Receptionist-Clerk:

Would you please contact Coppers Insurance Agency, representative of our group insurance plan and the Paul Revere Life Company, notifying them I have paid you \$22.50, 6/15/62, receipt 9970, money due you as of this date in the medical treatment of Clifford C. Relander (Dr. Uber, doctor).

The sum does not agree with your last billing tome, (19.00) and this information will help the insurance agency clear the account.

Your additional billings, which I expect will continue from time to time throughout a period, will then be clear to all of us.

Sincerely
