

"How to the Line, Let the Chips Fall Where They May."

VOL. 16.

NORTH YAKIMA, WASHINGTON, SATURDAY, JULY 31, 1909

No. 46

LAND OWNERS WILL CO-OPERATE

Met Last Saturday at the Court House to Discuss
the Proposition.

The Tieton situation was thoroughly discussed last Saturday at the court house by the interested land owners. The meeting went on record as being in favor of meeting with the Tieton Water Users association to devise means to have water put on the Naches branch of the Tieton canal by 1910.

During Roosevelt's administration every encouragement was given to the land owners to cooperate on the Tieton project. They were allowed to work on the ditches with the provision that they were issued script for the labor instead of money, said script being accepted by the reclamation service on the payments due. This was a very satisfactory arrangement devised by Secretary Garfield and aided greatly in finishing the ditches with speed.

But the Taft regime as represented by Secretary Ballinger has disapproved of the Garfield plan and now an effort is being made to devise some plan of doing the work that is satisfactory to Mr. Ballinger.

The object of the meeting Saturday was to learn the attitude of the land owners relative to cooperating with the reclamation service in the construction of the sub-laterals so that water can be put on the Naches branch next spring.

M. Strauss was named as chairman of the meeting and outlined several plans that he thought feasible whereby the land owners could construct the laterals.

Mr. Marsh suggested some of the difficulties encountered in the refusal of the reclamation service to accept payments in full for the water rights. He hoped that some action might be taken at the Portland meeting August 3 that would result in recommending that payments in full be allowed, thus increasing the funds at the disposal of the department.

During the extended discussion of various plans, Attorney Cull made a statement of the relations of the government, the Water Users association and the land owners and expressed the thought that under the contract with the government from which he read, the land owners could assist in the construction of the laterals and be entirely in line with the contract.

Mr. Gilbert stated that as chairman of the committee he had received a number of letters from land owners who could not be present and that they were unanimous in wanting water at the earliest possible moment and that they were willing to join in any plan favored by a majority of the land owners.

A Funny Blunder

It was last summer, at a Chautauqua, that an embarrassed chairman managed to make one of the funniest blunders ever made, in introducing the great commoner. Mr. Bryan was billed to deliver his lecture on "The Prince of Peace," which, as is evident from its title, is a semi-religious and highly moral exhortation. Doubtless the chairman knew this, but doubtless also he was not without worldly knowledge as well, for he wound up his presentation of the lecturer with "It is now my pleasure to introduce William Jennings Bryan, who will give you his celebrated address upon 'The Prince of Pilsen!'" Westerner.

Investigating Wapato Project.

Chas. F. Hauke, chief clerk of the United States Indian department, arrived in the city last Wednesday and is making an investigation of the difficulties arising at the Wapato project, on account of the Indians refusing to sell their holdings under the conditions imposed by the act allowing them to dispose of all land holdings but 20 acres. The Indian is displaying good judgment in the opinion of many who are familiar with the matter. His money is deposited at the bank at only 2 per cent and is doled out to him at the rate of \$10 per month. This does not give him sufficient capital to make any progress, and the \$10 will be spent regularly, until the principal is consumed. Some men familiar with the Indian affairs believe he should have the privilege of using his money as he desires so long as he spends it in improving his condition.

Louden Promoted.

James A. Louden was promoted to the position of assistant cashier of the First National bank at a meeting of the directors last Wednesday morning. The business of the institution has demanded another assistant to Cashier Cline and the promotion of Mr. Louden was made possible. Mr. Louden has been with the bank in various capacities for the past ten years and the promotion is a reward for his long term of satisfactory service.

Henry Van Buren left Monday for Montana, where he has mining interests which demanded his attention.

A Communication

Palouse, Wash., July 13, 1909.
All Friends of Direct Legislation: The Direct Legislation league of the state of Washington has issued a call for a mass convention in the Fine Arts hall of the A.-Y.-P. exposition on Tuesday, August 31, at 2 o'clock p. m.

Hon. W. S. U'Ren, of Oregon, will make the principal address on "Direct Legislation in Oregon and Its Results." I want to urge all subordinate granges to send delegates. The object of this convention is to perfect an organization throughout the state, to the end that we may pledge all candidates for the next legislature to vote for the submission of a constitutional amendment providing for the initiative, referendum and recall along the same lines as in Oregon and Oklahoma.

I want to urge the friends of direct legislation of the importance of this convention and that they make a special effort to be there.

Call a meeting and elect delegates where it is advisable; but as this is not a delegate convention this will not require credentials—all friends of the re-establishment of the people's government will be welcome. Fraternally,

C. B. KEGLEY.

Master Washington State Grange.

The untimely death of Congressman Francis E. Cushman has served to complicate political conditions in the Second district to such an extent that the outcome is the grounds for much speculation. There are two factions in the Republican party in Pierce county which threaten to disrupt harmony to such an extent that the Democrats are casting about for their strongest man, believing that they stand a good chance to win. They are confident of victory also because of the growing dissatisfaction on the part of the people in general with congress and its unsatisfactory handling of the tariff. Gov. M. E. Hay and Senator W. H. Paulhamus are on one side of the Republican argument and they have to try conclusions with some of the strongest men in the district, all of which adds to the uncertainty of the outcome.

In response to the demands of various towns, along its lines for better accommodations, the Great Northern railway has advised the state railway commission that improvements will be made. General Manager J. M. Gruber told the commissioners at Olympia recently that the company was inclined to accede to the wishes of its patrons wherever the same were at all reasonable. Progress was reported on the new station being erected at Venatchee. The re-location of the Edmonds depot is to be taken up at once. Anaortes has been given an extra train, as requested. Electric motors are being used to operate the trains through the Cascade tunnel. Several minor points of difference between the railroad and shippers have also been satisfactorily settled.

Assessor A. E. Parish of King county has announced that he will assess the leasehold of the Metropolitan Building company for the old university grounds in the heart of the city. When the company made the contract with the university regents several years ago, it was contended by the lessee that this state land was exempt from taxation and it has never been assessed. Valuable improvements have been erected on the land and more are contemplated. The lease in question is now being subjected to considerable question, as not providing for sufficient revenue to the state. It covers a period of 50 years, at the expiration of which time all of the improvements become the property of the state.

Adjutant General George B. Lamping stated at Olympia Wednesday that Ortis Hamilton, who is in jail awaiting trial on the charge of embezzlement, converted probably \$60,000 of the state's money to his own use and that James A. Drain, Hamilton's predecessor, had a clean record. Gen. Lamping went through the state's accounts for the past 10 years.

Walla Walla county, including every city and village, will vote on the saloon issue the first Tuesday in next December. A conference of temperance workers in the ten counties east of the mountains was called at Spokane July 12 to formulate plans of the campaign.

Messrs. H. Ota, K. Ichinose, K. Nakamura and R. Ota, the distinguished Japanese, who were visitors of the city and valley last Monday and Tuesday, were the guests of the Japanese society of the city at a dinner given at 115 South First street on last Monday evening.

W. L. Wright, who has charge of the county exhibit at the A.-Y.-P., was in the city on business Monday.

COLONIST RATES ON ALL ROADS FOR THIS FALL

Fare Only \$25 from Missouri River
Points to the Sound.

Portland, Ore., July 27.—(Special).—Colonist rates will be put into effect by the transcontinental railroads this fall that will be identical with those that brought 63,000 settlers to the Pacific northwest last spring. These rates will be in force during September and October. The rates will go in September 15 and continue until October 15. The rates will be \$33 to the Pacific coast cities from Chicago, \$25 from Omaha and St. Paul, with similar low rates from all other eastern terminals. This advantageous rate means large additions to the population of the Pacific northwest during the coming fall. They will be all the more effective by reason of the wide publicity given the northwest by the Alaska-Yukon-Pacific exposition. Thousands of visitors to the fair have gained a knowledge of the country, and will have decided to return and make their homes here by the time the colonist rates are in effect. Railroad officials in touch with the movement of new settlers believe that the year 1909 will be the banner one in immigration.

Short Fruit Crop.

News of the conditions of the fruit crops in the various fruit producing sections of the country indicate a much lighter crop of apples and peaches than was marketed last year.

Throughout the middle west the hot, sultry weather is accountable for much of the deterioration of the crops. The drop has been heavy and the scab is very bad in sections where spraying has been neglected.

Grapes seem to be an excellent crop in all sections.

Peaches are very light all over and rot has broken out in some sections, which will make the crop hard to market in the sections affected.

To Install Fly Traps.

