

Jan. 23, 1963

Dear Mr. Relander,

Thank you very much for letting me use your material on Kamiakin and the Yakima Indians. I went to the Regional library several times but I was never able to find information such as that included in your material.

I recieved a "B" on my paper but that was because I had too many mechanical errors. My typewriter hasnt learned where to put all the commas I guess.

Our school library was very happy to get the Treaty Centennial booklet. We are always trying to enlarge our Northwest history section. Our librarian was also interested in "Strangers on the Land."

Thanks again for your works. They were really a tremendous help.

Sincerely,
Elaine Hunt
