### TO ADVERTISE NORTH YAKIMA

Commercial Club to Prepare Literature to Distribute in the East This Spring.

The Commercial club has taken up the matter of advertising North Yakima and Yakima county in the east this spring with the hope of securing a part of the immigrants coming to the northwest during the excursion period. This action was taken at a meeting of the club held last week and a committee of three, composed of Ira P. Englehart, A. E. Larson and F. C. Hall, was appointed to make arrangements. The general plans of the committee are to get up a prospectus of this city and surrounding country and other advertising matter and distribute it among the new people coming from the east to the northwest. The committee has secured \$100 from the city council and will begin at once to solicit money from the business men and other residents of the city to raise the balance. The club will also contribute about \$50 or \$75 toward the fund. It is thought the county will also assist in the matter and together a good sized sum can be raised for the purpose. The advantage of advertising of this kind is readily recognized by the people of this valley. As was explained by Mr. Englehart on Monday evening before the council the tide of immigration that comes to the state is diverted to other parts for the reason that North Yakima has not done a thing to secure a part of them.

All the small towns and cities of eastern Washington have been securing a great many of the new people for the reason that the people in that part of the state have been advertising. At Spokane every immigrant train coming west is boarded by a representative of the city and the passengers are persuaded to stop off there to look over the country. The railroads have given the immigrants the privilege of stopping off there for ten days on journey westward.

The work of gathering statistics will be commenced at once and the prospectus prepared at the earliest possible date. It is the desire of the club to have it ready this month so as to be used by the time spring sets in. The railroads have extended the time limit of the home seekers' rates from April 15 to June 1. This is done because a great many contemplating coming west cannot get ready by that date owing to the cold weather back east.

The city will also do a little advertising itself. The council now has under consideration plans for the establishment of a booth at the railway station in the corner of the park. This will be used as a stand from which to sell Yakima fruit and other products. A large sign with legend "North Yakima" on it will be placed in the park to let passengers on the trains know what place this is.

### May Graze on Certain Reserves.

In the United States circuit court of appeals Judge Hawley at San Francisco today handed down a decision of interest to cattlemen in the west. It is concurred in by Judges Gilbert and Ross, and is to the effect that the injunction granted by the United States circuit court for the northern district of California, restraining certain sheep owners from grazing their flocks on a government forest reserve, was entirely unconstitutional and just under existing federal statutes.

The decision is a victory for United States Attorney Woodworth, who brought suit in the circuit court for the insurance of an injunction to restrain the defendants from herding and grazing their bands of sheep on the Stanislaus forest reserve, which includes the Yosemite national park. The circuit court granted the injunction, and the defendant then appealed the case to the circuit court of appeals, with the result above stated.

### Beet Sugar Factory.

The beet sugar factory is practically assured for North Yakima. E. D. Cummings, the promoter of the scheme, was expected here on Tuesday to open an office, but was delayed for business reasons. He is expected here any time. It is his purpose to open an office and solicit the aid of the farmers in accomplishing results. It is understood that the company will only ask the farmers to agree to raise the beets.

### Isaac Lancaster.

Isaac Lancaster of Selah died suddenly at the home of his son, Monday, March 2, 1903, of heart failure, aged 75 years. He came here about two years ago from Goldendale at which place he leaves some children. He was born in Ohio and came west a number of years ago. The interment took place Wednesday.

Mrs. H. B. Voorhes, dressmaking; room 12 Ditter block. mar6-2

### A Priest Greatly Surprised.

"I never was so much surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Crook, pressman of the Asheville (N. C.) Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." Sold by Fred L. Janek, druggist.

E. L. Sessions, city undertaker, calls attention to the fact that his establishment is open day or night. Mr. Herbert Gilbaugh will respond to night calls. Telephone 523. feb6-1f

### TOOK TOO MUCH MORPHINE

W. W. Britt Dies at the Home of Prof. L. Wright—Some Mystery About Death.

W. W. Britt of Morris Minn., who has been living at the home of Prof. L. Wright, the dancing teacher, for some time died in his room at 2 p. m. Tuesday under circumstances that indicate that he had taken an over dose of morphine. He had gone to bed the night before in good spirits, says Mr. Wright, and was called for breakfast about 10 o'clock the next morning. He was found in an unconscious condition in his room.

When he went to his room late at night he took with him a small pitcher of water and a drinking glass. When an attempt was made to arouse him in the morning groans were heard coming from his room. The door was opened and he was found gasping for breath and in a serious condition. A physician was summoned, but he did not rally. He showed all the evidence of having taken an overdose of morphine.

The remains were taken charge of by Undertaker Sessions and were shipped to Morris, Minn., his home city, for interment. He leaves two sons, J. W. Britt of Windsor, N. D., and Harry Britt of Chokio, Minn., who notified the coroner to send the remains to Morris. Mr. Britt came here six months ago. He was in very good circumstances. His bank books showed that he had money on deposit here and in banks of Spokane and other places. It is not known that he gambled, but however his money seems to have disappeared rapidly. He was about 55 years old and made but few friends while in the city. He had bought some property here with the intention of making the place his future home.

County Superintendent S. A. Dickey has been petitioned for an addition of two rooms to the Toppensish school house. There are already two rooms to the building, but the population has grown so fast in the last two years that it will require two extra teachers to accommodate them. This district is on the reservation and is used only by the children of white parents or children of American citizens.

The Cascade Lumber Company on the second of March filed a copy of its articles of incorporation with the county auditor. The articles had been filed with the state auditor in March, 1902. The trustees named are Albert Tozer of Tacoma, H. P. Svensen and R. E. Slaughter of Hudson, Minn. and E. K. Hughey of Bellevue, Iowa.

M. H. Grover of Escanaba, Mich., arrived here this week and will take general charge of the Cascade Lumber company's business. Mr. Grover is an experienced sawmill man, and expresses much interest in the work.

Wanted, to exchange, a \$2000 nine-room house and 150 foot lot in Olympia for North Yakima property. Address, at once, box 212, Olympia, or inquire at this office. mar6-1f.

### BURGLAR CAUGHT IN THE HOUSE

Late yesterday afternoon a lady on the West side alarmed the neighbors by running out of her home into the street calling for help. Several gentlemen were passing along the street near by on their way home, and on hearing the frantic cries rushed to the house to ascertain the cause. The lady told them in a hysterical way that a burglar was in the house. One of the gentlemen ran across the street to the nearest phone to call for the police, another ran for a doctor to attend the lady, who had fainted on the sidewalk, while the others surrounded the house, clubs in hand, awaiting the exit of the burglar. The doctor soon restored the frightened lady, who explained that upon her return from down town she went into her house and soon after stepped into the kitchen, where she saw the burglar. By this time the policeman had arrived, and the lady repeated her experience to him, adding that before going down town she had prepared her dough and set it in the pantry to rise during her absence. On entering the kitchen she saw the burglar standing in the dark end of the pantry. The policeman and two of the gentlemen present at once went into the house, while around it a large crowd awaited, all armed with clubs. On entering the pantry, there stood the silhouetted burglar in the dark corner. The policeman shouted "Throw up your hands!" but as the order was not promptly obeyed he rushed forward and struck the figure a powerful blow with his billy, when crashing to the floor went the lady's dough and bowl, the latter in a score of pieces. The lights were turned on and the burglar proved to be the dough, which had risen during the lady's absence until in the dark it resembled a man in height and form. The embarrassed lady explained her dough had never before risen above the edge of the bowl, and being dissatisfied with her bread she had bought a sack of Yakima Best flour, and this was her first experience with it.

## Great Bargains This Week

### J. J. MACDONALD.

### A BENSON SUSPECT ARRESTED WORK IS ABOUT COMPLETED

Found on Truck of 3 P. M. Train Wednesday, But is Not the Man Wanted.

Sheriff R. A. Grant received a telegram from the sheriff of Kittitas county Wednesday afternoon to arrest a man on the trucks of the 3 p. m. train coming east. He answered the description of Christ Benson, the murderer of Jailer Morrell at Olympia. Sheriff Grant was at the train with a force of assistants including the city police force and when the train pulled in the Benson suspect was arrested. He was taken to the city jail and examined, and was then put into the county jail. He gave the name of John Wilson. He said he boarded the passenger train at Easton, at which place he had been two days, coming from Seattle. While Wilson on this first glance resembled Benson he did not prove to be the man, although he was held and a photograph taken of him.

### Ball Club Getting Ready.

Engineer Marble surveyed the ball grounds this week and prepared plans for leveling the ground. Work will be commenced at once to put them in shape. Al Gibson of Rossland, B. C., has been secured by the club to play first base. He will be here by the time the grounds are in shape and practice with the team.

Water Will be Turned in the Congdon Ditch at Usual Time.

The Congdon ditch improvements will be completed in a very short time. Work on the extension has been finished, the flume completed and there yet remains to be done the widening of the canal over the highest point on Nob Hill and the completion of the tunnel through a part of the painted rocks.

This canal has been built through only a part of the ditch. It was the intention of the company to make a hole through the whole point but owing to the failure to secure the right of way under a very small part of it the company abandoned the scheme. They have cut a bench along the brow of the cliff and on this the flume rests. The tunnel is at the northwestern side of the cliff and runs through a small point. This tunnel is very near completed.

Water will be turned into the canal about the usual time for spring work. Owing to the lateness of the winter it is thought that water will not be needed on the land as early as it was last year. There will be a large amount of new land put under cultivation in the Wide Hollow district this summer on account of this extension. The total cost of the improvements was \$45,000.

