

[Removal from Education in Wash.,
Wash. (State) Legislative Interim Comm.
on Education]

Washington State Senate

Dear Friend of Education:

Knowing of your interest in education, I am happy to send you a complimentary pass that will admit you to the Washington State Senate, now meeting, and a copy of the Interim Committee's report on education to the 39th session of the Legislature.

A great deal of dedicated work has gone into this report. I sincerely trust that, as a friend of education, you will find this report both interesting and helpful.

Several of the recommendations of the Interim Committee have already been drafted into bills and introduced into the Legislature. I am of the opinion that these bills will receive the serious consideration of all the legislators.

If you have any comments relative to the report or pending legislation, I would be most happy to hear from you.

Sincerely,

FRED H. DORE
State Senator
Chairman, Interim Committee
on Education

FHD/moh
