among the features of the day are a ball game and a tug of war between members of the two branches of Woodcraft. All Woodmen are invited to join in the picnic.

PERSONAL PROPERTY VALUES

Large Falling off from Last Year Because of Legal Exemptions.

Deputy Assessor Harry Coonse has completed the work of compiling the assessed valuation of personal property in Yakima county and places the total valuation at \$1,558,255, as opposed to \$1,639,979, the figures of last year. The falling off is no indication that the amount of personal property in the county is decreasing or its value declining. The dropping off is the effect of the new law which allows each taxpayer a head of a family exemption up to \$300. Mr. Coonse stated that while he had not taken the trouble to figure it he believes that the total exemptions will fall between \$500,000 and \$600,000.

The principal items of property which go to make up the total are these: Horses, \$144,665; cattle, \$283,435; sheep, \$343,060; hogs, \$55,151; wagons and carriages, \$43,685; sewing machines, \$3545; watches and clocks, \$2970; pianos, \$13,730; household furniture, \$31,170; office furniture, \$2330; agricultural implements, \$26,785; gold and silver ware, \$1485; steam boats, \$400; goods and merchandise, \$232,560; manufacturers' tools and implements, \$21,125; moneys on hand, \$40,155; bank stock, \$46,810; notes and accounts, \$37,510; stock and furniture in sample rooms and restaurants, \$4,170; farm products, \$37,860; railroad elevators and warehouses, \$11,585; improvements on lands held under United States laws, \$9260; gas and water mains, \$7000; telegraph, telephone and electric lines, \$11,370; libraries, bicycles, etc., \$28,090; railroad personal property, \$137,985.

Cannery Starts Up.

The Yakima Cannery is to open for business next Monday morning and thereafter the industry on South Abnathum avenue will furnish market for first class ripe fruit of all kinds. For further information inquire at the cannery. Yakima Canning Co.

NEW BRIDGE ACROSS YAKIMA

Old Toll Road Country People Subscribe for the Structure.

It is now a foregone conclusion that a bridge over the Yakima will be built to make an easy outlet from the country along the old toll road on the east side of the river toward Kittitas. Ever since that part of the country has been settled one trouble has been to get in and out of the section. When the Moxee bridge was built the residents used that bridge and the trail across the mountains, or forded the Yakima. During the high water it was a case of swim or stay at home.

Nearly all the funds necessary for the erection of a \$3,000 bridge have been subscribed by those who have interests beyond the Yakima and above the gap. Among these are Bonds and Meyer, Harley and George Taylor and Fred Parker. It is proposed to place the bridge just above the mouth of the Naches. At this point there are no engineering difficulties known to the erection of a bridge, and it is thought that piles can easily be driven in the river bed there.

People in the Selah valley also are watching the bridge project. At present a portion of the road leading to their homes is steep and narrow and not as convenient as they would like, and it is said that a runaway or a breakdown would be fraught with the gravest danger. In the wake of the Yakima bridge may come a movement for another bridge higher up, which would make a better road to the Selah people by crossing over the Yakima bridge and recrossing on the suggested structure.

Things That Do Happen

Sam Arendt is spending a few days at Soda Springs.

A daughter was born to Mr. and Mrs. Allen Dennis last Monday.

Dr. C. E. White left yesterday for Wisconsin, to be gone a month.

John Kleis and wife are spending their week off at the Soda Springs.

F. C. Hall is taking an outing of a couple of weeks in the mountains.

Vessey & McRae yesterday shipped twelve carloads of sheep to Chicago.

T. W. Howells, the St. Paul & Tacoma manager at Ritzville, was in the city yesterday.

Liggett & Short have sold their undertaking business to a Mr. Sessions of Wenatchee.

Dr. H. R. Wells returned from the sound this week, after an absence of nearly a month.

Miss Majorie Moran went to Seattle yesterday to remain with friends until after the carnival.

Mr. and Mrs. H. A. Hall and Mrs. E. J. Wyman and children will go to the Westport beach this week for a short stay.

Dr. and Mrs. J. F. Spellman of Anacosta are expected here next week, the guest of Mrs. M. B. Miles, Mrs. Spellman's sister.

Dr. H. H. Hoffman, the dentist, has added electric fans to the equipment of his office. They are greatly appreciated by patients this warm weather.

C. H. Bartlett was over from Tacoma this week. He says that the Bartlett-Boote company is doing a nice business on the sound, dealing in Yakima products.

Miss Majorie Moran gave a party Wednesday evening in honor of her friend, Miss Virginia Coburn, who is spending the summer with her sister, Mrs. M. B. Miles.

Henry Schott is at the hospital this week, where he underwent an operation a few days ago. He is getting along satisfactorily, and will probably be around again tomorrow or next day.

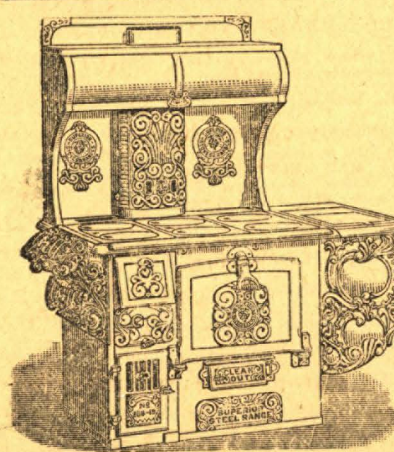

Mary Norton Granger, infant daughter of W. N. Granger died at the family residence in Zillah on Wednesday. Interment at Taboma cemetery this morning on the arrival of the 8:38 train.

The statements of the two banks in this city, published last week, make a pretty good showing. There are not many towns of 4000 in the country where the banks have over \$1,250,000 of deposits.

The house on the old Wilson place at the North end of Front street, belonging to W. H. Francis, burned one day this week. The building was unoccupied, and it is supposed some boys playing about the building started the fire. The loss was about \$500.

In another column will be found the advertisement of Fred L. Janek. It is the first drug store ad that has appeared in a Yakima paper for four months, other dealers having come to the conclusion that advertising in the papers does not pay. Mr. Janek thinks otherwise, and the REPUBLIC trusts that his faith will be rewarded. Mr. Janek has just opened a neat and handsome store as may be found anywhere, and has stocked it up with new goods. He has been in business here before, and when he went away took with him the friendship and goodwill of all who had ever had dealings with him. His old friends will be glad to see him again.