The spring term of the kindergarten opened Monday, March 2nd. For further particulars inquire at the kindergarten, 106 North 3rd St. or of Miss Alice Scudder. 1t

Notice.

### A. N. SHORT DEPUTY MARSHAL

Appointed Last Friday and Has Qualified  
for the Place.

A. N. Short has been appointed deputy United States marshal for the district of Yakima to fill the vacancy that has remained here since A. L. Dilley's term expired last year. Mr. Short was called to Tacoma last Friday morning to qualify for the office and has returned a full fledged deputy marshal. The appointment of a marshal here has been requested by the officials of the reservation and a large number of citizens from this city. Owing to the growing evil of selling whisky to Indians the situation had reached such a stage that an officer was absolutely necessary to keep peace among the wards of the nation.

The office was made vacant by the department for the reason that at that time there was little necessity for a deputy marshal, as "bootlegging" had reached a minimum of effectiveness. With this condition it was not thought necessary by the department of justice to maintain a representative here. But as soon as the officer was removed the practice was resumed again.

### A PLEA FOR FISH IN CANALS

Subscriber Thinks Screens Should be Placed  
at Intakes for Protection.

Editor REPUBLIC: Knowing that your valuable paper reaches the most people in Yakima county, I take this means of pointing out to the public the awful slaughter of the game fishes of our rivers, which is, and has been going on for several years in this locality. I allude to the killing of fish in the irrigation and other ditches which are taken from the river.

Last year when the water of the Sunnyside canal was shut off, the Indians literally took away fish by the pack horse load, a very large percentage being trout. They caught only the big ones, and hundreds of thousands of small fish perished when the water dried up. A rancher under the Congdon ditch, told the writer, that he found over 30 dead trout in his patch of a few acres of alfalfa last year.

Surely if we want to preserve some fish for the future generation in our rivers, a law should be passed requiring all ditches to place a fish screen at their headgates. Such screens would not cost a great sum, and would not make much extra work for the ditch tenders, and if something of this kind is not done within the next few years, the rivers of this part of the state will be depleted of fish. As it is, the fishing in the Naches and Yakima last year was much poorer than ever before—simply from a scarcity of fish.

Hoping this matter will have the attention of the Yakima Rod and Gun club, I am,  
A FISHERMAN.

### Order of Washington.

The order of Washington met in regular session on Thursday evening, February 26, in the I. O. O. F. hall. After a short business meeting, the lodge rooms were thrown open to the public and the following program was rendered: Piano solo John Vansycle; speech, Dr. P. Frank; Recitation, Mrs. S. Brown; vocal solo, Odie Fry, accompanied by John Vansycle; recitation, Guy Navarre; Piano solo, Miss Nellie Kinney; vocal solo, Jesse Hatfield; recitation, Luke Linn; essay, Miss Beatrice Navarre; tableau, "Martha and George Washington," Miss Louisa Carpenter and Mr. Lagassa; piano solo, Mrs. P. Frank. After the program a delicious luncheon was served to about 100 guests. The remainder of the evening was spent in playing games and dancing. A George Washington cherry tree contest was a very amusing feature of the entertainment. Two prizes were given in this contest, Mr. John Mechtel winning first prize and Miss Isabelle Bivens, booby prize.

### March Wind Came.

Yakima was visited by the usual March wind this week. It commenced to blow Monday morning and has been blowing great guns ever since. This was the first wind since last November and it was welcomed. During the months of December, January and February there

### SPRAYING TIME IS AT HAND

County Fruit Inspector Will Begin at Once  
to Make Inspection—Hold Meetings.

The county fruit inspector, Orlando Beck, has begun work for the year 1903 and from now till next fall he says he will be the busiest man in Yakima. He has his formulae about completed for the year and will soon be ready to give them to the public. Spraying time begins about March 15 or as soon thereafter as the weather will permit, and he expects everybody to do his share in properly carrying on the work this year.

"It is of the utmost importance to the fruit growers of Yakima to spray thoroughly," he said to a REPUBLIC reporter this week. "Every one in the business should assist me in the work. The grower must co-operate with the inspector if he expects success. I wish to impress upon the fruit growers of the county this fact, that success in fruit growing depends on the amount of intelligence the grower puts into the business and the amount of the right kind of material he uses and the manner of using it for keeping down the pests.

"It is my purpose to visit every part of the valley this year and hold meetings for the purpose of giving instructions on spraying for insects. I want the fruit growers to attend these meetings and I am sure they will be benefitted. I shall give exhibitions of spraying when visiting a district and will assist the grower in every way possible to get a thorough knowledge of the art.

"There are some people who object to using the methods of spraying that are found to be most effectual and practical. These people never make a success of fruit raising. There is only one way to do and that is to do the work right. Spraying must be done this year in every part of the county to a greater extent than ever before, and if it is not done the fruit grower can only blame himself if he does not reap a profitable harvest. The pest has been getting worse each year up to last year when more stringent measures were adopted to enforce the law. The new horticultural law will pass the legislature at the present term. This gives the fruit inspectors greater power. They can enforce the law on spraying and as soon as this bill becomes a law it will be enforced. Let everybody get in and help the matter along."

### Yakima Cures Rheumatism.

John Tipton came here from Lewiston, Idaho, last fall, walking with the aid of crutches. He was afflicted with sciatic rheumatism and had been a cripple for three years. In three weeks after landing in Yakima he threw away his crutches and is now a strong, hearty man, fully able to do more work than any other man in Yakima. This is not a patent medicine advertisement.

### Beet Sugar Bounty.

Colonel Prosser and Representative Gleason addressed the joint agricultural committee last week on the beet sugar bounty and the committee finally decided to recommend a bounty not exceeding \$50,000 a year for three years to any firm or company erecting and putting in operation a beet sugar factory prior to December 31, 1903. The bounty is a cent a pound, but the aggregate bonus to all producers is not to exceed \$50,000 a year.

## Things That Do Happen

P. E. Harris of Prosser was in the city Friday.

W. L. Hatch was up from Toppenish last Tuesday.

W. P. Guthrie went to Olympia on Monday on business.

O. R. Ferrill was up from Sunnyside the first of the week.

Mr. and Mrs. H. H. Lombard went to Ellensburg Saturday evening to attend a ball.

John B. Switzler and wife of Walla Walla were here Monday looking over the city.

E. W. Dooly has purchased Doc Braden's sprinkling outfit and will operate it this year.

Matt Williams is building a residence in the Naches addition in the southeastern part of the city.

Edward Fournier spent a couple of days this week visiting Walter Ayres at his Tampico ranch.

Mr. and Mrs. N. S. Johnson returned the first of the week from a trip to Seattle, Tacoma and Portland.

Eugene Risk has moved on his ranch in the Moxee and will spend the summer trying his hand at farming.

Hoh. W. L. Jones writes that he will start home within a few days after the adjournment of Congress.

H. W. Fiveling arrived here from Los Angeles Monday on a business trip through the Yakima country.

Rev. Mr. James of the Congregational church returned Friday from Colfax, where he went a few days ago to attend a funeral.

The low places in Yakima avenue between the railway tracks have been filled with gravel thus doing away with the mud holes.

L. M. Scroggs returned Tuesday from Michigan to which state he accompanied the remains of his wife last week for interment at her home city.

The state federation of Women's clubs will meet at Everett June 24-26. This date was set at a recent meeting of the board of directors at Ellensburg.

Mr. Gormer of North Yakima has erected a tent on his lots near the old school house where he will live until he can build a house.—Prosser Bulletin.

The Lutheran church has purchased a lot on the southeast corner of Kittitas and Walnut and is contemplating the erection of a house of worship in the near future.

H. C. Froemke of Anselm, N. D., bought 120 acres of land in the Cowiche this week from John W. Foster. Mr. Froemke will remove to the Yakima valley in a short time.

Vinton & Reese have taken photographs of the residences they have listed for sale and will post them on a large sheet of paper. The object is to be able to show them to prospective purchasers without going to the property.

Wade Schockly last week received a check for \$19.25 from the Fraternal Brotherhood for injuries received while working on the ice. Only ten days elapsed from the date of final claim to the pay the check was received.

## Spring Overcoat Logic.

How much better and more comfortable it is at this season of the year to discard your heavy weight Overcoat for a light or medium weight one.

If you fail to make this change, chances are you will neglect to wear any Overcoat at all, take cold, incur a spell of sickness and perhaps be laid up for a month or more and also have a big doctor bill to pay, which is poor economy.

You had better go to the Star Clothing Co.'s and get one of their late

## Spring Overcoats

PRICES

Mrs. Joe Ditter has returned from a visit with her mother at the Dalles.

Robert Hamilton and A. L. Slemmons of Ellensburg were in the city on Tuesday.

John McPhee, the well known Naches rancher, returned Thursday from a visit to Pendleton, Ore.

## DO NOT WANT BILL PASSED

Yakima Delegation Instructed to vote Against Storage Reservoir Bill.