Both city and state authorities are fighting flies. Merchants report an increase in sales of tanglefoot and other fly destroying devices. Restaurants and meat markets are doing their best to eliminate the pest. The state board of health is planning to install half a dozen of the large fly traps, so successfully operated by the state board of health of Idaho last year, in several orchards in this section this summer.

New City Building.

The commercial club of Wenatchee will commence work on their new building within the next ten days. The building will be a two story structure, of reinforced concrete. The lower floor will be occupied by the city offices and fire department. The commercial club occupy the upper floor, where they will have offices, an assembly room, lounging rooms and a rest room for the ladies. The structure will cost in the neighborhood of \$15,000.

Record Price for Hogs.

New high record prices were reached in the hog market at Portland during the past week. Last Thursday hogs advanced to \$9 per 100 pounds, this being the highest value ever recorded within the memory of the trade. A shipment of 77 hogs from the Willamette valley received this attractive figure. The hogs averaged 184 pounds each and brought the unusual price of better than \$16.55 each.

CITY WILL PUT IN WATER SYSTEM

Engineer Doolittle Instructed to Prepare Plans for a
\$300,000 Plant.

At a special meeting of the North Yakima city council last Tuesday evening it was decided to put in a municipal water system. Engineer Doolittle was instructed to prepare plans for a new system, the cost to come within \$300,000, the law permitting of an increased bonded indebtedness to that extent.

It is proposed to begin work at once and within a few days the city engineer will be engaged in the preliminary sketches. A reservoir will be constructed on the bench south of the Naches gap and two main lines will be constructed from there into the city.

The city council had been trying to purchase the present water system from the Northwest Light & Water company, but since that company rejected the offer of \$222,000 for the system the city will put in a system of its own that will be much better than the present one.

According to the present plans of the city administration, water bonds for the indebtedness incurred may be issued covering a period of years. Mayor Armbruster states that he has received advice from bond brokers that the entire issue will be taken if the city decides upon that plan. This feature of the water question has been much discussed and some have claimed that no market for the water bonds could ever be found. An alternative of issuing municipal bonds to cover the cost of the new water system is also presented in case the bonding of the water system does not work out satisfactorily.

Senate Committee to Visit Us.

The United States senate committee on irrigation and reclamation of arid lands will leave Chicago about August 31 to come to the northwest to inspect irrigation work. Practically all of September will be taken up by the committee in the study of the various projects. Washington and Oregon irrigation districts will receive a large share of the attention of the committee, which will be prepared to report on what is being accomplished here by watering arid portions of the coast.

Annexation Grows in Favor.

Among the many inducements being held out to the residents of the outlying districts is that of city mail service, of two deliveries a day. Many of the residents of the additions to the city are being won over to the cause and are promising to support the movement. A systematic canvass will be made of the residents of the additions and every argument in favor of the annexation will be brought to bear upon the people to win them over to the cause.

Tigers Must Win.

The baseball season is drawing to a close, and interest in tomorrow's games is deep, because the winning team of the games played tomorrow will have a clear track for the pennant.

The Tigers play with the Colts at Ellensburg and the Wahis with the Toppenish Redskins at Toppenish.

Work on New Depot Rushed.

Supt. J. L. Deforce of the Pasco division was in the city on Monday and expressed himself as well pleased with the progress made on the construction work on the new depot.

He promised to show the people of this section how to put up a building in record time. New depots will also be laid out at Parker and Rosa.

Ed Weining, the Fulton Market man, is making great claims for his summer sausage, boiled ham, ham bologna, cold feet, baked beans, lunch tongue, veal loaf and hot tamales. Phone 453.

George Bosdet Dead.

George Bosdet, one of the best known men in this city, died at the home of Mr. and Mrs. William McKivior, 416 south First street, Thursday morning, aged fifty-seven years after an illness extending over a number of years. Mr. Bosdet has been a boarder at the McKivior home seven years and was a man of many estimable qualities. He was an engaging conversationalist being well versed on a score of subjects. He was a Mason of high rank. The funeral services will be conducted Sunday by that order, the Rev. Maurice J. Bywater officiating. Mr. Bosdet was born on the Isle of Jersey. At different times has engaged in the cattle and hog business. A tragic event in his life was a shooting affray in which a man named Seaman was killed. Bosdet had gone to the defense of a woman and in the struggle Seaman was shot. He was exonerated.

Jack McNeff bought two lots of 1906-1907 hops last Wednesday. One lot bought of H. B. Scudder was in good condition and brought a good price. The other, bought of Duncan Dunn, was damaged somewhat and the price lower.

George Knox, aged thirty-four years died at St. Elizabeth hospital Thursday morning of tuberculosis pneumonia. The man was brought to this city from Wapato where he was employed by A. D. Denny. His mother lives in Alhambra, California. The body is held at the Shaw undertaking parlors pending advices from relatives.

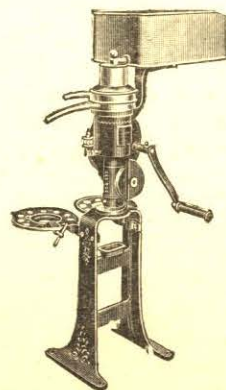

P. M. Armbruster has taken out a building permit for a building 24 by 60 feet to be located at the corner of Chestnut street and Third avenue. The building will be occupied by a carriage and auto paint shop.

Mrs. Herman Rodman, of Sunnyside was operated on at St. Elizabeth's hospital Thursday evening for appendicitis.

Mrs. Carrie Cook and daughters, Miss Varian and Miss Veva, leave Monday to spend a year at sound points.

Mrs. Dr. P. Frank and son and daughter returned Wednesday from an extended visit to sound points.

Cream Separators

If you are using the old Pan System, Skimming your milk with an old style out-of-date Cream Separator, or not skimming it at all, we believe that you will be interested to know something about the Simplex Cream Separator. It will not cost you one cent to try one, and we know that you will be pleased with it in every way.

We claim for the Simplex Cream Separator advantages over all other machines. If possible call at our store; if impossible to call, then phone us at our expense, or write us, or in some way advise us, that you are interested to know how to produce cream at a profit.

A NEW PARTY

Signs are coming thick and fast that we are on the eve of a new political alignment in America. The Southern states with the new era of manufacturing enterprise within their borders have become wonderfully imbued with the policy of protection of infant industries. In the debate on the tariff in the senate the Southern senators have stood with the New England senators for a high tariff. Breaking away from their old business ideas, they are also breaking away from their time-honored political beliefs.

The financial interests which at present dominate the government will, of course, be one of the parties in our country, and as the Republican party has shown itself to be ready and willing at all times to serve the interests, it is but natural to expect to see that party remain as the exponent of capital. To it will gravitate those in the South formerly Democrats, who are fearful of reform and belief in a conservative stand-pat policy, represented by such men as Senator McEnery of Louisiana and Senator Clark of Florida. Opposed to this party of the moneyed interests will be the new party, composed of the common people, who favor reform and progress as represented by the "insurgents" and "progressives" in each of the old parties. Whether this new party be called the American party or retain the name of Democrat it will be more of a Western party than a party of the South, and will be led by such men as Gore of Oklahoma, Johnson of Minnesota and La Follette of Wisconsin.

The old solid South has been broken and no more will it be the North against the South, but rather, under the new conditions, the manufacturing East against the agricultural and industrial West.

DISEASE A CRIME

There was a time not so very long ago, even in enlightened Yakima, when people died from typhoid and other contagious diseases, that their friends and lodge associates passed solemn resolutions laying the blame on God, "who had in a mysterious way called the sufferer home."

Today, thanks to science and the microscope, we lay the blame where it rightfully belongs; upon those who have the disease and their unsanitary surroundings.

We have begun to realize that the man who, because of his filthy surroundings, catches a contagious disease and imparts it to a neighbor, is as much of a criminal as the man who buys poison and gives it to a child. Likewise is the man looked upon who sells us impure milk or bad meat.

People are learning that they save money by buying pure food, even if it does cost more money. Hence the merchants have learned that it pays to keep a clean store and pure food supplies. The butcher shop in this town remarkable for the great swarms of flies in and about it loses many dollars every day because customers will pass it by and go to other shops. Inspection by hired officers will soon be unnecessary, when the mass of the people are well enough educated to the danger there is in buying or using impure food. A man is not going to eat in restaurants when the victuals stink and the flies swarm over everything, even if he can get a meal in such a hole for 15 cents, for he runs the risk of catching some disease that will cost him many dollars, if not his life. The butcher will not have to be told to clean up his shop when he realizes that he must do so or lose his trade.

THE TARIFF DEBATE

Several things have been taught the American people during the tariff debate that will be of much good in the coming campaigns. Among the most important lessons learned has been that under the present regime a trust magnate is of more importance than a hundred thousand plain citizens. Also that Republican representatives do not represent Republican constituents nor do Democratic senators represent Democratic principles. And finally that the common people, of whom Lincoln said "The Lord must love since he made so many of them," have nothing whatever to say in the making of tariffs and laws for the country.