Dr. E. P. Heliker, physician and surgeon, Clogg Bldg. Calls in city or country promptly answered. 13

W. I. Lince yesterday went to Tacoma and Seattle on business.

Vestal Snyder went to the Hot Springs yesterday to spend two weeks.

A daughter was born this week to Mr. and Mrs. W. A. Haynor of Toppenish.

Editor Freeman of the Cle-Elum Echo was in North Yakima last Friday.

Mrs. O. C. Nelson returned Monday from a several weeks' visit in Yakima.—Golkendale Sentinel.

Mr. and Mrs. John F. Miller of Chicago are visiting their daughter, Mrs. Harry Speidell. They expect to remain a month.

Miss Cassaden of Ellensburg and Miss Stewart of North Yakima have signed contracts to teach in Prosser's public schools this fall and winter.—Bulletin.

Miss Avarille Gano and Miss Bess Ballinger have returned from a visit in Salem, Ore., and on the sound. Miss Ballinger was accompanied by Miss Hazel Bennett of Tacoma who will spend a few weeks in the city.

A. E. Gerber of Buffalo, N. Y., is in North Yakima looking about for a ranch. He has visited the Sunnyside country, and yesterday came up to learn what there was to be had in the Nob Hill section.

One of the largest shipments of flour ever sent out of North Yakima was sent this week, consisting of 20 carloads from the Yakima Milling Co. Of this amount six carloads went to Sound places, and the others were consigned to China. The 14 carloads contained 16,000 sacks of flour.

Action has been brought by H. F. Allen of San Francisco against Charles McAllister for \$3,555, the value of an advance made on the McAllister wool clip of 1898. It is said that defense will be the holding of the clip until prices had declined from that named in the contract. The action is based upon commissions and is in dispute because of delay.

About 2 o'clock yesterday afternoon a team attached to delivery wagon of the H. H. Schott company took fright near the railroad crossing and dashed up Yakima avenue. The animals took a fancy to turn into south Second street, and in so doing overturned a carriage and wrecked the rear wheel of a buggy belonging to Mrs. Cheney of the Moxee. Though there were many people on the street, no one was injured.

DANGER IN SURFACE WATER

City Authorities Planning to Avoid an Epidemic Resulting from Bad Drainage.

A special meeting of city council was held on Monday evening at which the matter of the drainage of surface water on the west side of the city was brought up. At the outset of the meeting Mayor Fechter told of the reasons for calling the special gathering and the urgency that some action be taken at once to give relief.

The mayor told of the collections of surface water in places and the covering of the same with colored substances which are a menace to health. He stated that it was absolutely necessary that some steps be taken in order to avert an epidemic of some kind of disease.

City Engineer Marble explained the situation and offered suggestions, the substance being printed in another column. The meeting adjourned with the understanding that the members of the council and interested parties go over the section of the city together.

On Wednesday morning Mayor Fechter, Street Commissioner Grant, representing the city, Daniel G. Goodman and Capt. M. B. Scudder, representing the Broadguage Ditch company, and County Commissioner Lince, visited the accumulation of surface water, partly within the city and partly outside, in the Ker addition. Practically nothing definite was arrived at, except that the city officials decided to put the surveyor at work to gather definite data about the natural grade and descent of the land and other facts upon which a plan may be based for abating the nuisance.

Mayor Fechter is firm in his position that something should be done to save the city from an epidemic. He makes no suggestion and says that it will be only after specific facts are established that anyone should attempt to formulate any scheme for the solution of the problems now confronting the public. He will urge all haste consistent with the solution of the problem.

Back from the Klondike.

"Hub" Pratt, after an absence of over two years in the Klondike gold fields, returned to North Yakima last Tuesday looking in the best of health and with his pockets lined with pelf. "Hub" says that he is glad to get back and does not care to return to the gold country.

He brings information regarding other Yakima men in the Klondike as follows: S. O. Morford is making money and has some excellent holdings on Dominion creek.

Fred Jungst and Emil Schanno had gone on a hunting trip just before he started.

Peter Norby is working for wages and expects to be back in Yakima this fall.

John Mackison is in charge of a gang of gold hunters on Hunter Creek and also has a hotel on Grand Forks, but is making more money at mining than in the hotel business.

As to the general situation of things in the Klondike Pratt says that there are a good many extra men up there who are not in the best of positions, but he expects that the season's out put will be as large as ever and perhaps larger than in any previous season.

After spending Monday in North Yakima, Pratt went to Prosser and other points down the valley to see old friends.

Divine Healing Tonight.

C. H. Tubbs and wife of Grand Forks, N. D., F. N. Jackson of Colfax and other ministers of the Church of the Living God are holding gospel meetings in the tent on North First street near A street, every evening at 7:45 o'clock, with Sunday services at the same hour and 10:30 a. m. A special invitation is extended to the sick and afflicted to attend the service this evening when, according to the announcement, there will be Divine Healing. Among the topics presented are Experimental Salvation, Entire Sanctification, Christian Unity and the Church of the Bible.

Remarks by a New Grocer.

We are not spies. It is not to see the nakedness of the land that we are come. It is to obtain food. We heard that this was a land of great plenty, and that this land was blessed above every other land. We bought out E. M. Harris. It is to trade and traffic in the land we are come.

We want to buy your stuff and sell you our stuff, or if you prefer we will trade stuffs, and if you have more stuff than you want to trade for our stuff, we always have a little money close at hand, and we sometimes give the difference in money. Wives, by this means you will not have to rob your husbands' pockets for pin money. Husbands, tell your wives about this. Our store is No. 2 N. First street. The front of our store is painted black, and looks more like an entrance to a graveyard than to a place where bargains can be had, but the bargains are there. For fear you will not find the place, I will make it more plain. We are situated right under the Yakima pigeon roost. If the city doesn't abate those pigeons we will soon have bargains to offer in guano, also. We have been a little slow at advertising, because we were afraid we could not handle the rush. We are here to stay the balance of our natural life, so far as we know at this writing. Call on us every day in the week but Sunday. We will not open our store on that day. It will do no good to call. We keep no books. We do not sell goods on time. Owe no man anything; but love one another, is our motto. I subscribe myself, W. S. EARLES.

