Dear Sir:

Some time ago your book - 'Drummen
And Dreamers', concerning the Wanapum
Indians close to where I recently lived,
was in book and stationery stores; and
at the time I made a mental note to
get one when I was able. Time passed
and - evidently enough to sell all av-
ailable copies. It hasn't been reprinted
yet, I don't believe, and I am still
most desirous of obtaining at least one
copy for my own library. Perhaps you
have other books also to your credit
concerning Northwest Indians, as the Yakimas?
Please, do you have any extra copies at
home that I might purchase from you?
I would be so utterly grateful! And for
your kind attention - thank you!

Donna Newman
c/o above address

and hoping this reaches you! Sincerely -