A meeting of a number of citizens was held in the Commercial club rooms last Friday afternoon for the purpose of taking action on the proposed storage reservoir bill that had been presented in the house during the week. A letter was read from Representative Robert Dunn in which he said that the bill had been presented and that its provisions were similar to those of the first bill that was submitted to the Washington State Irrigation association at its meeting in March, which has caused a number of meetings to be held here for its consideration. The following resolution was then passed and sent by telegram to the Yakima representatives:

Be it resolved, by the citizens of Yakima county, in mass meeting assembled, that the Hon. A. J. Splawn, the Hon. W. H. Hare and the Hon. Robert Dunn, representatives from Yakima county, to the legislature of the state of Washington, be and they are hereby requested to use their best endeavors to defeat the bill now pending in said legislature, providing for the storage of water in the lakes, rivers and streams in the state of Washington and that they be and are hereby requested to use all honorable means to prevent and defeat any legislation at the present session of the legislature of the state of Washington, having for its object storage of the waters of this state by private individuals or corporations. We believe such legislation to be inimical to the best interests of the state and would result only in placing the waters of the state in the control of private individuals and corporations to the great detriment of the public good.

On Saturday another meeting was held by a body of citizens to meet Robert Dunn, who came over from Olympia especially for the purpose and brought the bill with him. In a few remarks he said his object in coming here was to get the expression of the people of Yakima on the question and to take back instructions as to the manner of acting when the measure would come up again. The bill as read by H. B. Scudder was different from the last amended bill that was turned down here two weeks ago after having been approved by a committee composed of those who opposed the previous measures.

Those who talked against the bill were Hugh K. Sinclair, Alex. Miller, Fred Parker, Vestal Snyder, T. J. Lynch, Robert Scott, H. E. McBride, John Cleman and H. B. Scudder. The only support came from Capt. J. H. Thomas of Yakima City, who claimed to speak for the large body of settlers who have bought land in the lower country and have been guaranteed water. After a long discussion Mr. Parker made the following motion which was carried unanimously:

"Be it resolved that our representatives be and they are hereby instructed to oppose any legislation at the present session of the legislature providing for the storing or impounding of water in the lakes or streams of this state by private individuals or corporations."

B. F. Barge made a motion, which was carried, that Representative Dunn be given a bill to carry back with him to present to the legislature this week providing for the appointment of a commission to codify the irrigation laws of the

legislation at this session is that it is unnecessary, that hasty action may only complicate matters when the government is ready to take a hand, that the present bill if passed will give control of the water supply of this valley to a corporation.

Geo. F. Bennighoff, proprietor of the Grand hotel at Billings, Mont., accompanied by his niece, Miss Julia, arrived in the city Sunday on a visit to his brother-in-law, M. S. Meeks. Mr. Bennighoff was formerly located at Sprague, in this state, and now conducts one of the very best hotels in Montana. He is out on a pleasure trip, which he will extend to Sound and California points, returning home via Denver and Omaha.

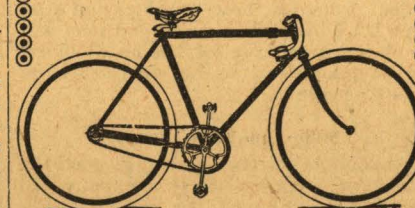

Leave orders for the residence mail box at P.-I. Agency, Club Cigar Store, 2nd and Yakima Ave. The boxes are here and are being put on the houses as fast as possible. As the boxes are absolutely free, every family in North Yakima should procure one. The only condition is that you shall be a subscriber to the Seattle Daily Post-Intelligencer at the regular subscription price, 75c per month, daily and Sunday, delivered at your door. The purpose of the box is to give all your mail, incoming and outgoing, a speedy delivery with perfect security.

Davis & Clapp, the well known feather renovators, are here again. Can be found on north Front street, near Tucker's barn.

Having a Run on Chamberlain's Cough Remedy.

Between the hours of 11 o'clock a. m. and closing time at night on January 25, 1901, A. F. Clark, druggist, Glade Springs, Va., sold 12 bottles of Chamberlain's Cough Remedy. He says, "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by Fred L. Janeck, druggist.

## YAKIMA COUNTY TEACHERS

The Association Will Meet in the High School Saturday, March 14.

The Yakima County Teachers' Association will meet in monthly session in the high school building on Saturday.

Daniel Stewart and Attorney Faulkner of Dawson city passed through here Sunday on their way to Tronoto, Canada. They stopped here a few hours to see their old friend Wm. Thomas. They go east on a business trip and will return to Dawson in the spring.

Work on the removal of the building occupied by the Yakima Yardware Co. was commenced on Monday. Part of the additions to the rear were torn down, but the main building will be removed into the street and will be used there till the new quarters are completed.

E. O. Wilson, who operated a meat shop here for a short time with Dick Hauser as a partner, will locate permanently in Prosser. He has formed a partnership with John Chisholm of that place. They have secured a piece of ground and will build a first class meat shop.

W. W. Scudder, superintendent of the home missions of the Congregational church of the state of Washington, was here over Sunday looking over the Yakima field. In the morning he conducted services at Ahtanum and in the evening filled the pulpit of Rev. H. P. James of this city.

The railroad men of the Northern Pacific have received instructions from headquarters to reduce the running time of trains through this city to eight miles an hour. The trains have heretofore been making a time that was extremely dangerous to those who had to be near the tracks when they were passing. It is said that 30 miles an hour both for incoming passenger trains and freight trains was a common thing here.

Willie Bowlin, who has been staying with his aunt, Mrs. Maude Hill, for a short time, returned to his home at North Yakima Wednesday. He is the son of Bud Bowlin, formerly of this place and is the child who received severe internal injury from drinking strong lye water by accident. He has been under treatment for the past two years but is not yet entirely recovered. Miss Minnie Ellis, who has been caring for Mrs. Hinkle during her illness the past month, returned to her home in North Yakima last Saturday.—Prosser Record.

## FOR A SONG

We have some BIG SNAPS in new and second hand Pianos and Organs.

Many other new and second hand bargains, both in Pianos and Organs.

**D. S. Johnston & Co**

16 North Second Street, near P. O. North Yakima, Wash.

More About the Zillah Minister's Remarks. Rev. J. Gihring while in Kennelworth last Sunday announced his engagement to Miss B. C. Stuble.

E. C. Trumbull has purchased an acre tract in the St. Paul acre tracts south of the city and will build a residence in the spring.

Mr. and Mrs. William Thompson went to Prosser on Tuesday. He had business to look after in Prosser while Mrs. Thompson visited an old time friend, Mrs. Passius.

Attorney J. O. Cull has purchased the new house of H. V. Holden on North Fourth street and as soon as it is completed will make his home there. The consideration was about \$1700.

Mr. and Mrs. Oliver Phillips, who have been stopping at the Yakima hotel for the last two weeks, returned to their home at Tacoma on Tuesday. They are thinking of coming to Yakima to locate.

Mrs. W. L. Jones moved this week to the Naches avenue property recently purchased of Dr. Gordon. For the present Dr. Gordon will occupy rooms in the Sloan building, but will immediately build a small cottage.

C. H. Bartlett announces that the firm of Bartlett-Foote company will not quit the retail business here. While they have leased their large warehouse they will continue buying the products of Yakima for shipment to their wholesale house in Tacoma.

Rev. J. Gihring will hold regular services next Sunday at the usual time and place. Holy communion will also be celebrated. Confession services begin at 10 a. m. After the service a meeting will be held and all voting members are kindly requested to attend as a matter of great importance will be discussed.

George Hunter, the day policeman returned from Tacoma last Saturday to which place he was called as a witness in some of the "bootlegging" cases. He said that John Rossette and Frank Olney were each found guilty and sentenced four months to the pen and to pay \$100. The man Harris was acquitted.

Marshal Mull is now enforcing the bicycle ordinance. All those hereafter caught riding on the sidewalks will be arrested and fined. The riders have been permitted on the sidewalks during the winter, but now that the roads are drying up and in fairly good condition the wheel riders will be required to take to the middle of the road.

E. K. Currant, the grocer, went to E lensburg Tuesday on business. While there he laid in a supply of oil for illuminating purposes. Like all the merchants of the city who handle oils of this kind he thinks the oil inspection bill that has passed the senate a good thing and hopes it will become a law. The merchants are not to blame for the poor grade of oil they get. They cannot do any better. The wholesalers will not send any other grade to this state except the lowest.

OFFICIAL PAPER OF YAKIMA COUNTY

FRIDAY, MARCH 6, 1903.

### MAY GET TOGETHER.

It is now thought that the warring elements will be able to get together on a bill providing for the storage of the surplus waters of the Yakima and Naches. Originally it was understood that the Washington Irrigation company was the particular party in interest in this storage matter, and that if this company were given to right to impound the surplus water of this watershed there would probably be no chance in the future for the reclamation of land anywhere above the line of the present Sunnyside ditch. People above that line, while friendly on all other points to the Washington Irrigation company, felt that to give it such a privilege would be greatly detrimental to own interests. Whether it is true that that company was to be the beneficiary of the proposed legislation, the REPUBLIC is, of course, unable to say; but that idea was prevalent here.

It is now alleged, on what seems to be good authority, that the Northern Pacific railroad company would, in the event of proper legislation, undertake to store the waters in the lakes, and wants no privilege except that of storing and distributing the water with a view to the development of the entire valley from a productive standpoint, and incidentally, to increase the company's transportation business. The REPUBLIC is informed that the company is willing to spend something like \$2,000,000 on these storage works, and it is willing to handle the water as a common carrier and deliver it to consumers, ditch companies or others, at reasonable rates. It is willing to have these provisions incorporated into the proposed legislation, and desirous that all provisions of the law shall be such as will best help to conserve the water supply and develop all portions of the valley.