P. S. I came near forgetting to say when you buy goods of us for CASH you do not help pay for bad debts.

To Long Beach, \$10.20 round trip; to Westport, \$8.20 round trip.

"It's Morgan's." I came to a mill by the river side, A half mile long and nearly as wide, With a forest of stacks and an army of men,

Toiling at furnace and shovel and pen. "What a most magnificent plant!" I cried, And a man with a smudge on his face replied,

"It's Morgan's."

I entered a train and rode all day On a regal coach and a right of way Which reached its arms all over the land

In a system too large to understand. "A splendid property this!" I cried, And the man with a plate on his hat replied,

"It's Morgan's."

I sailed on a great ship, trim and true, From pennant to keel and cabin to crew, And the ship was one of a monster fleet;

A first-class navy could scarce compete, "What a beautiful craft she is!" I cried, And a man with akimbo legs replied,

"It's Morgan's."

I dwelt in a nation filled with pride, Her people were many, her lands were wide; Her record in war and science and art Proved greatness of muscle and mind and heart.

"What a grand old country it is!" I cried, And a man with his chest in the air replied,

"It's Morgan's."

I went to Heaven. The jasper walls Towered high and wide, and the gold- en halls Shone bright beyond. But a strange new mark

Was over the gate, viz., "Private Park." "Why, what is the meaning of this?" I cried, And a saint with a livery on, replied,

"It's Morgan's."

I went to the only place left. "I'll take A chance on the boat on the brimstone lake, Or perhaps I may be allowed to sit

On the griddled floor of the bottom- less pit." But a leering lout with horns on his face

Cried out as he forked me off the place, "It's Morgan's."

The discovery of a couple of human skeletons up in the Cowiche the first of the week led the officers to suspect that a dark and mysterious crime had been committed in that neighborhood. Investigation showed that they were probably Indian bones which had lain in the rocks for many years. It was formerly the custom of the Indians to bury their dead in such places, and the bones are frequently found.

HOPS ARE STILL CLIMBING

The 20-Cent Mark was Passed in Yakima During the Week.

Aside from the weather which has been just the thing to boost the hop vines along the strings and kill the lice, the principal topic among hop men has been the discussion of a still higher price. The highest point was reached when Pincus & Son, agents for Lilienthal Bros., of New York, bought the entire crop, about 10,000 pounds, growing on what is known as the Morrison farm owned by the Pennsylvania Mortgage Investment company of Spokane. The contract price is 20½ cents a pound. This is the highest price paid in this valley this year. Hop growers feel better than at any previous period this season. The warmth has driven out all the lice and prospects are of the best for both quantity and quality.

It is claimed that an offer of 22½ cents was made here this week.

The Waterville, New York, Times of last Friday says: During the last week or two there have been visiting hop men here inspecting the crop and in every instance they have corroborated the statements we have made concerning the small yield that must follow. Some of the visitors admitted that they did not believe the statements that went out from the hop regions regarding the condition of the yards but having seen the yards they now believe. One-third of an average crop was as high as any of them dared to put the yield. It is true there are some very fair yards but there are so very many poor ones, some of which will not be picked at all, that the total will be greatly reduced. On the whole the weather has been more favorable during the past week but it comes too late to do much good.

Lumber Company Change.

Miles Cannon returned yesterday from Tacoma where he has been all the week in attendance upon matters connected with the affairs of the St. Paul & Tacoma Lumber Company. A number of changes, consequent upon Mr. Cannon's other business connections, principally the Yakima Valley Bank, were decided upon. Mr. Cannon will remain as executive manager of the local business of the lumber company, but the active manager will be T. W. Howell, now manager of the Ritzville yard formerly at the Mabton yard. Mr. Howell is one of the most expert lumbermen in the state.

The vacancy in the Ritzville yard, caused by Mr. Howell being sent here, will be filled by George Bergstrom, who at present is a grader at Tacoma. The changes will go into effect on September 1st.

Date of Republican Convention.

The county committee will meet tomorrow and fix the date for holding the republican convention.

It is probable that the 23rd of August will be selected. Chairman Cameron has been inclined to hold out for a later date, the 30th, or the 6th of September, and a number of leading republicans have been with him on this point. The demand comes from all over the county, however, for an earlier date. The last August is a bad time for a great many of the boys who want to go to Seattle about the 25th or 26th, and if the convention goes over to September 6 it will be unsatisfactory to the hopmen, all of whom will be harvesting their crop, or very busy preparing for the harvest.

A few gentlemen—notably the Boyle-MacCrimmon crowd—have made a strong point of demanding a late convention, probably for some unfathomable purpose of their own, and have sought to show that there is a clash over the date of the convention. Chairman Cameron and others who have discussed the matter have had but one purpose in view, and that was to have a time fixed that would be satisfactory to the greatest number of republicans.

Mrs. Ira P. Englehart and two children went to Seattle yesterday to remain for several weeks.

Summons for Publication in Foreclosure of Tax Lien.

IN THE SUPERIOR COURT OF THE state of Washington, for Yakima county. E. E. Kelso, Plaintiff vs. Andrew Larsen, and all persons unknown, if any, having or claiming to have an interest in and to real property hereinafter described, defendants. The state of Washington to said Andrew Larsen, defendant. You are hereby notified that I, E. E. Kelso, am the holder of certificate of delinquency numbered 22057-8, issued on the 30th day of December, A. D. 1901, by the county of Yakima, state of Washington, for the amount of twelve and 100/100 (\$12.80) dollars the same being the amount then due and delinquent for taxes for the years 1899 and 1900, together with penalty, interest and costs thereon, upon real property assessed to unknown owner and of which you are the owner, or reputed owner, situate in said county and particularly bounded and described as follows, to-wit: The southeast quarter of the northwest quarter (sw¼ of nw¼) the southwest quarter of the northeast quarter (sw¼ of ne¼), and the west one-half of the northwest quarter (w½ of nw¼) all in section 10, township 8, north, of range 27 east of the Willamette Meridian and upon which I have paid taxes assessed against said property as follows: Taxes for the year 1901, amounting to \$4.05, paid on the 2nd day of July, 1902; total taxes paid on account of said certificates of delinquency numbered 22057-8, \$12.80. All of said sums so paid bearing interest at the rate of fifteen per cent per annum from date of payment and said certificates of delinquency bearing a like rate of interest from date of issue, respectively. And you are further notified that I will apply to the superior court of the state of Washington, in and for said county, for a judgment foreclosing my lien against the property hereinbefore mentioned, and you are hereby summoned to appear within sixty days after the date of the first publication of the summons, to-wit: Within sixty days after the 1st day of August, 1902, exclusive of said first day of publication, and defend this action or pay the amount due, and in case of your failure so to do, judgment will be rendered foreclosing said lien for certificate of delinquency, taxes, penalty, interest and costs, against the lands and premises hereinbefore mentioned, according to the demand of the complaint herein which has been filed with the clerk of the above entitled court. Any pleading or process may be served upon the undersigned attorney for plaintiff, at the address hereafter mentioned.