When it came to a show-down, the senators who have had the most to say on the tariff have invariably deserted their constituents and hurried to the aid of the trusts.

The tariff bill as now framed, and as it will no doubt pass, is an imposition upon the American people that should cause a political revolution throughout the entire United States.

POPULATION AND CAPITAL

No clearer or more emphatic indication of the drift of population in this country can be found in current events than in the heavy land registrations in Washington and Idaho. The people are literally flocking into the Pacific Northwest.

The reservation land registrations at Spokane, Coeur d'Alene, Missoula and Kalispell during seven days reached a total of 105,000. Besides, the announcement is made that trainloads of persons from Eastern states are now on their way to these centers to participate in activities destined to convert to usefulness and profit thousands of acres of land now idle.

The people of every part of this country are beginning to realize the possibilities of this section. It is time for them to quit hard struggling for small incomes, and to come into a part of our common country which promises greater returns for the capital invested and the energy expended than any other part of the world.

Travel toward this section at this time, and the eagerness with which citizens from other parts of the country are making investments in lands and in enterprises of various kinds show conclusively a widespread appreciation of the material possibilities of the Pacific Northwest. Henceforth Washington, Idaho, Montana and Oregon ought to increase rapidly in population and wealth. The drift of population, and of capital, is this way.—Post-Intelligencer.

ORGANIZE FOR INCOME TAX

Unquestionably a majority of the Democratic and Republican parties favor the income tax. If proof on this point were necessary it is found in the fact that a republican congress has been forced by public sentiment to submit an income tax amendment. It is no secret, however, that the Republican leaders who reluctantly yielded to this necessity expect that the proposed amendment will fail by reason of not having a sufficient number of states.

The clause in the federal constitution providing for the method of amendment is as follows:

"The congress, whenever two-thirds of both houses shall deem it necessary, shall propose amendments to this constitution, or, on the application of the

legislatures of two-thirds of the several states, shall call a convention for proposing amendments, which in either case, shall be valid to all intents and purposes, as part of this constitution, when ratified by the legislatures of three-fourths of the several states, or by conventions of three-fourths thereof, as the one or the other mode of ratification may be proposed by the congress; provided, that no amendment which may be made prior to the year 1888 shall in any manner affect the first and fourth clauses in the ninth section of the first article; and that no state, without its consent, shall be deprived of its equal suffrage in the senate."

The Washington correspondent for the Chicago Record-Herald recently said:

"Senators and other students of politics and economics at the national capital have been giving attention to the field of campaign that soon will be opened and it must be confessed that the most enthusiastic advocates of an income tax are not intoxicated by hope. Getting down to cold figures, they cannot at this time see a safe majority for the adoption of the amendment that only awaits formal action by the house of representatives to come before the state legislatures. To secure ratification the amendment must carry 35 states. Twelve states rejecting it will kill it. By not acting either affirmatively or negatively a few states may prevent the necessary three-fourths majority."

It will be seen, therefore, that the fight for the income tax has only begun. The subject should, therefore, be studied by every citizen. It would be well if, in every precinct in the United States, men and women should congregate for the purpose of informing themselves upon this important topic.—The Commoner.

A GOOD WORK THREATENED

The reclamation service is a branch of our government which may be viewed with unusual cheerfulness and satisfaction. This is so for several reasons. In the first place, the work it does appeals to the imagination. To create something out of nothing must always be fascinating. Then the relations between the service and the citizen are peculiarly beneficial. State help often endangers individual initiative. In the case of the reclamation service the government merely gives help when and where help is rightly needed. In effect, the government in building storage reservoirs and irrigation canals on these various projects lends from its vast store to a large number of farmers who, presently, repay the loan in purchasing their land and its water rights. The original capital is again available. The farmers helped now are able to take care of themselves. It is an excellent scheme all round. The service is new, its engineers and office men, young for the most part, enthusiastic, interested in this work and not in politics. The reclamation service has thus far been happily free from the domination of merely political ambitions. The appearance in various newspapers of "feeling," suggesting that Chief Engineer Newell might be replaced during the autumn by a political friend of the present secretary of the interior is, therefore, something to be viewed with uneasy concern. To make a political machine of the reclamation service would be seriously to interfere with the work so well started. Frederick H. Newell has devoted himself to the science of irrigation for over 20 years. He has been behind the reclamation service since its beginnings. Few men, if any, know better this special field. He is now in the prime of life—a few years short of 50. To displace him, as has been suggested, with a man who has had no experience in irrigation work, would be a peculiarly uncalled for sort of political quick knife sticking and the beginning of a domination which this branch of the government has been fortunately spared.—Collier's Weekly.

A DOUBLE TAX

When conscientious officials go to hunting graft there is no telling what will be unearthed. The tobacco trust has been enjoying a little additional income of 20 millions a year for the past eight or ten years. When the Spanish war taxes were put on tobacco the manufacturers were allowed to short-weight the output, and after the war was over the taxes were taken off, but the same charge has been continued. In this way the dear consumer has been paying a double tax on his "smokin' and chewin'" and it is probable they will continue to do so, as Mr. Aldrich believes such a course satisfactory.—Cascade Miner.

No longer will the pretty maids and comely matrons of the state of Washington be permitted to enhance their beauty by wearing picture hats trimmed with the feathers and plumage of wild birds. They are free to pluck the prosaic decorations of barnyard hens and roosters, but they must not covet to the point of possession the natural adornments of the fowls of the forest. If their vanity tempts them into wearing the feathers of wild birds they are amenable to the criminal statute, and the Washington State Audubon society purposes that they shall be punished to the full extent of the law.

FOR INCOME TAX.

Senator Jones has written to Governor Hay urging him to use his influence with the present special session of the legislature towards the ratification of the proposed amendment to the constitution, which will make the imposition of the income tax possible.

Should the Washington legislature take such action, she will be the first state in the union to do so, although the majority of the states are in favor of it.

The difference between the corporation tax and the income tax is that the earnings of the industries are taxed under the one and the other taxes the individual income of men of means. The corporation tax will be shifted upon the consumers shoulders by an increase of the prices of the industry's products, while the income tax is a direct taxation of the private income.

They Want Your Aid.

Seattle, July 26, 1909.

To the People of the State of Washington:

At the special session of our state legislature Senators, Cameron, Davis, Eastham, Fishback, Graves, Kline, Knickerbocker, McGregor, McGowan, Myers, Minkler, Nichols, Potts, Presby, Roberts, Rosenhaupt, Ruth, Rydstrom, Smith, Smithson, Stevenson, Stewart, Whitney voted against restoring to the people the nominations of judges of the supreme court taken away from the people at the last regular session. All party platforms declared for direct primaries and nine-tenths of the voters demanded it. What induced these senators, who are public servants, to repeal a vital and most important part of the direct primary law which took away from the people the supreme court nominations and placed the same in the hands of conventions where they can be easily controlled by special interests? Will you quietly submit to such an outrage on your political rights? Are we not capable of self-government? Shall we have a political oligarchy as dictator? Demand of our public servants that they restore supreme court nominations to the people. The great fight is now on for the control of the supreme court of this state. Five are to be nominated and elected next year; shall the supreme court be controlled by special interests or by the people?

The above named senators who say the people shall not nominate the judges of the supreme court have insulted every intelligent voter of this state.

Arrange at once for point discussions with those who voted against rule by the people; demand that members of the legislature who refuse to restore nominations of judges of the supreme court to the people give their reasons in public for so doing; get up petitions to senate and house of representatives of Washington state legislature and send to Olympia for special session which will assemble August 11; demand in said petitions that supreme court nominations be restored to the people.

The question is—Shall the people rule? Now is the time to work and to make a vigorous fight, and to show that you are worthy of the name of American citizens. Let us see to it that no man is elected again to any office in this state who refuses to assist in restoring the nominations of the supreme court judges to the people.

THE DIRECT PRIMARY LEAGUE OF THE STATE OF WASHINGTON.

CIVIC UNION OF SEATTLE.

By Everett Smith, Vice President.

JAS. R. HARRIS,

Sec. Central Labor Council, Seattle.

ORANGE JACOBS,

Pres. King Co. Bar Association.

Republicans of Lewis county have launched a boom for N. B. Coffman of Chehalis, as a candidate for congressman, to fill the vacancy caused by the death of F. W. Cushman.

Judge Clifford of the superior court has decided the new anti-cigarette law unconstitutional on the ground that it is in conflict with the provisions of the interstate commerce law. The court holds that while the state may regulate the sale of any article of commerce by the exercise of its police power, it must not attempt to nullify a federal statute.