Probably there will be no trouble about reaching an agreement along these lines. Yakima people well understand the policy of the Northern Pacific toward this valley. It has been urged for years by Thomas Cooper, Yakima's special friend in Northern Pacific councils, and there are not many of them who would not be entirely satisfied to see the company undertake this work, now that it transpires that little or nothing can be hoped for from the government through the national irrigation law.

### TO LOAN GOVERNMENT MONEY.

If the Fowler bill becomes a law the government, in the future, will draw 2 per cent. interest on the \$143,000,000 worth of bonds now deposited with the national banks of the country to secure their circulation. The measure simply proposes to loan money to the banks at the universal rate of 2 per cent., in no

case exceeding 75 per cent. of their unimpaired capital, taking a first lien on their assets as security. This would naturally release the bonds and extend the volume of money in circulation, thus reducing the danger of panics, while the government would earn a snug sum in interest.

If such a law had been in force during the past twenty-four years the interest would have amounted to \$50,000,000. The measure has been favorably reported by the house committee on banking and currency, the argument in its favor being that the government should cease to be a disturbing factor in business affairs. The provisions of the proposed law seem to be fair and simple, but it is not likely, we think, to be enacted at this session of congress. The general feeling, whether justified or not, is that the national banks are now too much favored by the government, and we doubt whether legislation of this character would be wise at this time.

THE lower house of the Montana legislature "switched the turn" on the gamblers Monday by defeating the bill to license gambling, although only last week, in committee of the whole, it voted to favorably report the measure. The legislators, evidently, are making a bid for the gamblers to get into the game and "do business." Gambling has been a felony in Montana for six years and can only be licensed again through bribery, but as that practice has become one of the chief industries of the state it is probable that the license bill will pass.

ONCE convinced that the promoters of the beet sugar factory for North Yakima can raise the necessary capital for the enterprise, the farmers should lose no time in guaranteeing them enough beets to keep it in operation. There is no question about the desirability of such an institution; our land is well adapted to the growing of beets and they would undoubtedly be a highly profitable crop. Push the beet sugar enterprise along if you get the opportunity.

"SHORT will be the shrift," says President Roosevelt, "of any public officer whose lack of worth is proven," and he "will welcome testimony to show that a given public officer is unworthy." The president is, no doubt, sincere in these declarations, but if they were carried out to the letter some of the boys would surely be out of a job.

SENATOR QUAY made a game fight for the admission of the territories, but congress has again adjourned leaving them knocking at the door of the Union. And it is due to the "knockers" of the east, it might be said, that justice was not done them.

THERE is some easy money in the pockets of the immigrants and North Yakima should get her share of it. She can get it, too, if she will get a little move on.

AS THE United States senate met in extra session yesterday, Senator Ankeny

will have an opportunity to see how he likes it without waiting until next December. He was presented to the president Monday by Senators Foster and Turner, and at last is fully in the swim. It is hoped that the stream will not be too swift for him.

LITTLE Delaware, at last, has elected her two senators, both republicans, but the long-term man was named by Addicks, who announces that he will next year elect a legislature favorable to his own candidacy. Only death, it seems, will relieve Delaware of Addicks and some men, it is said, are too mean to die.

BRYAN has announced that he is not a candidate for the presidency. Most men are brought to their senses when an ordinary brick house falls on them, but it was necessary for the entire country to twice fall on Bryan.

THE democratic senator from Yakima county will always be remembered by his loving constituents for what he did not do in the matter of reducing the annual water tax of farmers under the ditches.

THE United States circuit court of appeals at San Francisco has ruled against the ranging of stock on the forest reserves.

THE immigrant who fails to stop at North Yakima is overlooking a good thing—a better thing, in fact, than he will see elsewhere in his travels.

### To Investigate Land Filings.

A special agent of the interior department, who made an investigation into a number of homestead filings has reported them back for hearing. The hearing will be held before the receiver of the land office in the following cases: Jane E. Henry, Charles D. Ott, Mary Adams and Ida Henry who filed on land near Prosser. The register is now conferring with him to fix a date for a hearing. The agent had been here and made an examination in a number of filings which had been held up by the department and it is rumored that a grand jury may be called to make investigations.

### SELAH.

The roads are delightful. Snow is slowly but gradually disappearing.

Miss Glenn Garlinghouse continues on the sick list.

Services were held at the school house Sunday, Rev. Vail of N. Yakima presiding.

Teddy, the little daughter of Mr. and Mrs. A. T. Mitchell who has been very ill for several weeks, is improving. The young people of the valley contemplate building a shack on the hill back of Mr. Cupp's ranch for the purpose of parties, dances, etc.

It is reported that A. J. Hunter, who formerly lived in this valley has just died in the Spokane Hospital, where he recently underwent an operation.

The Friday afternoon exercises at the school house, as usual, were very entertaining. Scores of parents turned out to note the improvement in the scholars.

The valley is much exercised about the appearance of a ghost at divers times and places. The ladies at their weekly meeting decided to lay the ghost or—

There is an effort being made to

# AN INVESTMENT

## FOR THE PEOPLE

Ask anybody familiar with the great industries of the world which one has made the greatest amount of money for the greatest number of investors both great and small and the answer will be

# OIL!

A few hundred dollars invested in oil shares has made many men and women rich beyond the dreams of avarice. No country in the world presents such inducements for the investment of capital in oil as does California.

## The Rainier Oil and Fuel Company

of Seattle, Washington, incorporated under the laws of Washington, own lands in the heart of the celebrated Sunset Oil District of Kern county, California, known as the district of gushers. Those who have investigated this company and its lands realize the profits that will be made with so small an outlay, all agree that its share are the BEST and safest investment that can be made and will pay very large returns. If you have money lying idle take a few shares, very soon, as only (5,000) five thousand shares have been allotted to North Yakima. Do not let this very rare chance to make money pass by without looking into it. The conservative management of this company by its President, Hon. Richard Osborn, who has just retired from eight years service on the Superior Court bench of King County, Washington; and its Secretary, Hon. Lyman E. Knapp, Ex-Governor of Alaska, residing many years in Seattle, justifies the belief that every dollar of the shareholders money will be placed where it will have its highest earning power.

**Capt. Geo. H. Corey** Recently from the California Oil Fields, would be glad to have any and everyone call at the Yakima Hotel, and talk over the California Oil situation. Prospectus are being distributed now. Call and get one, they are instructive.

READ

## BIG REVENUE OF THE CITY

Ten Hundred and Sixty-Eight Dollars Collected by Police Justice.

Ten hundred and sixty-eight dollars is the revenue collected for the month of February through Police Justice J. A. Taggard. In his report to the city council Monday night the justice gives an itemized statement which shows the sources of revenue. It is the largest sum ever collected in one month in the history of the city. The sources of this revenue are given in the statement summary as follows:

Gambling	\$ 550
Prostitution	260
Slot machines	100
Miscellaneous	158

Total.....\$1068

Ira P. Englehart was present together with A. E. Larson, as a committee on the commercial club, to ask the council for \$100 to aid the club in preparing advertising matter for the city of North Yakima and Yakima county in general. Mr. Englehart said the club would raise enough to prepare a suitable prospectus for the purpose and that the city would be effectually advertised with the object in view of catching some of the new people coming from the east. Council contributed the sum.

The petition of J. C. McCrimmon and others for the grading and macadamizing south First street was referred to the committee on streets and ditches.

The petition for a sidewalk on the east side of south Second street from the Central school southward was granted.

The petition for a sidewalk on the south side of west Yakima avenue from the railway tracks to Moxee avenue was granted.

A petition for filling in the alley that was originally the course of the changed part of the Schanno ditch was referred to the proper committee.

A petition was presented from C. J. Lynch and S. A. Hall asking for the vacation of an alley in block 331 in Capital Hill addition and from W. J. Aumiller for the vacation of the old Black addition to the city on the west side, which is to be substituted by a new plat. A resolution was passed setting April 6th as a date for hearing testimony on the petitions.

The Yakima National bank was granted a petition to build a two story building on the site of the Yakima Hardware Co. building.

Sexton Carvosso's report showed 8 burials for February and \$24 collected.

The plans and specifications for the grading of Fourth street were submitted to the proper committee.

A communication from Superintendent Beamer of the Northern Pacific relative to placing gates in this city was read. The superintendent said the company was willing to put in gates providing the city would maintain them, but it was the sense of the council that if gates are put in the company must maintain them.

E. M. Pentz, who is preparing to build five houses on Eighth street between A and B streets, asked the council to have the sage brush cut off that part of the street. The street and ditch committee was given power to act.

The plat of S. J. Lowe was brought up again, but action was deferred. The council does not want to approve this plat in its present shape. They claim by so doing there will be no eastern outlet to Cherry street except by a fifteen foot alley.

When the bills come exercises the

### GEORGE STACY HOLDS MEDAL

Harry Sitton Did Not Wrest it From Him—  
Contests to Follow.

George Stacy of the Yakima Rod & Gun club still holds the medal as the best shot in Yakima. The contest last Sunday between him and Harry Sitton settled this matter at least for the present. Ten of the members were out to watch the contest besides a large number of their friends. The score was 22 points out of 25 for Mr. Stacy and 9 out of 25 for Mr. Sitton.

After this event there was a shooting contest between the club members just for practice. Some of them showed remarkable scoring abilities. One man made 10 points out of a possible ten. Another made two, another made six, and so on. A great many shots were fired to test the skill of the marksmen. Some of them are in fairly good trim while others are considered "rusty."