BREACH OF PROMISE ACTION

Thomas Lund Sued by Hattie Morgan for Heavy Damages.

On Monday Deputy Sheriff Leach served on Thomas Lund summons and complaint in an action brought by Hattie Morgan for damages resulting from breach of promise to marry. The complaint sets up a proposal of marriage in writing and acceptance thereof, together with the fixing of a date for the ceremony. It also tells of postponements of the marriage and the ultimate notice in writing from the defendant that he would never marry plaintiff.

The complaint further states that at the time of the engagement the plaintiff was running the River House in Seattle, making a net profit of \$75 per month. She sold out at a loss and was deprived of her income. She also says that she made a trip to California at the instance and request of the defendant and bought her trousseau and made other expenditures in anticipation of marriage. All of which moneys she desires returned. She further charges seduction and asks for \$10,000 damages.

Hattie Morgan was formerly Mrs. Henry Stone, and she secured a divorce from her husband about a year ago.

With reference to the charges made against him, Mr. Lund declines to talk except to say that he has his reasons for his course and does not care to discuss them until his line of defence is shown at the trial.

School Bonds Sold.

Bids were opened at the office of the county treasurer last Saturday for bonds for building improvements in two of the school districts of the county of Yakima. School district No. 45 had voted to issue \$1,000 worth of bonds and Directors Fred Midke and D. V. Hickox were present. The proceeds are to be used in erecting a new school house on the north side of the river between Prosser and Mabton. A. B. Cline was found to be the low bidder and the bonds were sold to him at \$1 premium, the rate of interest to be five per cent.

Directors O. B. Witson and J. F. Bowman were present when bids on \$1,200 worth of bonds of school district No. 50, that at Parker Bottom, were opened. In this case also A. B. Cline was low bidder, the purchase price being the same as above.

Among the unsuccessful bidders were the Spokane & Eastern Trust Company of Spokane, W. D. Perkins & Co. of Seattle, H. E. Noble of Portland and the State of Washington.

NEARLY all of the candidates for county offices in this field up to the present time are residents of North Yakima. The boys in the country appear to be either too bashful or too busy to apply for court house jobs.

A SMART aleck gave it out in a Seattle dance hall the other night that he was Outlaw Tracy. Some hours later, when he recovered consciousness, he admitted that he was nothing more than a common, ordinary dampfool.

IN another column will be found a communication from Commissioner Lince, asking the republicans of Yakima county to re-nominate Commissioner Horsley this year. It is not the duty of the REPUBLIC to select candidates for the coming convention, but it will take the liberty of indorsing all that Mr. Lince says regarding the ability and usefulness of Mr. Horsley; and, by the way, all that he says would apply just as well to any other county officer now serving. It will doubtless be a long time before the republican party, or any other party, will succeed in electing a set of county officers for the faithfulness and efficiency of whom, individually and collectively, more can be said. The republican office holders in the courthouse will retire at the end of this year with records that will be a credit to the party and to themselves. So far as Mr. Horsley is concerned, he is not an active candidate for re-election, but we venture the opinion that if it is known that he will accept a re-nomination there will be no other candidate before the convention.

"THE G. O. P. is in bad shape," says the Yakima Democrat. This is one of John David Medill's dreams.

THE Washingtonian complains that the REPUBLIC belabors Judge MacCrimmon after saying that all republicans look alike to it. The Washingtonian says that Judge MacCrimmon is a republican. Well, let him go and get a reputation as such then. We can't be expected to know the present political beliefs of every gentleman in the country who was howling for Bryan and rotten money a few months ago.

EDITOR BOYLE has apparently assumed charge of the John L. Wilson campaign for senator in this county, and as General Orders No. 1 has commanded that legislative candidates shall announce where they stand in the senatorial contest. We do not know whether this is a Boyle idea, or a Wilson idea, but it will not go here. The republicans of this county absolutely will not have the senatorial question injected into the campaign here this fall, and Wilson or any other candidate who insists that it shall be will assuredly have reason to regret a serious blunder. The rank and file of the republican party are in earnest on this point. They do not care who is senator, but they do care whether the senator is a republican. To make sure that Yakima county shall cast three votes in the next legislature for a man representing right principles and policies it is necessary to elect three republican members. These members should be unpledged, and it should be known that they are unpledged, and that they will vote as their judgment dictates for senator. Any attempt before the convention, or before the campaign to line them up for Wilson, Ankeny, Preston or any other candidate, will precipitate a factional struggle in the party which if it does not result in the loss of a part of the legislative ticket will at least work for the advantage of the democrats. We repeat that it must not be done. Every interest of the county, and of the party, demands that Yakima's three members should go to the legislature free to vote for any senatorial candidate they prefer. Any man who insists that they shall not be free has not the welfare of the party at heart but is the selfish partisan of a senatorial candidate, and places the interest of that candidate ahead of the party's interests.

Man Hunters Abroad.

THE REPUBLIC has used every endeavor to ascertain all the truth concerning the wonderful "Tracy" hunt that took place in the Umtanum hills last Saturday night.