Cigarettes may be smoked, but neither cigarettes nor "the makings" can be sold by dealers in Aberdeen, according to a decision handed down by Judge Ben Sheeks, in the test case brought by W. R. MacFarlane. MacFarlane was arrested and fined \$5 and costs for smoking cigarettes "in a public place." The state announces an appeal to the supreme court from the decision.

No experiments have been conducted in the cooling of small fruits before shipment. Along this line there is need of a careful series of investigations. The department of agriculture is conducting investigations of this type, but has not been able to extend them to the small fruit interests, as all of the men and the facilities are in use on problems that will require several years of work.

READY FOR NEW STUDENTS

When college opens in the fall at W. S. C. at Pullman, the work of repairing old buildings, improving and beautifying the college grounds and putting the finishing touches on new buildings, all of which work has been under way for the past two years, will be completed and the college will have a student capacity of from 1600 to 2000 students. The extension of the veterinary building is now erected up to the third story and the 250-horse power boiler for the new heating plant has just been unloaded. Cement sidewalks are being laid, connecting the new buildings with the old ones, and all excavations for the big heating tunnels are finished. Some of the heating mains are already in place. The college gymnasium in which the classes in physical training are held is being remodeled, the ventilation being improved and additional space provided.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure is the only constitutional cure on the market. It is taken internally in doses of from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred Address: F. J. The Checking Account for the Farmer

Many farmers keep a checking account with us regularly because it is a great help and convenience in their every day business.

With a checking account you can tell exactly the total amount of your receipts and expenditures for each month for the entire year. When you sell your farm products, deposit your money in the Bank, subject to check. The obligations you have can be cancelled by check. When you make a purchase, pay by check.

We invite you to try this system.

COUNTY CORRESPONDENCE

ALFALFA.

Mr. and Mrs. Dikraay of Granger were pleasant callers at this place Sunday.

Mr. and Mrs. Core of Outlook passed through Alfalfa Sunday.

Geo. Mathis and W. L. Hatch returned from Spokane Sunday where they had been to register for the Spokane and Coeur d'Alene land chances.

Mr. Johnson of Sunnyside Sundayed at the Alfalfa hotel.

Lou Nass and Will Nass left for Spokane Thursday. Lou thinks he is going to get No. 1 on the great land chance.

The many friends of Irie Myers will be glad to learn of his improved condition, as he has been suffering for the past month with an attack of typhoid fever at Spokane.

The Japs are busy loading the old steel along the line.

Mrs. Jim Tuttle entertained Mrs. Gelhart, Mrs. Mathis and Mrs. Myers on Thursday afternoon.

Mrs. Gus Tuttle left for Seattle this week to spend a couple of weeks.

MABTON.

Arthur Lemay of Jerome, Idaho, but formerly of this place, is in town this week visiting with relatives and old friends.

J. D. Simonton, H. E. Davenport and Bert McCallum left for Spokane, Coeur d'Alene and Missoula Saturday night, where they will register for the land drawing.

R. E. Crow purchased a new automobile in Seattle this week and will return home in it in a few days.

W. H. Pope and family left on Sunday morning for Seattle, where they will see the attractions of the A.-Y.-P. exposition for a week.

D. Perry and wife, accompanied by Mr. and Mrs. Fred Bickle, went to Lakehead, Wash., this week, where they will visit friends and may locate.

A brother of A. Dion and family arrived here Sunday from the state of Minnesota and will probably locate here.

The Caleson excavator was taken to Sunnyside, Wash., Friday, where Mr. Caleson has the contract for digging the ditches for the Sunnyside water system.

Richard Beckett went to Spokane Friday evening, where he will register for the land drawing. He will also register at Coeur d'Alene and Missoula.

SCHOOL SECTION.

Mr. and Mrs. Orval Darselt gave a lawn party Friday evening in honor of Mr. B. M. Hickman and family and Miss Pulcyer of Aurora, Neb. Refreshments were served and a jolly time enjoyed.

Mrs. M. E. Killy, cousin of Mrs. J. Young, left for Long Beach, Cal., for the winter last Monday.

Mrs. Florence Magoilken of Fairbanks, Alaska, is the guest of Mrs. Geo. Grist. A. J. Lynch and family are camping out near Wapato.

Arthur and Jess Newberg can tell the fish stories for the boys. They did catch some really, truly fish last week while gone to the hills.

Miss Lillian Dutch entertained several of her girl friends Thursday afternoon. A dainty lunch was served by Miss Dutcher. The girls will soon have a sewing club, which all will enjoy for the winter months.

Dorothy Jacobs is visiting in Toppenish. Mrs. Schrader and daughter, Miss Elsie, left for the Sound to visit the fair Tuesday. They will be absent a couple of weeks.

Mrs. Newberg and two children came down from Naches Friday for a few days' visit and returned Tuesday.

Emil Jacobs returned Sunday from the Moxee, where he was visiting a week.

Roy Allison is visiting M. L. Kagy a few days.

M. A. Chandler and family, B. W. Hickman and family and A. M. Chandler left for Soda Springs for an outing on Tuesday.

Back to Kansas.

John Gorlitz and his eight motherless children are speeding on their way to their old home in Kansas, thanks to the substantial aid rendered by the citizens of this city. Councilman Shaw and H. B. Scudder collected \$140 among the business men of the city and several ladies helped to fit the children with suitable clothing to enable them to make the long journey. Mr. Hill, the Northern Pacific agent, rendered a valuable assistance by securing half fare permits for the family, thus reducing the fare from \$180.30 to \$93.15.

One of the Chinese restaurants put up sufficient lunch to last the family until they reach their destination.

Mr. Gorlitz will have about \$40 in his possession when he reaches Leota, Kan., their destination.

For Sale.

A fine, young riding horse, saddle and bridle. Inquire at Democrat office, 21 South First St. 38tf.

Lard, pure and sweet and clean. We make it and know it is good. Fulton Market, phone 453.

PRESIDENT TAFT TAKES

A HAND AT TARIFF

Demands Free Hides, Free Coal, Free Petroleum, Free Iron Ore and \$1 Per Thousand on Lumber.

Washington, D. C., July 22.—The determined effort of President Taft to induce his party leaders in congress and especially in the senate, to make some actual and material reductions in the tariff and the violent protests and obvious terrors of the apostles of protection as a result have afforded subject of interest throughout the past week. Thus far the president has refused to make any concession from his demand for free hides, free coal, free petroleum, free iron ore and the house rate of \$1 a thousand feet on lumber. A number of senators from the eastern states are making the most extravagant arguments against these reductions and are protesting with unrestrained violence. Senator Scott of West Virginia went to the White House recently to endeavor to induce the president to withdraw his demand for free coal and when Judge Taft refused he left in a flood of tears, actually standing on the steps of the White House office building and sobbing as he explained to the newspaper men the unreasonableness of the chief executive.

Senator Clark of Wyoming, whose brother is the owner of the two largest coal mines in Wyoming, exhibits no restraint whatever in his denunciation of the president because of the demand for free coal and Senator Warren is vehement in his denunciation of the free hides proposition. Senator Borah took a position against free hides as did Senator Curtis against free petroleum, but Mr. Borah has come into line on receiving an assurance from Judge Taft that he will endeavor to secure a reduction of the duties on boots and shoes and Mr. Curtis announced that he is "a republican first" and will follow the party leader irrespective of his personal views.

It is only in private conversation that senators are willing to reveal the real occasion of their intense opposition to the president's recommendations. Talking privately, they frankly admit that they foresee in his attitude the death-knell of the protective system. Said one of them to your correspondent today: "President Taft may not realize the fact but he is a rank free trader. He is undermining the whole protective system. We republicans have always maintained that under a protective tariff we could build up industries which through their own competition, domestic competition, I mean, would bring down prices. If that were true it would make no difference whatever how high the duties were. The prices would come down just the same. Now the president takes just the opposite stand and says it is an injustice to the consumer to leave the duties too high. What will be the result? The consumers will get the idea that all tariff except that imposed solely for revenue is an injustice to them and they will wipe out the system. It is none too popular anyway and for a great national figure like Mr. Taft to attack it means its ruin. Now he wants free hides, iron ore, petroleum and coal. Then the people who have hides, iron ore, petroleum and coal to sell will immediately begin to insist that we must have free boots and shoes, free steel, free products of petroleum, etc. Even some republican senators, like Borah and Cummins, and, in fact, all the insurgents who voted against the senate bill, are already clamoring for free boots and shoes. And they will get them and once the people become used to the cheaper prices which will result from the removal of the duty we will never be able to induce them to stand for the higher prices. Free hides, indeed. Don't the president know that the next thing they will demand will be free wool? He wants free lumber because he deemed it a hardship for the poor man who has to build a house or a barn to pay the increased price resulting from the duty. Don't he realize that the next thing the public will demand will be free nails and free paint to finish their houses and barns? You can never satisfy them. Their demand for lower prices once they get the taste will be insatiable and the whole of our protective structure will come tumbling about our heads. Then, too, he wants a tariff commission. What good will that do? Merely furnish additional information to the public on which to base demands for lower duties. The people are happy and contented now. They are paying high prices and they are making no complaint, but once Taft starts them on the highroad to free raw materials, there will be no stopping them short of free everything and the very foundation of the republican party will be cut from under it." These are the actual words of a western senator who will not allow his name to be used but who is leading the fight against the reductions the president demands and who will probably vote against the tariff bill when it is completed.