It is the purpose of the club to hold events every Sunday for the next four or five months. As the medal is still in Mr. Stacy's hands some of the other members are anxious to get it. Among them is Tom Fisher, who is not considered a bad marksman. He will contest for it on next Sunday, and after that date every Sunday, the following will shoot the winner of the preceding events: W. A. Bell, Mr. Devo, W. D. Walker, John Sinclair and A. L. Aikin.

### Changes in Location.

A. E. Howard has moved his planing mill outfit to his new plant at the head of Selah street. He will put in a lot of new machinery and will manufacture doors and sash besides doing the usual business of contracting. The place he vacates will be occupied by J. H. Hulse & Sons who will open a wagon and carriage building shop on a more extensive scale than heretofore. They have purchased the ground and will make a number of improvements and put in some new machinery.

## MISTAKEN FOR A ROBBER

Guy Loudon Shot by Thomas Wheeler at the Latter's Home.

Guy Loudon, aged 16 years, son of Mrs. Carmichael of Yakima City and a brother of James and John Loudon of First National bank of this city, was shot and seriously wounded by Thomas Wheeler, the dairymen, at the latter's home about 2 o'clock Tuesday morning. The shooting was caused by the young man being taken for a burglar by Mr. Wheeler. He is now in St. Elizabeth's hospital in a precarious condition.

The circumstances surrounding the affair are rather distressing to Mr. Wheeler and unfortunate for the young man who is disposed to blame himself for the accident. The story as told by Mr. Wheeler is as follows:

The young man attended a ball given in Yakima City Monday evening and when it was over he started away in company with Gilbert Gervais. Miss Bertha Mills, a domestic in the Wheeler home, attended the dance and was accompanied home by Robert Adams. At the Wheeler house Mr. Adams left his lady. She went inside and told Mr. Wheeler that two men had followed her. He went out but could see nobody. He then retired. Miss Mills also went to her room to retire. In a few minutes afterwards she ran out of her room to that of Mr. and Mrs. Wheeler and screamed that robbers were looking in at her bed room window.

As Mr. Wheeler had collected a large sum of money that day and had it in the house he supposed some one had come to rob him. He got up and roused the hired men, but they got so excited over the out cry of the young woman that they hid themselves. Wheeler picked up his revolver and went to the door looking out onto the upper porch in front of his residence. He said it was very dark and could not tell whether there was anything on the porch, but he could hear something moving about. He shouted:

"Who's there? Answer; or I'll shoot!" He received no answer and shouted twice more to what he supposed was the form of a man crouching on the porch. Receiving no answer he pulled the trigger of the revolver. It snapped twice and missed fire.

He then saw the man climbing down the porch post. Raising the revolver in another attempt to discharge it he succeeded. There was no outcry and he thought he had missed the robber. He then ran down stairs with the hope of capturing the man and when he went out onto the porch he was dumbfounded to see that his victim was young Loudon lying on the grass near the fence. He said: "My, God Guy, is this you? What are you doing here? Are you shot?" The boy replied that he thought he was. He then sank down and Wheeler picked him up and carried him into the house. He gave him restoratives and raised an alarm. Medical attention was at once given. It was seen that he was seriously wounded.

The ball had passed into the left side below the eighth rib and lodged in the fleshy part of the back. He was brought to the hospital and an operation was performed. The bullet was removed and the wound dressed. The indications were favorable at the time for the boy's recovery, but it cannot be told what complications may set in at any time.

Why the young man had got into the situation that led to suppose him to be a burglar is yet a mystery, but it is sup-

## A Vital Necessity.

PURITY in the Drugs that go into Prescriptions

tion that of W. D. Walker against the city for inspecting certain buildings caused some discussion. The mayor said that the ordinance which was passed the night Mr. Walker was appointed provided that he should collect his bills from those having the inspection done. But in this case the council thought different and ordered a bill paid for the work. Councilman Switzer opposed the payment of the bill as a bad precedent while all the rest of the members favored it. The bill of Health Officer Burns for \$250 was allowed.

As all the resolutions for the various street and other improvements in the city were to have been acted on Monday night they were called for, but the city attorney had not prepared a resolution as he had not been notified to do so. A motion prevailed that the clerk notify the city attorney in writing that he have such resolutions ready for the next meeting night.

James L. mon was elected street commission on the second ballot. There were five candidates as follows: James Lemon, C. M. Hauser, Ed. Farmer, C. O. Adams, Ernest Hamilton.

The fire committee reported that it is necessary to purchase some hose and hydrants. A few remarks were made about the negligent manner of using the city hose by the various street contractors during the past. The hose used by Contractor McKivor on Second street lay out all winter and is now in an unfit condition for use in the fire department.

posed that he was playing some youthful prank. If he had made himself known to Mr. Wheeler the shot would not have been fired. Mr. Wheeler said he was so worked up over the presence of what he supposed was a robber so close to his house that he could not tell whether he had a log or a shot gun in his hand instead of a pistol which he says is an insignificant affair.

### FRUITVALE.

It is reported that Frank L. Wheeler has sold his ranch.

John Gibson's sister Mrs. Conrad from British Columbia has come to spend a few weeks with him.

A. P. Richardson, the new arrival, has bought a new hack and horse and is now making his ranch look homelike.

John Alderson's mammoth hay shed gains a little each week and is good at present writing for forty acres of alfalfa.

The attendance at school has been so large the past few weeks that the directors have decided to extend the term another month.

Robert Johnson has been selling some fancy senator apples at \$1.50 per box here and John Gibson refused an offer of \$1.30 for his Spitzenbergs.

Jo Feser's gold mine investment has every prospect of being a good paying one. The company has decided to put in suitable machinery to operate the same. The stock now is selling at par, having advanced steadily from the very beginning.

Klickitat's Great Artesian Well.

Goldendale people may rest assured that there is nothing in the way of humbug about that artesian well at the mouth of Alder Creek or Dead Canyon in eastern Klickitat and some 30 miles beyond Bickleton. Reliable parties from there state it is a gigantic success. A flow of artesian water, estimated to be sufficient to irrigate 1000 acres, is pouring steadily from the top of the well. The stream does rise so high as at first, but the quantity is said to be about the same. The operations are being carried on by a dozen men. There is somewhat of a boom all over that arid country. Every available claim on the Klickitat side for miles has been staked as oil and desert claims.—Goldendale Agriculturist.

Persons calling for these letters should say "advertised letters."

Dr. B. L. Baker stopped off here last Friday while on his way from Walla Walla to Everett. When asked if he thought he would come back to Yakima said he did not think he would. He likes Everett now. His wife is having better health than she has had for several years. The city is growing wonderfully. It has a population of 20,000 and manufacturing plants of all kinds are being built there. He thinks he will remain in Everett and grow up with it till it outgrows Seattle.

### Official Notice to Fruit Growers.

NORTH YAKIMA, WASH., February 23, 1903. All persons in Yakima county owning or having property on which there are fruit trees are required to see that the same are properly pruned and sprayed with lime, salt and sulphur solution, if infested, between March 1 and April 30. Any person failing to comply will be deemed guilty of a violation of the horticultural law of '97, and will be punished accordingly. ORLANDO BECK, Horticultural Inspector for Yakima county, Wash. feb27-2t

Hides, furs and pelts bought at Coffin Bros. 44tf.

### RECORD OF THE PAST

No Stronger Evidence Can Be Had in North Yakima.

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back, any reader suffering from urinary troubles, from any kidney ills, will find in the following evidence proof that relief and cure is near at hand:

John Sells, blacksmith, 204 South Second St., living at 616 South Second street, says: "Doan's Kidney Pills were first brought to my notice some three years ago when I was living in Keokuk, Iowa. At that time I was suffering severely from an attack of kidney complaint and could scarcely do a day's work. To stoop or rise after stooping hurt me so severely that I could scarcely refrain from yelling. Now, when a man has suffered from a back which felt half the time as if bruised, which could not stand the slightest pressure: when he could not sit, stand or lie with any comfort, and when he has to depend upon his day's work for his daily bread, he becomes very anxious about his condition. Now, when that man receives benefit from a course of treatment of any medicine, he naturally becomes enthusiastic about it. Doan's Kidney Pills absolutely stopped an attack. I moved out here two years ago and shortly after I noticed symptoms of a recurrence. I tried to get Doan's Kidney Pills but they were not to be had in the town. Three months ago I had quite a severe attack and when I saw Doan's Kidney Pills advertised, I lost no time in getting a box at Fred L. Janeck's drug store on Yakima Ave. Three boxes straightened me up as completely as if I never had a touch of kidney trouble in my life. Doan's Kidney Pills do all that is claimed for them. You are welcome to refer anyone to me for more particulars."

## REPORT OF YAKIMA MARKETS

Weekly Summary of Conditions in Principal Agricultural Lines.

### HOPS.

D. E. Lesh sold 75 bales of hops this week to Jack McNeff, the price being 25 cents a pound. This sale was made to close a deal that had been made some time ago, all the bales not being delivered at first.

The above figure is considered low, but it was on a contract made when the first part of the deal was carried out. Some of the buyers say that the market is going down and that they have no orders to buy at any figure. One dealer said this week that some interesting hop deals may be looked for this month. He said the time has come for something to be doing and if the sellers do not do anything the buyers will have to, or words to that effect.

Some of the growers are of the opinion that the buyers are attempting to scare them, but some of them say they will not sell until they get a better price. It is generally believed among the growers that 30 cents will be paid by the first of April.

