

December 4, 1968

Dee W. Jones, Coordinator of Information
Urban Affairs Council,
Secretary of State's Office,
Olympia, 98501

Dear Coordinator:

The news releases and the publication, Urban
Washington: Apathy or Action? arrived in my mail this morning. The
material is being turned over to the writers here interested in that
field. It must have been a tremendous undertaking to produce this.

I am writing to get this off air mail, with the request that I
may be sent a "second copy" for proper use.

One use I have in mind will concern the Yakima Indian Nation.
The Tribal Council Chairman will be going to Washington, D.C. within a
week on the conference called by Sens. Percy, Harris and two others.
Mr. Jim is in ~~Washington~~ Washington today on the President's
Commission on Continuing Human Rights, which Mr. Harriman has returned
briefly from Europe to chair.

I will personally see that Mr. Jim receives this copy, ~~which~~ which
will also permit me the opportunity of a complete and thorough study
of the report in my "home" research.

The copy may be sent to me at the office, directed to my personal
attention, though the mail reaches me excepting one day a week, or at
my home address, 3701 Commonwealth, Yakima, Wash.

Most Sincerely