George H. Ingram of Walla Walla spent a few days in the city the fore part of the week. Mr. Ingram used to be the business manager of the Republic, but is now connected with the Walla Walla Bulletin.

ATTORNEY INTERPRETS LAW

Local Firm Gets Opinion from Him on Liquor Control Outside of the Cities.

In some sections of this county recent announcements to the effect that the last legislature had left the state laws in such shape that a person could not be punished for selling liquor without a license in any section of the state beyond the limits of an incorporated city were not taken seriously. The opinion was pretty generally held that prosecutions for a violation of liquor laws which had prevailed prior to the last session of the legislature would quickly follow any attempt to sell liquor without official warrant and that that feeling would be sufficient to keep people generally from opening up illicit resorts. Within the past few days it has developed that there is a well founded movement on foot right here in Yakima county to take advantage of what appears to have been a slip in the law. Announcement has been made that a saloon, unauthorized by the county commissioners and beyond the control of the people, is to be opened in the Selah for the laudable purpose of accommodating the thirsty hop pickers who will soon be sweltering in the fall sun.

Selah People Interested.

Among the people who have property interests in the Selah which they feel would be injured by the opening of a saloon there are Englehart & Rigg, the local law firm, and one of the members

of the firm held his interests to be in sufficient danger to warrant his writing Attorney General W. P. Bell for an opinion as to whether the opening of such a saloon would be allowable under the law. The state lawyer says that it is unlawful to sell or otherwise dispose of intoxicating liquors without first having obtained a license from the proper authorities, and that the penalty for so doing is provided in the existing laws.

The question as to the legality of selling liquor without a license outside of the corporate limits of any city has been raised because the last legislature repealed a section of the code which provides the penalty for the illicit sale of liquor. All the other sections of the code dealing with the liquor traffic are still in force, however. There is provision that the board of county commissioners shall "have the sole and exclusive authority and power to regulate, restrain, license or prohibit the sale or disposal of spirituous, fermented, malt or other intoxicating liquors outside of the corporate limits of each incorporated city, incorporated town or incorporated village in their respective counties." In view of this regulation, which still holds, the attorney general holds it clearly necessary that licenses for the sale of liquor in the country districts must be obtained from the county commissioners.

Three Penalty Clauses Operative.

Taking the place of the penalty clause of the old law, the attorney general says there are at least three provisions for punishment left on the statute books. Section 421 of the new criminal code provides that "Every person who shall in any case not otherwise especially provided for do any act for the doing of which a license or other authority is required by law without having such license or other authority as required by law, shall be guilty of a misdemeanor." Section 248 of the new code says "A public nuisance is a crime against the order and economy of the state. Every place * * * 3. Wherein any intoxicating liquors are kept for unlawful use, sale or distribution shall be a public nuisance." Section 1 of the act of March 4, 1903, provides that "Every person who shall directly or indirectly keep or maintain by himself or by associating or combining with others, or who shall in any manner aid, assist or abet in keeping or maintaining any room or rooms, place or places in which intoxicating liquors are kept for unlawful use, barter or sale or for unlawful distribution; and every person who shall receive, barter, sell or assist in or abet another in receiving, bartering or selling any intoxicating liquors so received or kept, shall be guilty of a misdemeanor and upon conviction thereof shall be punished as hereinafter provided." Section 5 of this act provides a fine of from \$50 to \$500 or an imprisonment of from 30 to 90 days for the violation of these provisions.

GOV. JOHNSON IN SEATTLE THIS WEEK

Noted Scandinavian the Center of Attraction at A. Y. P.

Seattle, July 30.—Gov. John A. Johnson of Minnesota, the idol of the Scandinavian people of the United States, and one of the most likely candidates for the presidency, will visit the Alaska-Yukon-Pacific exposition for a week following Swedish day on July 31.

Gov. Johnson has timed his visits so that he will be present at Swedish day on Saturday, July 31; Scandinavian day on the following Monday, and Minnesota day on Tuesday.

His presence will be the cause of the largest gathering of Scandinavian people ever brought together on the Coast. Swedish-Americans and Norwegian-Americans from all parts of the Northwest are making arrangements to visit the fair during Gov. Johnson's visit.

In the program of Swedish and Scandinavian days at the exposition, Gov. Johnson will be the central figure. On account of his famed oratorical ability he will be called on for frequent addresses.

The address of welcome to the Scandinavian people on Monday will be given by President Chibberg of the exposition, and responded to by Gov. Johnson. The coincidence that both of these men are Scandinavians will add to the success of the program.

SALVATION ARMY MAKES

A SPLENDID SHOWING

Capt. Jenkins Presents a Resume of Work Done the Past 20 Months—Want a New Building.

Nearly 1000 people attended the union meeting of the Methodist, Presbyterian, Congregational churches and the Salvation Army at the Methodist church last Sunday night in recognition of the fact that Capt. Jenkins will be allowed to continue his work here. A resume of the work done by the corps in this city since he took charge 20 months ago was given by the captain. Ninety-four families have been relieved at a cost of \$738.20. The largest amount any one family was given was \$58.25, which included the expense of a funeral for a baby; \$23 was spent in sending a girl to the Salvation Rescue Home at Spokane. Another girl was taken from one of the resorts of the city and sent to her home in Portland; 133 transients received aid at an expense of \$126. At the army's winter soup kitchen 884 were fed. This makes a total of \$952.60 expended for benefits. Expenses for salary and labor in this department were \$487.60. Three men were employed by the captain part of the time.

The army has distributed 8540 garments, many of which were sold. Some people refused to take them as gifts. The proceeds from the sale of clothing was \$1104.80, which has been expended in other charitable work. The army wants your old clothing; they can use it to help others.

The army officer spoke of the need of a new building also, and it is to be hoped that their work will be so successful this coming season that they can realize this hope.

A letter to the Yakima Commercial club advises that a special train of 120 eastern people will stop over in North Yakima August 20 on the way to the exposition at Seattle, arriving here at 7:35 in the morning. The special will be made up at Knoxville, Tenn., and will include influential people, both men and women, from all sections of the eastern country.

The letter does not state how long a stop will be made in this city and on that account no plan of entertainment can be gotten up until further advices have been received. It is likely that their entertainment, however, will include an automobile trip over the valley and to the end of ascertaining the number of hours the visitors will stop here a letter has been sent out by Secretary James making further inquiry.

The substance of the letter from Cincinnati, Ohio, by O. N. Cripps, is as follows:

"I left North Yakima about two months ago on a business trip to boost the city. I find scarcely anyone who has heard of the Yakima valley and when I tell them of the things being done out there they are much surprised. I have succeeded quite well, however, in inducing a number to go out and look over the valley and most of them are going to look for an investment.

"My object in writing is to let you know that there will be a crowd of 120 persons, men and women, who will leave Cincinnati August 8 on their way to Seattle. They have chartered a special train for the trip into the northwest and they expect to arrive in North Yakima August 20.

"As the party will be made up of some of the most influential people in the east, representing many states, I believe it is one of North Yakima's best opportunities of doing some effective advertising. Why not meet this crowd with automobiles, etc? Have some refreshments and give them a cordial reception; get the juvenile band out to greet them, and the benefits will be twofold.

"These are merely suggestions."

A WONDERFUL APPLE DISTRICT

Council Valley, Idaho offers perhaps the very best opportunities for the fruit grower of any section in the west. At an altitude of 2910 feet; surrounded by timber-covered mountains; with abundance of water for irrigation; with splendid shipping facilities over the Pacific & Idaho-Northern railroad and land still selling as low as \$60 per acre Council Valley indeed is worthy of careful investigation.

Apples have been grown in Council Valley for twenty-five years without a single failure and this year there is not only a full crop of apples but there is a fine crop of peaches, pears, prunes and all tender fruits as well.