All the participants seem somewhat reticent, but the facts are about as follows. Mr. John Cleman's sheep camp at the mouth of Black Canyon was robbed of a store of canned goods last Thursday night. Now John is a prince among good fellows and will willingly feed any number of persons on short notice, but strenuously objects to imposition, therefore vowed vengeance on the thief if found. Saturday noon a young lad, under herding cattle in the Umtanum hills, surprised a sandy complexioned man asleep with a rifle resting on his left arm and his right hand on the lock. Suddenly awakening he sprang to his feet, brought his rifle to the ready and demanded of the boy what he was doing there. The lad explained. The stranger then asked the nearest way to the Northern Pacific railroad and being nearly barefoot told the boy to go to the settlement in the Wenas valley and get him a pair of shoes. This the young man agreed to do, turned his horse for home and immediately nothing could be seen of the fleeing cayuse but a cloud of dust rolling down the trail to the valley. On arriving home, he reported to his employer but neglected to return with the shoes. In an hour or so this was communicated to Mr. Cleman, who straightway concluded that the camp robber and shoeless vagrant were one, and commenced to arrange his plans and men accordingly.

In the meantime by some mysterious telepathy, the police justice of our city who is a great friend of Mr. Cleman, was apprised of the state of affairs. The docket of the police court for Saturday was summarily closed and a "limb of the law" was urging a willing horse enroute for the Cleman ranch. A passerby, at the request of Mr. Cleman, brought the news to the city marshal. Grant wept "tears of blood" but could not get a horse for love or money. Soon the sheriff's office caught on and about 2 a. m. a hack loaded down with armed men under the lead of the sheriff drew up at the Cleman home ranch. That was a wild night on the Umtanum mountains. The lone coyote howling with fright sought the depths of the most dismal canyon; the timid jack-rabbit fled dismayed; the grouse and sage hens, in coverts, left the country; the tired farmers of the Wenas, awakened from their slumbers by the baying of dogs, neighing of horses, tramp-tramp of armed men wondered if the circus had come before its time. Daylight broke at last. One by one the man-hunters, as the sun rose blazing hot, sought cover and their homes. The participants appear to be unwilling to furnish particulars, but Tracy still occupies that "undiscovered country."

Since the above contribution was received at this office, Sheriff Tucker has stated to a REPUBLIC reporter, that he did go to the place after receiving a call which he supposed was genuine and that he was led to believe that the man was Tracy. He went, feeling that it was his duty as an official. However, he expresses himself in forcible language on the sense of humor which will put the county and its officials to the expense of taking such a trip.

It appears that our Prosser friends picked up the hot end of the poker when they went into a caucus on the question of county division.

Republican Committee Meeting.

Chairman Cameron of the Republican Central committee has issued a call for a meeting of that body for tomorrow. The objects for which the meeting has been called are to fix the date for the county convention and for the primaries, also to determine the number of delegates in the convention to which the precincts will be entitled, including the new precincts recently erected by the county commissioners. Other business as may properly come before the meeting will be disposed of.

Water Appropriations.

Water appropriations have been filed with the county auditor for mining work in the southern part of the county. One appropriates 400 miners' inches from Lava creek, a tributary of the Klickitat, at a point 200 yards east of Lost Cabin. The other takes a like amount from Gold creek at a point 300 yards north of Discovery shaft of the Eureka mine. In each instance the paper is signed by L. C. Parker, T. J. Parker, T. W. Parker, F. L. Parker, J. H. Lasswell and J. L. Lasswell.

G. W. Cary will open a stock of groceries, queensware, glassware, etc., in the Ladow building on Second street, opposite the REPUBLIC office, about August 20. Mr. Cary has gone to Seattle to buy stock.

The closing out sale at Keck's Clothing store still continues. Special bargains in boys' clothing until the stock is gone.

If you have not lately used "Yakima Best" or "Puritan" flour try a sack and be convinced that it is the best family flour on the market. Both are now retailed at the same price.

BAND ASSOCIATION FORMED

Amateur Organizations of Washington Unite to Hold Tournaments.

The band festival at Ellensburg last Thursday proved a very enjoyable event to all who attended. A number of persons in addition to members of Nagler's band went up from North Yakima, took in the ball and had a good time generally.

Perhaps the chief general and local interest lies in the fact that the Northwestern Washington Amateur Band Association was organized by representatives of four bands, Kent, Roslyn, Ellensburg and North Yakima. The name seems to confine membership to one section of the state, but it is a misnomer in all respects except the locality of the organizations in its original membership. Invitations to join are to be sent to every amateur band in the state. The objects of the association are the furthering of fraternal relations among bandmen and the raising up of an organization which will foster an annual band tournament.

Leader Nagler and others of the Yakima musicians laid before the meeting the plan for a tournament here and told how the state fair commissioners had lent their support to the plan. The idea of a permanent association and of annual tournaments was instantly indorsed. The officers chosen are:

President, F. X. Nagler, North Yakima; vice president, Mr. Moss, Roslyn; secretary and treasurer, F. P. Lanterman, North Yakima.

"WES" BECKS TO BE TRIED

"Dude" Minner Testifies Concerning the Stabbing in Mrs. Beeks' Rooms.

The hearing of the case of Wesley Beeks, charged with assault with intent to kill was held on Monday afternoon in the superior court room before Justice of the Peace Taggard. Beeks was present with Ira P. Englehart as his attorney, while County Prosecutor Guthrie conducted the examination of the complaining witness, J. E. Minner, the victim of the stabbing incident on the Fourth of July in the house on Moxee avenue where Mrs. Beeks lived.

On the stand Minner told in answer to questions on direct examination substantially the story told by him to the REPUBLIC. Mr. Englehart on cross examination had Minner rehearse the story, interjecting questions of a more definite character than that of the direct examination. The matter of the number of times Minner and Mrs. Beeks had met prior to the evening in question was probed into, with little effect. Mr. Englehart asked Minner if he had ever told friends of Beeks that he would not prosecute Beeks in case he was paid \$250 or a sum of money equal to the amount of expense he had been put to at the hospital and for medical attendance.

An objection was immediately entered and a discussion as to the admissibility of the answer ensued.

"I want to know whether this prosecution is genuine or is a hold-up proposition," said Mr. Englehart.

All questions along this line were excluded. Mr. Englehart went deeply into previous visits of Minner to the house and asked if ever before that night Minner had called at the house to see Mrs. Beeks. Minner replied that he had never been in the house before, knowing it to be the place of residence of Mrs. Beeks. Minner had testified that Mrs. Beeks first approached him that night to pay him for her transportation from the fair grounds, during the ride from which she had sat at the other end of the carriage and had not spoken to him about being trusted for the ride. Mr. Englehart thought this rather unusual, but was unable to shake the testimony of the witness.