Several car loads of hop poles have been received during the past two weeks for different parties making additions to their hop yards and by those establishing new yards. It is believed that about 600 acres will be added this year to the hop acreage of the valley. While there will be only a few entire new yards there will be additions of from one to 10 acres to a large number of yards throughout the whole district.

### POTATOES.

J. M. Perry & Co. have been shipping from five to six car loads of potatoes during the past month. Their product is mostly of the fancy variety and is sent to the California market. For this stock the company has been paying \$10 a ton. There are very choice potatoes and

variety and it is reported in good condition.

### VEGETABLES.

Early vegetables were brought into the market last week from California. These consist of lettuce, onions, radishes and spinach. The price is low considering the distance the product is shipped.

### Yakima Markets.

Prices for stock, poultry, provisions, grain and produce in North Yakima yesterday were as follows:

## FRUIT GROWERS' OFFICERS

Horticultural Bill Will Pass Legislature This Year.

The Yakima county Horticultural society met in Woodman hall last Monday afternoon and elected the following officers for the year: President, W. L. Wright; vice president, R. O. Bacon; secretary, J. M. Brown; treasurer, Ed. Remy, trustee, L. B. Kinyon. O. Beck handed in his resignation as one of the trustees but it was not accepted.

W. L. Wright reported that the horticultural bill now before the legislature would be passed at the present session. He had been sent to Olympia as a delegate from the union to look after the measure. While there the measure was taken up in the senate and passed while he waited. It was then sent to the house and has already been unanimously recommended for passage by the committee. It was his opinion that the bill would be brought up this week and passed without a dissenting vote. He also reported that the "commission man" bill had not been presented yet and that it was likely that it would not be brought up at this session, and if it was it could not be considered as there are over 400 bills ahead of it on the calendar.

The secretary is instructed to advertise for bids for spraying material for the members of the union who had not yet been provided for.

The committee on changing the con-

## THE COMPANY E TROPHIES

On Exhibition In Store Windows—Beautiful Specimens of Art.

The Company E trophies have been received by the members and have been on exhibition in different store windows of the city. One of them is a bronze shield in the form of a scroll with the bayonets and butt ends of three muskets protruding respectively from the top right hand corner and the bottom left hand corner. The following inscription tells what it is for:

"Sharp shooters' trophy presented to Company E, First infantry, for producing more sharp shooters in 1902 than any other company in the national guard of Washington."

The silver cup is a magnificent piece of handiwork of art. The inscription on it reads: "Champion company cup 1902 for work on target range, won by Company E, First Washington."

The members of the company naturally feel proud of these trophies and after they have been duly exhibited they will be placed in charge of the head officers for the company to be used only on "state occasions."

### Siding on Selah Street.

As soon as spring opens for good the Northern Pacific railway company will begin operations on the proposed improvements in the yards at this place. The civil engineer of the road said a few days ago that it is the intention of the company to build the greater part of the additional siding on Selah street to the rear of the warehouses. It is understood the company owns about one-third of the eastern side of the land included in the street and by using this it will not be necessary to get the privilege from the city to construct the tracks. The siding on this street will be approved by

### Order to Show Cause.

IN THE SUPERIOR COURT OF YAKIMA county, state of Washington. In the matter of the guardianship of Karl M. Sinclair, a minor. Hugh Sinclair, the duly appointed, qualified and acting guardian of Karl M. Sinclair, a minor, having on this 26th day of February, 1903, filed his petition in this court praying that he be allowed to sell all the right, title and interest, being an undivided one-fourth interest in and to the following described real estate, situate in Yakima county, state of Washington, to wit: Lot numbered sixteen and fractional lot fifteen (15), in block 167 in Eastern addition to the city of North Yakima, according to the plat thereof now on record in the office of the county auditor of said Yakima county. Now therefore it is hereby ordered that said petition be brought on for hearing at the court house in North Yakima, Yakima county, Washington, on Saturday, the 4th day of April, 1903, at the hour of 2 o'clock p. m., and that all persons interested be notified to appear at said time and place and show cause if any they have, why the said petition should not be granted. It is further ordered that the clerk of the superior court give notice of the time and place of said hearing by publishing a certified copy of this order in the YAKIMA REPUBLIC, a newspaper published in North Yakima, Washington, for a period of at least four weeks prior to the date of said hearing.

FRANK H. RUDKIN, Judge, county clerk and ex-officio clerk of the superior court of Yakima county, state of Washington, do hereby certify that the foregoing is a true, full and correct copy of the order to show cause in the above entitled matter as the same appears of record in my office and all persons interested in the estate of the said Karl M. Sinclair, a minor, are hereby notified to be and appear at the time and place specified in said order for the hearing of said petition to show cause if any they have, why the prayer of said petition for the sale of said property in said order described should not be granted. In witness whereof, I have hereunto set my hand and affixed the seal of said court this 26th day of February, 1903. J. W. DAY, County clerk and ex-officio clerk in and for Yakima county, state of Washington. mch6-apr3

Annual Stockholders' Meeting. OFFICE OF THE AURORA MINING AND Tunnel Site company. To the stockholders of the Aurora Mining and Tunnel Site company: Please take notice that the annual meeting of the stockholders of the Aurora Mining and Tunnel Site company will be held at the office of Graves & Englehart, the principal office of the company, in the city of North Yakima, Yakima county, Wash., on Wednesday, March 18, 1903, at 7:30 p. m. for the purpose of electing trustees, for the transaction of such other business as may properly come before the meeting. By order of the board of trustees. T. J. LYNCH, Secretary. mch6 2t\*

Office of the Aurora Mining and Tunnel Site company.

There came to my place on February 18, 1903, about 12 miles west of North Yakima in Ahtanum valley, two white and black cows about 4 to 6 years old, branded circle four on left hip, a crop off of left ear on each. This is to notify owner to call and claim the same and pay charges or they will be duly advertised and sold as the law directs. W. L. STABLER, mch6-3t

Notice of Sheriff's Sale.

IN THE SUPERIOR COURT OF THE state of Washington for the county of Yakima. Ontario Land Company, a corporation, plaintiff, vs. George W. Bird, Martha T. Bird, the Port Townsend Mercantile company, a corporation, the London & San Francisco Bank, Limited a corporation, defendants. Under and by virtue of an execution, decree of foreclosure and order of sale issued out of the superior court of Yakima county, state of Washington, on the 22nd day of January, A. D. 1903, in a certain action wherein Ontario Land Company, a corporation, plaintiff, recovered a judgment and decree of foreclosure in said court against George W. Bird, defendant, on the 21st day of January, A. D. 1903, for the sum of seven hundred thirty-five and 43-100 (\$735.43) dollars, with interest thereof at the rate of six per cent. per annum from date thereon until paid, and the further sum of twenty-five (\$25.00) dollars, as attorney fees, and costs of suit taxed at thirty-six and 70-100 (\$36.70) dollars. I am commanded to sell all the certain lots, piece, or parcel of land situate in the county of Yakima, state of Washington, and particularly described as follows, to wit: Lots one (1), two (2) and three (3), in block three hundred and ninety (390) of the Capitol addition of the city of North Yakima, according to the recorded plat thereof on file and of record in the office of the county auditor of said Yakima county, state of Washington, to wit: Lot one (1), two (2) and three (3), in block three hundred and ninety (390) of the Capitol addition of the city of North Yakima, according to the Work on the new residence of T. D. Ramsey on north Third street was commenced this week.

Legh R. Freeman has returned from a trip through eastern Oregon in the interest of his farm paper.

H. R. Burke, a San Francisco insurance adjuster, has been here a few days looking after the interests of the companies he represents.

Rev. J. U. G. Stiverson and family left here Wednesday afternoon for Sunnyside, at which place they will remain a few days before going on a trip through the eastern states. They will be absent till the latter part of June.

Harry Morgan, who was arrested on the charge of stealing a cloak from the

N. L. and S. E. Goodwin were down from Thorp Wednesday.

F. Eastlund came up from Prosser Wednesday on business.

Born, to Mr. and Mrs. Walter White, Tuesday, March 4, 1903, a daughter.

R. P. Tjossem, the Ellensburg flour mill man, was in the city on Wednesday.

A marriage license was issued this week to J. F. Hatton and Miss Pearl Hatton.

At the hour of going to press the condition of Mr. Loudon is much improved. He may recover.

Arie Hover, manager of the D. S. Johnston Co., has commenced work on a \$2000 home on his Capital hill lots.

E. W. Sankey, the architect who came here from Seattle a few weeks ago, has opened an office in the Weed building.

S. R. Richardson, a prominent attorney of Shelton, was in the city on Tuesday attending to some legal business.

P. E. Harris of Prosser is having plans drawn here for a large store room in Prosser. The proposed plans make it the largest building in that place.

Mrs. Mary L. Bowers and son arrived here yesterday from Fort. Yates, N. D., and went to Fort Simcoe, to take the position of matron of the Indian school.

Barnes & Son this week closed up the deal by which the Dr. Gordon residence on Naches avenue becomes the property of Hon. W. L. Jones. The price was \$6500.

J. A. Sells, accompanied by his family, left here Tuesday for Seattle to make their home. He was a clerk in the Yakima Hardware store for the last eight months.

Deputy United States Marshal Short brought William Freeman down from Roslyn Wednesday and lodged him in jail here. He is held on the charge of selling whisky to Indians.

Allen & Mathieson, the contractors, have been given the contract for moving 25,000 yards of earth for the Washington Irrigation company on what is known as the Euclid extension. The Euclid extension is a lateral about three miles long.