Fourty-four plates of Council Valley apples won first prize on county sweepstakes at the Idaho State Fair at Boise last fall.

Six boxes of Council Valley apples at the National Horticultural congress at Council Bluffs, Iowa last fall won Seventeen prizes competing with the best from everywhere.

It will pay to investigate Council Valley.

For full information regarding apple land investments in Council Valley address E. W. BOWMAN, "Sign of the Big Red Apple," Council, Idaho. 198-4t

Jury Panel Completed.

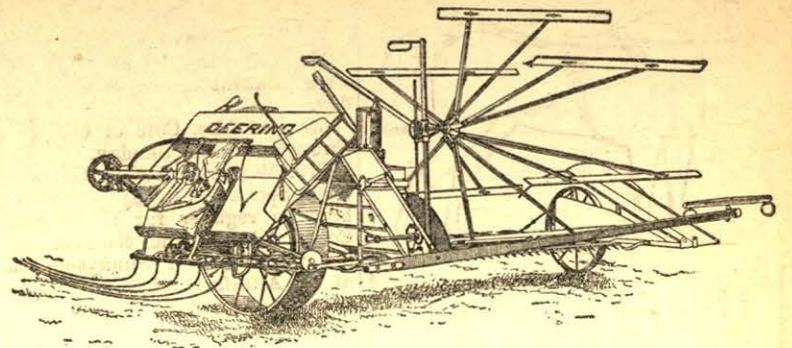

C. Roy King completed the jury panel of Yakima county last Saturday. This panel consists of 3677 names, all voters and taxpayers of this county. This is the first panel to be drawn in this county under the new law, which the legislature passed at the last session. The county is now divided into three districts, and the panel is composed of persons who are both taxpayers and voters.

Mr. William F. Dooley and Miss Edith M. Pitt were united in marriage Wednesday, July 21, at the home of the bride's parents in the Moxee. Rev. Charles E. Gibson of the First Methodist church performed the ceremony. The young couple left immediately for the Sound, where they will spend their honeymoon, after which they will return to this city.

DARWIN COMING TO TOWN

Man-Like Monkey Will Be Seen Here With Ringling's Circus

Darwin, the man-like chimpanzee that created so much excitement during the New York engagement of Ringling Brothers' circus, is to set up housekeeping here in North Yakima Friday, August 13, for a day when the big circus arrives. And Darwin lives in a house

When your grain is ready to cut, you want no delay, so buy the best to be had—

Yakima Hardware Co.

with its own heating plant, windows, doors, pictures on the wall and electric lights.

Darwin's resemblance to the human family is strong. He is a little shy on nose, but he makes up for that with an aggressive chin and a bulging forehead. He utters a series of strange sounds which his keeper says is the ape language. He drinks water from a bottle, eats with knife and fork and always sits at a table when he dines. He can shave himself if he likes and can laugh as well as any man.

Ringling Brothers have a wonderful menagerie. Darwin is an example of its wonders. It is well-nigh a complete exposition of animal life. There are giraffes, rhinoceros specimens, a hippopotamus, wart hogs, gnus, yaks, zebus, illexes, nylghaus, horned horses, emus, zebras, sacred oxen, Philippine cattle, water buffalo and all the other animals common to the great menageries of the

world. An interesting feature of the menagerie is the nursery where the animal babies are quartered. This is especially attractive to the children, and in it are many curious little creatures nestling up to their proud mothers.

The first thing visitors see on entering the tent is a long line of elephants stretching from one end of the canvas to the other. There are more in that herd than are owned by all the other circuses in America. There are 28 camels and dromedaries.

Every specimen of the monkey tribe is found in one big house, which bears the sign, "Hotel De Monk." The house is patterned after the summer hotel plan. It has large verandas with hammocks and swings, and the doors being always open, one can see through into the grill room where a banquet is always in progress, the monkeys eating at one long table.

APPLE CROP CIRCULAR

English - American Dealers
Publish Ideas on Prospects
for the Season.

By a firm in the interests of which Messrs. Simon and Shuttleworth, the English-American apple dealers, were in North Yakima some weeks ago, a circular has recently been issued, describing the apple prospects for the year. The firm is the Simmons, Shuttleworth & French Co., which does business in the chief shipping centers of the United States, Canada and Europe. The circular just issued is the company's first apple circular for the year, and indicates the prospects in the United States, Canada and England. The Chicago Packer quotes the circular as follows:

"In the Hudson river valley, New York, there appears to be an abundant crop of nearly all varieties of apples, and quality is generally very good. Late reports, however, are to the effect that damage is being done by the aphids, but to what extent is as yet unknown. Pears are reported to be light.

New York Crop.

"In the western part of the state we believe the production of winter apples will be fully equal to last year's, although Baldwins are reported light in some sections. Bartlett's and late pears also will probably be somewhat better than a year ago.

"Maine does not promise a large Baldwin crop, but other varieties, especially Ben Davis, are in good shape. Indications point to fairly good crops in New Hampshire, Vermont and Massachusetts.

"In Virginia and West Virginia the crop of apples will probably be similar to last year's in quantity, but information in our possession is not sufficient to enable us to give a reliable estimate.

"In the middle west conditions seem to have changed considerably, but from the more or less conflicting reports we are led to believe that only a light crop will be handled, probably somewhat more than in 1908, when 5 to 10 per cent of a normal crop was harvested.

"In the Pajaro valley (Watsonville, Cal.) the crop of Newtowns now growing exceeds last year's in quantity and is of better quality. Other varieties are also good.

"Colorado, Oregon and Washington crop prospects now indicate a lighter yield than last year in most orchards, but with the many new orchards coming into bearing the total crop will probably be equal to that of a year ago. Red apples predominate.

"Ontario prospects are for an abundant crop of fall and winter apples. Spys and Baldwins are reported light in some districts, in others the showing is good. Kings, Russets, Ben Davis and Greenings promise to be a very heavy crop.

"Nova Scotia has the promise of the heaviest yield of apples in its history and the quality is all that could be desired.

"There will be moderate crops of apples, pears and plums in England; conditions on the continent are generally more favorable."

Contract Let and Preliminary Work on Hotel Miller Com- mences Today.

Preliminary work with the rod and transit commenced Wednesday at the corner of Front and A streets in preparation for the erection of the hotel building planned for Mrs. Julia Hess Miller, the contract having been let to the firm of Schwartz, Wimer & Young. The cost of construction is to be about \$30,000, and the work is expected to be completed by January 1. E. Workman is architect.

The building will be three stories high, the ground dimensions being 50x140 feet. The first story will be constructed entirely of cut stone. The two upper stories will be of red pressed brick with cut stone trimmings. The inside of the building will be finished in slash grain fir.

The lower floor will contain, besides the hotel lobby and bar room, four store rooms fronting A street. The upper floors will contain 60 rooms, a considerable number of which will be arranged so as to be rented either in suites with private baths or separately. Each room will be provided with hot and cold water and a private telephone.

Mrs. Miller expects to call the establishment the Hotel Miller. She will commence business as soon as possible after the building is completed. A dining room will be conducted in one of the first floor rooms, not by the hotel management, but by a tenant. Mrs. Miller states that people have already negotiated with her in regard to renting the business places on the first floor.

The interior department has canceled an order withdrawing 250,000 acres of public land in connection with the Yakima irrigation project, and the same becomes subject to settlement October 5 and to entry November 4.

\$10 down and \$10 a month gets a 5-acre orange farm and a city lot. See Mexico Land Co., 2 1/2 West Yakima Ave.

Legal Notices

SUMMONS FOR PUBLICATION.

In the Superior Court of the State of Washington, for Yakima County.
Martha M. Houser, Plaintiff, vs. Alvey Houser, Defendant.

The State of Washington: To the said Alvey Houser, defendant above named:

You are hereby summoned to appear within sixty days after the date of the first publication of this summons, to-wit, within sixty days after the twenty-fourth day of July, A. D. 1909, and defend the above entitled action in the above entitled court, and answer the complaint of the plaintiff, and serve a copy of your answer upon the undersigned attorney for the plaintiff at his office below stated; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint, which has been filed with the clerk of said court.

The object of the above action is as follows: The said plaintiff prays that she be granted an absolute divorce from the defendant; that the property mentioned therein, to-wit: Lots one (1), two (2), three (3), four (4) and five (5), in block one hundred seventy-four (174) of the First addition to the town of Wapato as same appears on file and of record in the office of the auditor of Yakima county, Washington, be declared to be her separate property, free and acquit from any interest or right of the defendant therein or thereto; that plaintiff be permitted to resume her maiden name of Martha M. Clark, and that she have such other and further relief as to the court may seem meet and equitable in the premises.

