MEMORANDUM TO MEMBERS OF THE SOCIETY:--

There are a number of dividends coming from membership in this Society--here is a new one that can be valued in terms of Cash.

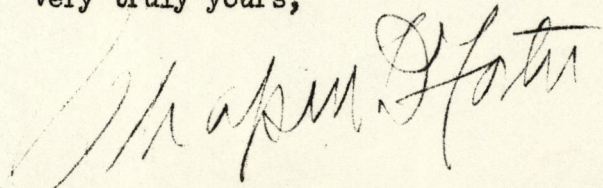

The Board of Curators authorized the establishment of a Book Department for the sale of books having to do with Northwest History. The response has been most gratifying, indicating that this will prove a very valuable Society service.

As to the dividends to members, all paid-up members of the Society will receive a 15% discount on all books purchased through the Department.

The enclosed Book List covers books carried at present. New Lists will include books added later. Each title carries with it a descriptive paragraph giving you an idea of the book itself.

It is our hope that members take advantage of this new dividend that comes with Society membership.

Very truly yours,