Jay Sedgwick, tax agent of the Northern Pacific, on Wednesday paid into the county treasury the company's taxes on right of way, track and personal property for 1902, amounting to \$23,365. The company will pay its taxes on lands as soon as the receipts are written.

Ira Dills and G. S. Rankin, proprietors of the Hub Mercantile company at Mabton, have made arrangements to perpetuate their names and fame in that village by putting in a town pump. These gentlemen are great believers in the virtues of plain, ordinary water, without trimmings.

#### SUNNYSIDE.

Dr. Harvey's buggyshed was blown down in the gale Monday evening.

W. E. Cornell will move into Mr. Sapp's new cottage on Ninth street this week.

Rev. Stap and family, who arrived recently from Indian Territory, occupy rooms in the Cady hotel.

Rev. Blackman and Rev. Stull report 29 conversions at Liberty, up to Sunday night. Meetings are still in progress.

Rev. Lee A. Johnson has two four horse teams busy leveling his two acre tract in

### TELEPHONE LINE EXTENSION

All of Fruitvale and the Upper Naches to be Connected With the City

The Pacific States Telephone & Telegraph company, which operates the telephone lines in this place, is making arrangements for a number of important improvements during the coming summer. A line will be extended to Fruitvale, one to the Naches valley and probably up the Ahtanum. Work on the extension to Fruitvale will be commenced next week and all residents of that district will be put in communication with the city in a short time.

The most important improvement will be the extension to the upper Naches. This line will extend 17 miles and will connect with a large majority of the farms in that district. The Fechter & Janeck dairy ranch will be the terminus of the line for the present, and it is possible that it will be extended farther within a year.

With regard to the line to be built up the Ahtanum valley Manager Anderson of the local office had the following to say this week to a reporter of the REPUBLIC: "There is one great difficulty confronting us in making the extension to the upper Ahtanum: it is the great scope of country to be covered to reach all those who would like to be connected with phones. The out lines would be greater than the total length of the main line. The people are scattered out to such an extent over the valley that it will be impossible to accommodate all of them. There is but one way in which these farmers can be reached by phone and that is for them to build the line themselves and connect with the main office in the city. This I believe will be cheaper and will give them as good a service and they will own the line."

"The company now has 375 phones in the city, 45 of which were put in during the month of February. The majority of the new subscribers are in the residence parts of the city. I believe that by the first of June we will have 500 subscribers on the list. On the fifteenth of this month we will issue a supplemental directory giving the names of the new subscribers."

There are now in the employ of the company seven girls in the office and three linemen besides the superintendent. After June first it will be necessary to increase this number.

Order your spring suit at once. The new goods are in. They won't last always. The choice pieces will be gone within the next few days.  
DICK THE TAILOR, 13 Yakima avenue.

The Northern Pacific Railway will operate a Pullman tourist sleeper in train number 6 on Monday of each week between local points and Denver, Col. leaving North Yakima at 11:35 p. m. feb20-tf M. S. MEWKS, Agent.

**A WORD  
of  
ADVICE**

Johnson, Lee A. Millett, J.

## INCREASING DEMAND FOR OIL

### Big Demand for Oil.

J. N. Prather, general manager of the Queen Oil Company of Seattle, who has just closed a contract with the Southern Pacific Railroad company for 30,000 barrels of crude oil, which is being delivered at the rate of three carloads per day, has returned from California. Speaking of the conditions in the oil country, Mr. Prather said:

"As a result of a little investigation when on a recent trip through California, I ascertained that the output of crude oil in that state at the present time in round numbers is about 8,000,000 barrels per annum, more than 75 per cent. of which is produced in Kern county, about 150 miles north of Los Angeles. Four years ago oil in large quantities was discovered on the Kern river. A mad rush followed and oil exploitation was carried on in a most exciting manner for the following two years, until the companies began to realize that a market must be created."

"About this time the Standard Oil Company began putting in a system of pipe lines to convey the oil, and erecting large steel tanks for its storage, while at Port Richmond, on the San Francisco bay, was begun the construction of a refinery, which in point of size and capacity is second only to the great refinery at Whiting, Ind. At the present time there are thirty-two refineries in active operation in California, most of which were put in commission during the present season."

"The railroad locomotives, stationary engines and steamboats in California are now principally operated by crude oil. The report that was circulated to a considerable extent in Washington to the effect that crude petroleum was not proving satisfactory to the railway companies operating in California was positively erroneous, as I ascertained from the best authority that the orders to the division and shop superintendents for the past two years have been only rush orders to change the locomotives to oil burners."

"One hundred and eleven steamers, with a total tonnage of 88,980, are run by oil. In 1899 about 500,000 barrels of petroleum were consumed in California. In 1902 there were consumed and shipped 13,000,000 barrels. The locomotives in California, Arizona and New Mexico consumed about one-half the amount, at a saving over the cost of coal of about 75 per cent. There is now a greater demand for the oil than the wells are producing, consequently the price is advancing, and many new wells are being put

telephone system throughout the two districts and will enlarge the water works system.

The plans of the company when carried out will place the Sunset and Midway districts under one control and will give them a great advantage over Kern river and Mckittrick in marketing the products.

### Oil Burning Steamer.

HOQUIAM, WASH.—The new oil burning steamer Olympic, built at the Hoquiam ship yard a year ago, has returned and is loading lumber at the Wood mill. She is the first vessel on the Pacific coast to be fitted up as an oil burner. She is a wooden vessel and is 202 feet length over all, extreme breadth of beam 38 feet, depth of hold 14 feet, gross tonnage 783 tons.

The steamer has a capacity of 900,000 feet of lumber and accommodations for 23 passengers.

The engines are of the triple expansion type, with cylinders 13½, 23 and 40 inches with a common stroke of 30 inches.

This engine develops 725 horse power at 115 revolutions per minute, cutting off steam in the high pressure cylinder at 53 per cent. of the stroke, the boiler furnishing steam at 195 pounds gauge pressure.

The oil for fuel is contained in four rectangular tanks with shell of 5-16 inch steel, all the outside seams being double riveted.

Two of the tanks are situated on deck one being forward of the pilot house and another aboft the mainmast. The vessel cost, complete, \$102,000, and saves her owners about \$40 per day when burning oil in place of coal.

### Permission Given to Lay Pipe Line.

At a meeting of the board of supervisors yesterday, it was ordered that Morris Schwartz, superintendent of the Maricopa Oil company, be granted permission to lay a pipe line along the county road from the property of the Maricopa and Lion oil companies to the terminus of the Sunset Railroad, said pipe line and construction thereof to be under the direction of Supervisor Bottoms and

Drugs that go into Prescriptions

tonight. The proceeds are for the benefit of the school library.

Miss Eva Green visited friends in the city last Saturday and returned to her school at Euclid Sunday.

Mrs. Emily Chambers, who has been visiting her daughter for some time in Tacoma, has returned home.

Walter J. Reed, formerly register of the land office, has recently removed from his own building to the building on First street in the rear of the Yakima Valley bank.

A birthday party was given by Mr. and Mrs. Roberts at their home on east Maple street last Saturday night. The party was given in honor of their sons, Carroll and Richard. Various games were played and later a luncheon was served. The 25 guests spent a very enjoyable evening.

#### Nice Apples.

If you have any, see us before you sell. We will pay you cash for them. feb20tf

J. M. PERRY & Co.

Bartholet hotel on the 13th of February, had a hearing before Justice Taggard Wednesday. He was found guilty and was fined \$60 and costs. In default of the fine he was sent to jail.

E A Minde, formerly agent for the C. M. & St Paul Railroad Company at Summit, S. D., and son-in-law of H H Green of Zillah has had enough of South Dakota and will make his home in Yakima county. There are several families that have sold out there and will come later.

Charles E. Forsythe moved this week into the house at the corner of Fourth and A streets vacated by James J. Wiley. He will open a law office in the city and practice his profession here. At one time he thought of returning to his home at Buffalo, N. Y., but he came to the conclusion after remaining here over winter that the climate here is better than that of New York state.

The Western Sanitary Construction Co. will do your plumbing repair work in first-class shape. Next to post office.

#### May Graze on Certain Reserves.

The Christian Endeavor of the Federated church held a business meeting and social at the home of O. J. Steward Monday evening.

Messrs. Stap and Sewell, two of our new comers were over in the Bickleton country and filed on homesteads. They will remain here this summer but move to Bickleton the coming fall.

The meeting of the pioneers held at the hall Friday evening of last week was largely attended by the old settlers of the county. The program was a good one and the banquet is reported to have been excellent.

Mr. Spaulding, the Oregon nursery agent, returned home from Kiona Saturday and reports his sales of nursery stock aggregating over \$700 in one week. Mr. Spaulding says that Kiona is an excellent field for his line of goods.

#### ZILLAH.

J P Fox is packing his apples. Fred McLaughlin was up from Sunnyside Sunday.

Remember Sunday school every Sunday at 10 a. m.

Robert Dragoo left here Tuesday for Seattle where he will stay for a few days. The entertainment given at the M. W. A. hall last Saturday evening was well attended.

North Yakima visitors this week were George VanBuskirk, his sister Miss Jessie and Mrs. Allen.

Norman Gale who has been at work in North Yakima for some time has now returned to his home at Zillah.

Miss Lottie Squires is not improving very fast. It is thought that a trip to California will improve her health.

The entertainment given at Springdale last Friday evening was a grand success. Everybody was treated with respect and all had a delightful time.