H. J. SNIVELY,
Plaintiff's Attorney.
Office and P. O. Address North Yakima, County of Yakima, State of Washington.
July 24-Sept. 4.

NOTICE TO CREDITORS.

In the Matter of the Estate of Anna J. Forman, Deceased.

Notice is hereby given by the undersigned, George Forman, administrator of the estate of Anna J. Forman, deceased, to the creditors of, and all persons having claims against, said deceased, to exhibit them with the necessary vouchers, within one year after the first publication of this notice, to the said George Forman, at the office of H. J. Snively, in the Ward Building, North Yakima, Washington, which office the undersigned selects as his place of business in all matters connected with said estate.

Dated July 24, 1909.
GEORGE FORMAN,
Administrator of the estate of Anna J. Forman, deceased.
July 24-Aug. 14.

NOTICE.

State of Washington, County of Yakima, ss. In Justice's Court, Nob Hill Precinct, Levi Z. Karr, Justice.

You are hereby notified that Samuel Price has filed a complaint against you in said court, which will come on to be heard at my office in and for No. 1 Hill Precinct, in Yakima County, Washington, on the 23d day of August, A. D. 1909, at the hour of 2 o'clock p. m., and unless you appear and then there answer, the same will be taken as confessed and the demand of the plaintiff granted. The object and demand of said complaint is to foreclose a lien now of record in the county auditor's office upon certain crops planted upon certain land described in said complaint, and to recover wages for labor performed in the planting and cultivation of said crop. Complaint filed July 15th, 1909. Dated this 20th day of July, A. D. 1909. Attorneys, SNIVELY & BOUNDS.

July 24-Aug. 7.

Summons for Publication.

In the superior court of Washington, in and for Yakima county.

John H. Mockler and Annie M. Mockler, plaintiffs, vs. William Germain and Julia Germain, husband and wife, also all other persons and parties unknown claiming any right, title, estate, lien or interest in the real estate described in the complaint herein, and the unknown heirs of any of any of such persons now deceased, if any, defendants.

The state of Washington to the said William Germain and Julia Germain, husband and wife, also all other persons and parties unknown claiming any right, title, estate, lien or interest in the real estate described in the complaint herein, and the unknown heirs of any of such persons now deceased, if any, defendants:

You are hereby summoned to appear within 60 days after the date of the first publication of this summons, to-wit: Within 60 days after the 10th day of July, 1909, and defend the above entitled action in the above entitled court, and answer the complaint of the plaintiffs and serve a copy of your answer upon the undersigned attorneys for plaintiffs at their office below stated, and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint which has been filed with the clerk of this court.

The object of the above entitled action is to secure a decree of the said court declaring the above named plaintiffs to be the owners in fee simple of lots eleven and twelve (11 and 12) in block 188 in Eastern Addition to the city of North Yakima, Yakima county Washington, according to the official plat thereof now on file and of record in the office of the auditor of said county and decreeing that none of the defendants have any right, title or interest therein and quieting the title of the plaintiffs in and to said land.

Date of first publication, July 10, 1909.
LYNCH & GRADY,
Attorneys for Plaintiffs.

NOTICE TO CREDITORS.

In the Superior Court of the State of Washington, in and for Yakima County.

In Probate.

In the Matter of the Estate of Elizabeth Brereton, deceased.
Notice is hereby given that all persons having claims against the late Elizabeth Brereton, deceased, or against her estate, shall present the same with proper vouchers, to the executrix of the will of the said Elizabeth Brereton, deceased, at the office of McAulay & Meigs, 516 Miller building, North Yakima, Washington, the same being the place for the transaction of the business of said estate. All such claims should be so presented on or before one year from the date of the first publication of this notice, to-wit: On or before one year from the 26th day of June, 1909, and unless the same are so presented within said time, they will be forever barred.

ALICE J. SMITH,
Executrix.

June 26-July 24.

Summons for Publication.

In the Superior Court of the State of Washington, for Yakima County. Mae Grinstead, plaintiff, vs. Samuel Grinstead, defendant. No. 5347.

The State of Washington: To the said Samuel Grinstead, defendant above named: You are hereby summoned to appear within sixty days after the date of the first publication of this summons, to-wit, within sixty days after the 12th day of June, 1909, and defend the above entitled action in the above entitled court, and answer the complaint of the plaintiff, and serve a copy of your answer upon the undersigned attorney for the plaintiff at his office below stated; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint, which has been filed with the clerk of said court.

The object of the above entitled action, as set forth in the complaint, is as follows: The said plaintiff prays that she be granted an absolute decree of divorce from the said defendant, upon the grounds of abandonment and desertion for more than one year last past, and non-support of the said plaintiff and the minor child; and for a decree awarding the custody of the minor child to the plaintiff; and for such other and further relief as to the court may seem

meet, equitable and proper in the premises.

City and County News

Brief Record of Local Happenings for the Week in North Yakima and Vicinity.

Word has been received by Secretary H. P. James of the Commercial club from the president's secretary that the president's trip West has not been decided upon as yet, but if the trip is made the invitation of the people of North Yakima will be considered.

J. L. Marshall, manager of the Yakima-Roslyn Coal company, was in the city Monday and Tuesday on business.

Mrs. C. E. Gall and daughter, Alice, of St. Paul, are the guests of Mrs. W. N. Irish of this city for a few days. Mr. Gall is a teller of the First National bank of St. Paul. He purchased a home in the Parker bottom and will make his residence there in the near future.

Rev. C. E. Harrison, a Methodist minister of Austin, Nev., has recently purchased eight acres of land near Selah for \$2400. This purchase was the result of what Mr. Harrison saw at the exposition.

Hundreds of friends and acquaintances attended the funeral of the late Hugh K. Sinclair, which was held at the Presbyterian church last Saturday morning. The services were conducted by the Rev. S. J. Kennedy, who was assisted by the Rev. J. M. Thompson.

Emil Meeske of North Yakima and owner of a tract of land near Pasco, was among the signers at the reclamation company's office the first of the week.—Pasco Express.

The Misses Edith Holland, Mattie Kirtly and Rose Newell of Chandler, Okla., were the guests of George Lewis, a former resident of Chandler. The young ladies enjoyed a trip through the valley and were very much pleased with the country surrounding the city.

The firm of Moore & Palmer of Toppenish have begun suit in the superior court for the collection of an alleged debt for groceries against William Mulligan and wife. Garnishee action against W. W. Robinson is the method adopted for the collection of the alleged debt.

Thomas Rodgers, aged 24 years, died Saturday morning at the St. Elizabeth hospital, following an operation for appendicitis. The funeral services were held from the Flint-Shaw undertaking establishment Sunday morning. Rogers' relatives, who live in Ohio, were notified.

Hay is bringing a good price for this season of the year, the latest shipments

of alfalfa selling at \$9 on board the cars, and timothy at \$15. Scarcity of hay on Sound markets is given as the cause for the rather high price.

Frank Shallow, who with his family is spending the summer at Alki Point, spent a few days in the city last week.

Marriage licenses were issued last Saturday to Roy Follansbee and Miss Elva Smith and to B. H. Wilson and Alice M. Natchie, all of North Yakima. Morris Eldridge, editor of the Socialist paper, "The Voice," and one of the foremost Socialists of the country addressed a large audience last Saturday evening at the corner of First street and Yakima avenue.

A meeting of the Swedish Lutheran church will be held at the German Evangelical church on B street, August 8, at which the question of organizing a church will be decided upon. Rev. Harry Lind, pastor of the Swedish Lutheran Bethel church of Seattle, will preside.

The city of Wapato is advertising for sealed bids for the erection of a city hall. The plans and specifications are with H. E. Trimble, city clerk of Wapato.

Isiah Whitehouse and wife filed a petition with the superior court last week for the adoption of their grand child, Lillie Whitson, daughter of B. E. Whitson.

The work on the approach to the new Moxee bridge was commenced last Tuesday by Contractors Daniels & Lum. Mr. Lum has the contract for the bridge work and most of his equipment has arrived from the Sound.

Miss Mattie Wohlstein of New York is visiting at the home of W. F. Wohlstein, 806 North Second street.

The will of Elizabeth A. Biekness Lyon has been filed for probate in the superior court.

Joseph LaTurno and son, of Manila, Ia., are investigating the valley with the intention of locating here.

P. A. Williams and family are entertaining Miss Bulah Schallbetter of Minneapolis.

The contract for the erection of the superstructure of the A. E. Larson building on South Second street was given to O. Hibarger last Monday. The contract price was close to \$69,500, exclusive of the plate-glass, excavations, foundations and cement floor of the basement. The total cost of the building will be in the neighborhood of \$85,000. The structure will be a modern store and office building, three stories in height.