Justice Taggard then held Beeks for the superior court, fixing bail at \$750 to appear for trial.

AHTANUM AND NACHES ROADS

Rights of Way for Both Branches have Practically Been Given.

So far as the attitude of the property owners along the proposed routes for the roads up the Ahtanum and Naches are concerned, those branches of the Yakima Valley Central Railroad are assured. At the gathering of the committee having in charge the securing of the right of way along the Ahtanum last Saturday, the report was to the effect that almost every foot between Wide Hollow and Soda Springs had been given, and only the fact that between the Selah avenue terminals and Wide Hollow there are many small parcels of land prevented a report on that section.

The committee reported that all the land owners resident in the valley were very favorable to the road and expressed willingness to give the right of way. Some property owners are non-residents, but they are few and are considered to be in favor of the construction of the road.

This makes it possible to state the probable route of the road beyond Stephenson's ranch at Wide Hollow, about two miles from the city. It is as follows: From Wide Hollow the railroad will follow the main road for about eight miles, where it will turn south between the river and the road and traverse the more thickly settled part of the valley as far as Timothy Lynch's ranch; thence the line will follow the main road.

Encouraging news has been received from the people along the proposed route of the Naches branch. Here all welcome the coming of the road and not a straw has been laid in its way. As in the case of the Ahtanum branch, the route immediately after leaving the Selah avenue terminal is unknown until Daniel Nelson's ranch is reached. From that point the railroad will follow the road to Kershaw's and after that point it will take to the hillside to the upper Naches valley and then through the settlements to Fechter & Janek's ranch, 18 miles from the city. All this route has been given with the exception of a few small parcels where the owners believe that they should be compensated.

Surveyors have been at work on the route during the week and upon the receipt of their report, data will be in the hands of the promoters which will be of a definite character. But on the face of the situation there is nothing to interfere with the putting through of the road which will make easy access on the part of the ranchers of the two valleys to North Yakima.

A PETITION FROM NOB HILL

Reduction in High School Tuition Wanted—New Janitors Appointed.

The school board of District No. 28, familiarly called the Nob Hill District, presented a petition to the local school board Monday night for a reduction in the tuition charged to outsiders taking the course. M. N. Richards, one of the Nob Hill directors, was present. The petition states that last year seven pupils were graduated from the eighth grade of the Nob Hill school, "who will require high school instruction in your school." The petition went on to state that with the increase of population of the Nob Hill district the high school quota would be correspondingly increased. No definite amount of reduction was suggested. The board promised to take the matter up at a later time.

Superintendent Jolley recommended the appointment of janitors, which was done, as follows: William Markman, high school, \$55 a month; I. L. Churchill, Columbia school last year, Central school, \$50; A. J. Wise, high school the past two years, Columbia school, \$40 a month.

Insurance on the Columbia school to the amount of \$5,000 was renewed, and \$1000 on furniture, making \$8,500 all told.

Miss Daisy Owens, sister of Mrs. J. H. Needham was appointed teacher at \$55 a month. Miss Owens came highly recommended by the Nob Hill district where she has taught for two years.

Clerk Peck was instructed to keep books so that facts concerning each school may be seen at a glance.

Superintendent Jolley reported the collection of \$250.50 in tuition fees since the 5th of last February.

It was voted to prosecute to the full extent of the law such as may be guilty of destroying school property.

Hon. A. H. Wilcox, a member of the Minnesota legislature, spent a day this week with his brother, C. P. Wilcox. He had just returned from Oregon, where he was engaged in looking at some timber land with a view to making an investment. Although 69 years of age he went out into the woods and had no trouble in keeping up with his younger companions. When they started back to the railroad he knew as much about that particular timber land as any cruiser who has inspected it.

Sunnyside Ditch Broke.

A flame on the Sunnyside ditch, two miles below Zillah, broke down last Wednesday night and until Sunday the people under the ditch below the break were out of water. Manager Granger said that little inconvenience was caused the users and good fortune favored a quick repair because the material for restoring the broken part was at hand at Zillah. No damage was done to the country and the water was allowed to leave the ditch waste gate.

HORSES AT THE FAIR GROUND

Promising Animals Which are Being Worked Out on the Local Track.

The coming state fair promises to exceed all previous ones in the matters which pertain to the racing horse. The fair management is giving all the encouragement at hand to the men who are interested in breeding and developing speed and the facilities for training and warming up have been advertised among the breeders with the result that North Yakima has been the scene of much trying out and getting into shape. All the season there have been many horses at the grounds, but now with the approach and commencement of the turf season the horses which have been worked at the track have been scattered to the different points along the circuit where they were to commence the season, until there are comparatively few at present on the track and some of these are destined to leave in a few days.

The working of the raw and developing animals on the track has kept the course well conditioned until even at the present time the track is in prime form. The local track has been recognized among horsemen as one of the fastest if not the fastest on the coast. The constant use of the course for training both runner and harness racer has served to keep it in the finest possible condition, and horsemen are looking for the track record to be broken several times during the coming meet at fair time.

The greater part of the harness horses now at the track are colts, but some of them spring from an ancestry which is most promising and while their work in an actual race is problematical, the events in which they participate will be watched with much local interest. Among the animals yet at the track are the following:

Matt H. Williams' string. This is headed by the stallion Yendis, who showed a 2:20 clip as a two-year-old, but was never put to his mark. He is a handsome pacer, easy gaited and with bursts of speed. His sire is Sidney, whence his name, the letters being in the reverse order, and he traces back to the great American sire, Hambletonian 10. On the side of his dam, Yendis has good blood, his dam being Miss Gift by Gen. Benton, and his second dam, Ada Lee, by Coville's Black Hawk, dam of six in the list. Kenoth, a two-year-old trotting stallion, is being worked into form for the two-year-old class and is showing up well. He is sired by Antrim and his dam is Aronax, sister of the great Ax-tell, 2:12 as a three-year-old, both strains being of Kentucky breeding. Another two-year-old, likely to be seen in this fall's events, is Axel, by Alexis, dam Cecilia by Meredith. Mr. Williams also has a very promising yearling stallion he is commencing to work, in Nebulis, a grandson of Altamont, Lady Wilkes being his dam.