The weather has changed from the warm sunshine to a cold wind, but the roads are fine. The dust is beginning to fly, but it is better than Yakima mud.

Try Keene's grab sale.

## Oil Burning Engines Successful.

A press dispatch from Oakland says that as the number of oil burning engines on the Southern Pacific was increased it was found necessary to provide stations where oil could be taken on. Next week it is thought that the oil tanks in course of construction at Suisun, Vallejo and Elmira will be completed and ready to distribute oil to the engines.

There are about seventy-five oil burning engines on the western division, and it is estimated that these engines traverse a distance all told of over 250,000 miles, and it requires on an average of about 1000 gallons for every 100 miles. It is estimated that a saving is made on the oil burning engines over those with coal of about \$16 per 100 miles.

So pleased are the head officials with the oil as fuel that they are committed to the policy of converting all engines into oil burners as fast as the change can be made.—California Exchange.

The Southern Pacific has let contracts for the construction along its lines of eight oil tanks with a capacity of 20,000 to 55,000 barrels each in connection with its conversion of locomotives from coal to oil burning machines. Besides the eight large tanks the company also plans to distribute smaller tanks along the road. These arrangements for handling the new fuel include nothing that will be done on the Southern route of the company's line. It is estimated that the exclusive use of oil will net a saving of \$1,500,000 over coal. This estimate is based on the figures of last month when a saving of \$16,000 was effected by the use of fuel oil on thirty-nine engines of the western division.—Bakersfield, Cal., Echo.

## Battleships Burn Oil.

LONDON.—Exceptional interest is attached to the departure of the channel squadron from Portsmouth today on a prolonged cruise. For the first time British battleships have been fitted to consume oil as fuel. These experiments have so far been confined to small war vessels, but now both the Hannibal and Mars will use petroleum instead of coal, while the cruisers Duke of Edinburgh and Black Prince are similarly equipped. The oil is carried in tanks in the double bottoms of the ships.

## SUNSET OIL FIELDS OF California. The Field of Gushers.

Fortunes made in California oil. This is the opportunity of a life time—40 acres of rich oil lands in heart of Sunset district, surrounded by TEN flowing wells. Rainier Oil & Fuel Co of Seattle owns the land, most carefully managed by Hon. Richard Osborne, recently retired from the superior bench of King Co., president; Hon. Lyman E. Knapp, ex-governor of Alaska, secretary. Offices ro, Haller building, Seattle, and Sunset Kern Co., California. Prospectus being distributed in North Yakima. READ THEM. Capt. George H. Corey, trustee, is at Yakima hotel to answer all questions. Ask them and investigate the company.

## DITTER BROS.

### THE TIETAN DITCH SCHEME

Subscriber Thinks North Yakima Should Encourage Its Building.

COWICHE, WASH., March 2, 1903.  
Editor REPUBLIC: While there is so much talk and stir about irrigation in this country and the influential bodies, such as the Commercial club, the bankers and Merchants' Union, etc., are taking an active part in the upbuilding of the country, I wish to call their attention more especially to the enterprise of the Tietan ditch which is now being presented to the interior department. Have you ever stopped to think what it means to North Yakima? Do you know that it offers better inducements from different points of view, than enterprises of the same kind lower down the valley?

Perhaps you will say it is selfishness. Let us look at a few points and see. There are about 30,000 acres of choice land that can be reclaimed by that ditch, some of it at the very border of North Yakima, land that would be worth from \$150 to \$200 per acre with water. Who has not, upon coming out across the Condon ditch, wished that they owned some of that fine body of land laying there waiting to be watered that it might bloom as the rose? And when we get farther back do you know that it does not require one half as much water in the Cowiche valley to raise as fine alfalfa, and finer apples and potatoes, and in fact any kind of fruit or vegetables as it does lower down? Why? Because the soil is heavier and retains the moisture better, does not wash as bad and does not blow away, and the altitude being higher is more healthful.

There has not been a case of typhoid fever here for several years, at least that was contracted here. As it lies close to the timber and the reserve it affords advantages for fuel, lumber and stock range. Then it lies in territory that will never be cut off from Yakima county and all its trade will be taken to North Yakima because it is a down hill haul all the way. All the land is owned in small tracts, there being about 75 bona fide resident land owners who agree to take water or sell their surplus land all over 160 acres to bona fide settlers. There has been water appropriated and surveys and estimates made that have cost the citizens over \$2000. The estimate places the cost of the canal at less than \$300,000, which would cost not to exceed \$10 an acre for the land it waters. With these and many other advantages would it not pay to urge this matter and if possible secure the enterprise?

W. E. THOMPSON.

#### George S. Courter.

George S. Courter died at St. Elizabeth's hospital Friday night, February 27, 1903, after a sickness of about two weeks' duration. The funeral took place from the Christian church at 2 p. m. Monday, the local lodge of Odd Fellows having charge of the services. Rev. F. L. Hayden preached the sermon and interment took place in Tahoma cemetery.

The deceased was well known in this city, having come here about 15 years ago from Monmouth, N. J. He was employed as a clerk in the office of the law firm of Whitson & Parker for a number of years and six years ago he went with the firm of Graves & Englehart of this city with whom he was employed up to the time of his sickness setting in. He had been ailing for some time and was subject to spells that affected his heart. Consumption set in toward the last and

More About the Zillah Minister's Remarks. W. W. Clark of the Washington Irrigation company writes as follows about the alleged remarks of a Zillah minister regarding the saloon question: "I am advised that a citizen of Zillah has addressed a letter to your paper, relative to the article which appeared last week regarding the address of a minister of this place on 'Temperance.' I understand this gentleman says the Washington Irrigation company has made no such offer as was mentioned in the article. Whoever was the authority for the article in question was in error in reporting the minister as saying that he preferred the saloon to the library, for he made no such remark. It would be equally erroneous, however, to correct this by saying that there is no issue between the saloon and the things that pertain to the enlightenment of the people. The Washington Irrigation company had proposed to make a liberal donation for the purpose of a high school at this place, but because a license was granted for the saloon, and for no other reason, they did not make the donation. I am reliably informed that they are still willing and anxious to make such donation providing the saloon shall be abolished. As regards donation to library, I have assurance that the irrigation company would be pleased to assist in the establishment of a library and reading room at this place. Such a movement is now contemplated."

If you Bought it at Schott's  
 you know the Style is Right.

## FRANK LAVERGNE PAROLED

Sent to Pen 20 Years for Killing "Tex" Bagwell—Story of Crime. Among the pardons issued by Governor McBride recently is that of Frank Lavergne who was sentenced from Yakima county to 20 years to the penitentiary on the charge of killing "Tex" Bagwell. The older residents of North Yakima will recall the murder, which happened one night in the fall of 1893, and after a long trial Lavergne was convicted and sent to the pen. After serving about ten years he was let out on parole, the pardon following November 19, 1902, but was never made effective till the present time.

The murder for which Lavergne was charged with was cold blooded. Bagwell was a well known gambler of this city at the time and on the night he was killed he left a gambling room for his home near the Central school building on Second street. When he arrived near a vacant lot just to the east of the shoe shop kept by William Lee (who is now dead) on the corner of First and Chestnut streets, some person shot him dead with a Winchester rifle.

Great excitement followed the killing and for a few days it remained a mystery, but a chain of evidence was soon woven around certain parties and then an investigation ensued. Mrs. Bagwell and Lavergne were suspected of the crime, but evidence sufficient to convict them could not be secured. A man named Harvey was accused of the murder, but he would not admit it. A woman detective was placed in his household and after a while his wife admitted that he committed the crime. This was not sufficient evidence. Harvey then left here for Oregon and as soon as he got across the Columbia he told the woman detective that he did the killing. An officer was sent after him and on promise that he would be reprieved he turned state's evidence and gave the whole thing away. He said he was hired by Lavergne and Mrs. Bagwell to shoot "Tex" Bagwell. He did the work and was paid for it.

The motive for the crime is said to have been the desire of Mrs. Bagwell to acquire the money that Bagwell had in his possession. He and Mrs. Bagwell did not get along well together. She consorted with other men, it is claimed. She suspected her husband of having considerable money saved up, and she had an idea that he would soon leave her, taking it with him. It is reported of the murdered man that he had at one time saved the life of a well known and wealthy man of this state and it was this party who furnished the money for the prosecution.

Lavergne is now living in Puyallup, but Mrs. Bagwell died in Texas a few years ago.

### N. P. Right of Way.

Representative Jones on Tuesday introduced a bill granting to the Northern Pacific railway a right of way across Vancouver barracks reservation for a branch line to run up the Columbia river from Kalama.

reorganize the Batchelor club and hold lawn's Stomach and Liver Tablets. They have taken him off suddenly. Mr. Courter was well known in this city and county. He was an active republican and took part in politics to a considerable extent. He was a member of Fidelity lodge No. 141 I O O F. of Jamesburg, N. J., at which place a sister and nephew survive him.

### Street Improvement Work.

Contractors Dimmick & Dingle will commence the work of grading Kittitas and Wenas avenues next week. They have been delayed all winter on account of the frozen condition of the ground, but will push it now so as to have the two streets completed before the irrigation season sets in. It is the intention of the council to have Fourth street graded just as soon as they can get to that work. South First street will also be taken up this month, and it is likely south Sixth street, a petition for grading which was presented to council three weeks ago, will also be graded southward to the city limits from the southern end of the present grading. There will be a number of sidewalks laid during the year in the outlying parts of the city.
