PHILATELIC SECTION OF THE NETHERLANDS POSTAL SERVICE

SUPPLY OF POSTAGE STAMPS ISSUED IN THE NETHERLANDS ANTILLES

We have much pleasure in informing you that the postage stamps of the Netherlands Antilles will henceforth not only be obtainable in that country, but also at the Philatelic Section of the Netherlands Postal Service at The Hague. A survey of the stamps which — as long as supplies last — can be furnished by this Section is to be found elsewhere in this folder.

Cancelled stamps

The Netherlands Philatelic Section can now also supply cancelled stamps of the Netherlands Antilles. Please indicate distinctly in your relevant order that you wish to receive cancelled stamps, as otherwise uncanceled ones are sent.

First Day Covers

The Philatelic Section can also supply the First-Day-Covers of the new Antillean stamps. These covers will be provided with a special First-Day-cancellation.

Subscription

If you fill up the subscription form and return it to us duly signed, you will automatically receive all the future issues of the Antillean stamps desired by you. In that case you need not order the sets separately, which, of course, will save you extra costs and trouble. For this purpose, however, you

will have to open an account current with our service. You can do so by remitting any amount to the Netherlands Philatelic Section. In our opinion a sum of about Dfls 6.— will be amply sufficient for you to obtain one copy or one set of each of the Antillean stamps that will be issued during the period of one year. For account-holders it will be sufficient to return the subscription card — signed and completed — to our Service. So they need not open a special account for the Antillean stamps. As, however, the total sum required for the purchase of the Netherlands, Surinam and Netherlands Antillean stamps to be issued in one year is estimated to amount to about Dfls 24.—, we would advise our account-holders to replenish the balance on their accounts.

To avoid extra postage, stamps issued in Surinam, the Netherlands Antilles and the Netherlands on about the same date will be sent in one cover.
