Dear Click:

Being partly of Scotch inheritance, I am wondering if, instead of throwing away the enclosed Kodachrome slides, you would not want to drop them to one of your Indian friends who might have been participating in this dedication of the Priest Rapids Dam.

Your reporting of Indian affairs has been a real triumph and I wish to congratulate you for understanding them as you do.

Most sincerely,

Elon J. Gilbert

Dear Chick -

Thanks for your letter of 8/13.

Now another favor: can you
keep Bice with a translation of the
word HILLSIDES in the genuine
Indian Language?

I could go to one of the Indians,
such as a Shwaway, but have more
confidence in your understanding what Bice
wants.

Faithfully -

Elon.

Dear Chick -

Your scholarly letter is going to
W.O.D. and will be appreciated
by him even more than by me.
Thank you.

I shall order the book you
recommended: The Elderberry Tree by
Jung Peltz. Thank you again.

Sincerely,

Elon