C. E. Dowling's string owned by John Hogan of Davenport. This string is headed by the black stallion, Rinaldo, who has never been put to his mark, but who will enter in the Hotel stake 2:40 trot. It is Mr. Hogan's idea to give him some kind of a mark this season. Rinaldo should show good form, judging from his breeding, but inasmuch as Mr. Hogan has been breeding road horses, he has not until now paid any attention to track horses. Rinaldo's sire was The King, a son of George Wilkes and the Wilkes strain shows up well in the horse. Two of Rinaldo's get are being worked, the most promising for development this season being Pascado, a three-year-old trotting filly, dam Pasco, second dam Sally M. Dowling also has an unnamed five-year-old pacing gelding of the same blood as Pascado.

Among the running horses at the track are the following: Tourist, a seven-year-

old thoroughbred Kentucky her e, owned by Petross and Stump, of whom much is expected in the distance events; Ida H., bred in Haggin's California stables and a thoroughbred, now owned by H. McEwen of Ellensburg, and said to be a good quarter horse sired by J. M. R.; Yakima Girl, a two-year-old owned by Carvosso, who has entered her in the Seattle stake, at 5-8 of a mile; Lady Myrtle, whom Ed Lyons has entered in the Seattle stakes, the filly being by Tom Finley-Littlefellow; Prairie Flower, owned by Henry Eno and in charge of George Eaton, a handsome two-year-old by Mettle, dam full sister to Red Dick, a well known sire on the coast; E. C. Bickle's Jim Corbett, who has been entered in the Seattle stakes for events from 3-8 to 5-8 distance.

The running horses are expected to be shipped to the sound in a few days, but Williams expects that horses calculated to enter the events here will soon be arriving.

Elk's Arrangements.

The local Elks are completing the arrangements for the special train to take them and their friends to the Seattle carnival. While matters of detail have not been arranged it may be said that the train, on which will go the 45 locals in uniform, will leave North Yakima on the morning of the 26th of August. The big parade comes on the following day and the 28th is Eastern Washington day. The Mardi Gras takes place on Saturday night. It is the plan to allow people from here to take in all these principal events, and in consequence the managers hope to secure a ticket which will be good going on the special and returning on any train up to the night of Sunday.

Lumber Company's Experts.

The development of the plant of the Cascade Lumber company is expected to take a big leap forward within the next few days. John Hilley and P. A. Harnett, two experienced men from Stillwater, Minn., reached the city early in the week and set about their task of planning and constructing the wood work necessary to the spillways in the dike and the work at the inlet to the storage pond, including the sheer boom which will turn the logs as they come down the river from the mountains into the storage reservoir. After this has been completed the experts will take a trip up the river to investigate obstructions to driving down the logs.

Tragic Tale, Tensely Told.

"Same old story—17 to 7," was put on the bulletin board at the Club cigar store late Sunday afternoon. No one knew then how it happened. No one here suspected that the Hopkickers' score book had been thrown away in the seventh inning when errors and Ellensburg's slugging of Klinsk's curves had piled up 13 runs. The curtain of charity is drawn over the details of the undoing of a once proud aggregation of ball players. Selah!

Jones-Tickner.

Miss Cora V. Tickner, daughter of Rev. J. J. Tickner, was married at the home of the bride's parents on the 25th inst., to Mr. H. A. Jones, the father of the bride officiating. The ceremony was private and no invitations were issued. The couple took the morning train for Ellensburg where they will make their future home.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Cookswalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this remedy frequently and have never known it to fail in any single instance." For sale by all druggists.

WESTSIDE SURFACE WATER

City Surveyor Marble to Suggest Remedies to the School Board.

Acting under instructions from the city officials, Surveyor Marble has been investigating the matter of the drainage, or the avoidance of water, in the vicinity of the Columbia school. It will be recalled that one of the trouble-makers with reference to issuing city bonds for school buildings and improvements, is the disposition to make with reference to this school and the fitting of it up so that all sanitary conditions will be of the best.

Mr. Marble first went to the Ker tract, where there is a draw at D street in which water has been standing and which has very considerably increased in volume recently. A flume will be recommended for this spot as tending to decrease the amount of water settling there.

The irrigation ditches on Kittitas avenue have been the source of the accumulation of surface water after stock has been driven through the street. The animals drink from the ditches and by sticking their hoofs into the dirt cause obstructions and the water flows over the edges before the street department can apply the remedy. Mr. Marble says that the ditches are considerably higher than the ground about them and higher than necessary. He will recommend the lowering of the ditches so that they cannot overflow to the lower ground.

With reference to the feasibility of draining the basement of the Columbia school, Mr. Marble has decided ideas in opposition. It has been suggested that a drain pipe leading three blocks to the Selah avenue sewer should be put in, but the city engineer opposes this because the sewer is not intended to carry off surface water, simply the substances whose presence would interfere with strict sanitation. That is the case, he says, with all the sewers in the city, and it is in accord with the latest ideas on successful sewerage of cities, that there be two systems, one for sewage and one for surface water.

The engineer will also recommend that the Schanno ditch be widened and deepened at Rainier avenue and C street, in order that it may carry off surface water.

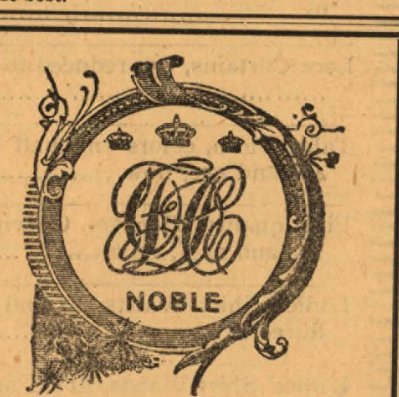

Another suggestion he will make is the grading of all streets in that section of the city, so as to form gutters which will take off surface water along the grade of the streets. There is now little chance for the water to escape without sinking into the soil.

"What in your opinion is the force which is putting water into that part of the city now, when it was not there some years ago?" was asked.