Walter Camp and Harry Mock attended the Elks' carnival at Seattle. They made the trip in an auto leaving here last Sunday morning.

J. F. Okey made a business trip to Pendleton this week.

Judge Harry B. Rigg and wife are spending their vacation on the Sound. Bohn brothers, of Hanford, spent Friday and Saturday in North Yakima.

H. B. Gilbert of this city is entertaining his father and mother, Mr. and Mrs. W. N. Gilbert of Sauk Center, Ia.

Frank Williams was arrested and held on suspicion of being of unsound mind last Friday because he was canvassing for coffins on the streets of North Yakima. His lingo was much the same as a book agent's. He was arrested just as he was about to leave town.

James R. Tidwell and wife of Monroe, La., stopped over here on their way home to see the valley and left very favorably impressed with the country. It is probable that Mr. and Mrs. Tidwell will return to Yakima and make this place their home.

The Shriners organized a local club in this city last Friday night. W. L. Lemon was elected president; Harry K. Goldberg, vice president, and J. W. Sindall, secretary. An entertainment committee and patrol team was also organized at the meeting.

O. E. Paynter and wife of New York have purchased 10 acres of land from Arthur Henry, whose guests they were for a few days last week. Mr. Paynter is assistant cashier of the Merchants' National bank of New York and has found the desired spot upon which to live when he quits the big metropolis.

Deputy County Auditor W. B. Newcomb and wife are entertaining friends from the East.

G. A. Todd, manager of the White Bluffs Irrigation company was in the city on business last Monday.

Mrs. G. Grafton and daughter have returned from a month's visit to the different Sound points.

Miss Alice Goodwin of Grand Rapids, Mich., is the guest of Dr. Nagler and family.

For a Greater Yakima.

The 50,000 club held a meeting at the Commercial club rooms last Monday night to discuss ways and means of annexing the outlying districts. A committee was appointed to make a canvass of the residents in these districts and their report will be held at the next meeting, which was set for two weeks from last Monday's meeting. Nearly 100 business men and property owners were present at the meeting and many made speeches on the expansion of the city.

The opinion that much opposition will be overcome by the educational canvass, seems to be general.

Noted Japanese Here.

H. Oto, commissioner general from Japan to the A.-Y.-P.-E.; K. Nakamura, editor of the Japanese-American Commercial Weekly of New York, and one of the judges of marine products at the exposition, and R. Oto and K. Ichimose, attaches of Commissioner Oto's staff, formed the distinguished Japanese party which visited North Yakima and the country adjoining last Tuesday.

The party's object in visiting the city was to collect data regarding the irrigation projects, the results of which they have heard so much from their countrymen located here.

They enjoyed an automobile trip through the Nob Hill district and were very much impressed with the orchards and beautiful homes of the ranchers of the hill.

Eloped to Vancouver.

Leo Rich and Ethel Noble, both of this city, eloped last Sunday night a week ago from the home of the Nobles at 613 North Second street. They were married at the court house at Vancouver, B. C., by the Rev. A. W. Duss. The young people will no doubt be able to give some of our writers of fiction a few pointers on how to conduct an up-to-date epolment.

Miss Ethel retired as usual Sunday evening, but was on her way to Vancouver on the 2:35 train, accompanied by Mr. and Mrs. Edgar Darnell, brother-in-law and sister of the groom, before the family discovered her absence on Monday morning.

The couple are now at home to their friends at their home on North Eighth street.

LeMay Released.

Dell Lemay, the young barber who has been confined in the county jail for several days on a charge of insanity, was released last Tuesday by order of Commissioner Cresap.

A short time ago LeMay challenged a young man by the name of Lawrence Wharton to fight a duel with him, as he thought Wharton was the cause of his failure to win the hand of the girl he loved, Miss Bergeron, whose father caused LeMay's arrest.

The commissioner did not believe the evidence sufficient to warrant LeMay's confinement in the insane asylum, so gave him his freedom.

Removal Notice.

On and after August 1, 1909, the office of the state commissioner of horticulture will be located at Kennewick, Wash.

F. A. HUNTLEY, Commissioner.

Will Exhibit at NORTH YAKIMA, FRIDAY, AUG. 13

Whenever a REPUTABLE STORE

declares discounts ranging from 33 1-3 to 50 per cent look into it and see what the proposition means to you. Keep this thought uppermost in your mind—that every garment affected by our price reductions is a part of our regular stock. Such a thing as "goods made for slaughter sales" or in other words "riff-raff" is unknown in our sales. You can close your eyes and choose, and whatever you select will be genuine quality—bargain of the highest type. For instance:

UP TO 40c RIBBONS 15c

1500 yards of fine All Silk Taffeta and Satin Ribbons are included in this wonderful offering. Almost every color you can conceive of and all widths, from 2 to 5 inches. This is one of the most remarkable bargains ever given by this store, and if you will need ribbons in the next 12 months this is your opportunity. Choice of 150 bolts, per yard15c

\$6.95 WASH DRESSES \$2.95

75c Dresses, including every wash dress we own whose former fair prices were \$5.00, \$6.50 and \$6.95, have been placed out on one big round rack for quick selling. All colors and white and scores of styles to choose from. All are one-piece models, mostly with long sleeves, though there are many pretty jumper models among them. Values to \$6.95 for\$2.95

\$2.95 WASH SKIRTS \$1.50

A belated shipment of white and natural linen color Wash Skirts, made to sell regularly at \$2.95. The materials used are best quality linene and Madras. One especially good number is a beautifully made 17-gored plain full flare model, made of natural linen colored linene. This skirt is a winner at \$2.95, but to keep up the enviable reputation of the Dissolution Sale we have placed it in the big lot at \$1.50

WAISTS AGAIN REDUCED

We have gone through our entire stock of White Waists and given them another deep cut. No spy glass is needed to tell you the quality and saving in such beautiful waists as you will find here. Hundreds of styles.

Up to \$1.35 Waists for 69c
Up to \$1.75 Waists for 98c
Up to \$2.25 Waists for \$1.39
Up to \$3.50 Waists for \$1.95
Up to \$4.95 Waists for \$2.95

UP TO \$6.50 HATS \$1.50

We now own just 20 Colored Trimmed Hats and to move these Friday and Saturday we have divided them into two groups—14 hats, values up to \$6.50 for \$1.50; 6 hats, values up to \$10.00, for \$2.50. An excellent chance to replace your faded hat for a mere trifle. We will retrim your old hat free of charge if you purchase the trimmings here at half price.

UP TO \$10 HATS \$2.50

THE DISSOLUTION SALE GOES MERRILY ON AND EVERY ARTICLE IN THE STORE IS OFFERED AT A SACRIFICE.

BALDWIN'S

Jas. R. Richards
Manager : : :

North Yakima Gets Drubbing.

The Tigers received the worst beating of the season at last Sunday's game with the Indians. Nelson, who did most of the twirling for the Tigers, was not in it at all, at any stage of the game. His curves refused to curve or the Indians were informed in advance as to the exact spot at which the sphere would be on its trip to the catcher, while passing the home plate, and simply swatted it whenever they were so inclined.

The close of the comedy game saw the score standing, Tigers 2; Indians 12. The Wahis were defeated at Ellensburg, the score being 7 to 3 in favor of the Colts.

Horse Unharnesses Itself

With Ringling Brothers' circus this season there is a trained horse act in which an Arabian stallion takes off its harness and climbs into the taxicab it has been helping to pull around the track, leaving its companion to do the work.

Secretary James of the Commercial club received a letter from Senator Jones last Tuesday in which the senator informed Mr. James that Secretary Ballinger will be here on August 7. Mr. Ballinger is now inspecting the irrigation projects in Oregon and Idaho.

Go to the Fulton Market for fine, little, tender, juicy prunes, 5c a pound. Phone 453. 41tf

Juvenile Court Needed.

Numerous complaints by the business men against the boys who make a practice of stealing gunny sacks in order to procure money to attend various forms of amusement enterprises, are reaching the police department.

The police seem unable to stop the practice and those interested are suggesting a juvenile court for the correction of these abuses.

Notice.

Notice is hereby given that the county board of equalization will be in session as required by law in the county commissioners' room of the court house, North Yakima, Washington, August 2, 3, and 4, 1909, and such other times as may be required until final adjournment Saturday, August 21, for the purpose of equalizing the 1909 taxes. Any taxpayer wishing to make protest must do so at this meeting as the commissioners are not permitted by law to alter the tax after it is equalized.

Done under my hand this 28th day of July, 1909.
(Seal) WILBUR CROCKER,
County Auditor, Yakima county, Wash.
July 30-aug6