"Why, it is the seepage from the large ditches. A stratum of soil underlies the city like a bowl or saucer and that is filling up. It is not my business to suggest the remedy at this time, but I believe the thing the city has got to face in the near future is the construction of a good sized drainage tube whose outlet will be at the river. Such a pipe could be very easily laid in the alley between Yakima avenue and A street. It would not have to be tremendously deep, about nine feet across the railroad tracks, with a gradual descent to the river. This would let all that water on the west side escape and if open joints were left in the pipe it would drain the places on Yakima avenue which now have water in the cellars. A 30 to 36 inch pipe would do for all time, in my estimation."

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh is a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. REPORT OF YAKIMA MARKETS

Weekly Summary of Conditions in Principal Agricultural Lines.

The general market situation is just about the same as last week. Early products have been coming in in increased quantities while those of the waning season are fast disappearing. With the prices there has been little change, though new potatoes and corn on the cob have dropped a little in price.

The first tomatoes of the valley were brought in on Tuesday and brought their producer 10 cents a pound. They were few in number, hardly enough to mention, but they were the first of a crop that promises to be very large.

Sunnyside Lands Advance.

Manager W. N. Granger of the Washington Irrigation Company states that after September 1st all lands of the Company will advance in price \$10 per acre. The advance is made public in order that intending purchasers of land under the Sunnyside ditch may have no cause for complaint. The reason assigned is the increase of value owing to unprecedented sales this season. The sales in June this year were larger than those of June, July, August and September of last year put together.

For County Commissioner.

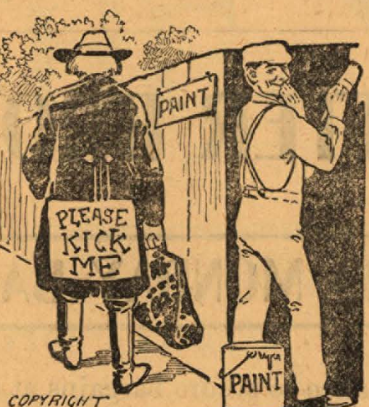

If the tax payers of this county know a good thing when they have it, they will re-elect Frank Horsley for county commissioner. I am in a position to know his ability as a commissioner, having sat with him the past two years. He has always the county's interest at heart and is always ready to do anything that will be to the best interests of the majority of the people. He is a man fitted for an office far higher than the one he now holds. Moreover, it is a great saving to the county to have two commissioners living close together, as there are often questions that will arise between sessions that must be settled, and can be settled without calling an extra session. Therefore, the expense of the extra session is saved. I hope the republican party will see this in its right light and give Mr. Horsley a re-nomination, which means his re-election.

A YOUNG LADY'S LIFE SAVED.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.
Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything that I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by all druggists.

Order Fixing Time for Hearing Final Account and Petition for Distribution of Estate.

IN THE SUPERIOR COURT OF THE STATE OF WASHINGTON, in and for the county of Yakima, In re: estate of William Gerard, deceased. Nelson Rich, Executor of the estate and last will received at this court for filing and distribution of said estate among the parties entitled thereto. On the 25th day of July, 1902, at 10 o'clock a. m., at the court room of this court in North Yakima, Yakima county, Washington, the undersigned, hereby appointed as the time and place for the hearing of said petition for distribution and the filing of said account, and that the clerk of this court shall cause notice of said hearing to be published in the public places in Yakima county, Washington, and by causing said notice to be published in the following named newspapers, to-wit: The Yakima Republic, a newspaper published at North Yakima, said county, and the Yakima Herald, a newspaper published at North Yakima, said county. Dated, July 25th, 1902.

Notice is hereby given, pursuant to the final account of Nelson Rich, executor of the estate of William Gerard, deceased, filed in the above entitled cause, and the petition for distribution of said estate, that said account and petition have been filed in the court room of said court in North Yakima, Yakima county, Washington, on the 25th day of July, 1902, at 10 o'clock a. m., and that the time and place for the hearing of said account and petition, at which any person interested in said estate may appear and file objections or exceptions in writing to said account and petition and to the will thereto, is hereby fixed for the 25th day of July, A. D. 1902.

Order to Show Cause Why A Sale of Real Estate Should Not Be Made.

IN THE SUPERIOR COURT OF YAKIMA COUNTY, State of Washington. In the matter of the estate of D. L. Dr. Grant, deceased. The petition of D. L. Dr. Grant, executor of the estate of D. L. Dr. Grant, deceased, directed to sell the real estate belonging to the estate of said deceased, having been presented to the court on the 23rd day of July, 1902, the said petition appeared by Whitson & Park, its attorneys.

It appearing to the court that the personal property of said deceased which has come into the hands of said administrator is insufficient for the purpose of paying the debts, taxes and charges of administration of the estate of said deceased, and it is necessary for said purposes to sell the real estate belonging to the estate of said deceased.

Wherefore it is now ordered by the court that said petition come on for hearing on Saturday the 23rd day of August, 1902, at the hour of 10 o'clock a. m., in the court room of said court in North Yakima, Yakima county, Washington, and that notice be given to all persons interested in said estate, to appear at said time and place and show cause if any should move why the prayer of said petitioner should be denied and said property directed to be sold.

It is further ordered that the clerk of this court do cause the hearing of said petition by publishing a copy of this order once a week for four successive weeks in the Yakima Republic, a weekly newspaper printed and published at North Yakima, Yakima county, state of Washington.

Contest Notice.

Department of the Interior, United States Land Office, North Yakima, Wash., July 25, 1902. Notice is hereby given that a contest has been filed in this office by Levi L. Yoder, contestant, against Timber Culture entry No. 12, made May 12, 1890, for South East quarter Section 6, Township 12 N., Range 22 E., by Schuyler Colfax, Harbour Contestee, which it is alleged that Schuyler Colfax caused to be broken 5 acres the second year, trees or cuttings of trees or plant to seeds, the second, third, fourth, fifth, sixth, seventh, eighth years (1891-1898) as required by law said parties are hereto notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m. on Thursday, August 14, 1902, before the Register and Receiver at the United States Land Office in North Yakima, Washington.

The contestant having, in proper affidavit, filed July 25, 1902, set forth facts which show that after due diligence personal service of this notice could not be made, it is hereby ordered and directed that this notice be given by due and proper publication.
