Dear Mr. Relander:

With reference to your letter of March 12, 1952. Both the golden eagle and the bald eagle are protected by federal and state law in the State of Washington.

To the best of my knowledge there has been no record of any other species of eagle existing in this state. It is possible that either the golden or bald eagle might be found along the Columbia River between Vantage and Pasco.

Very truly yours,

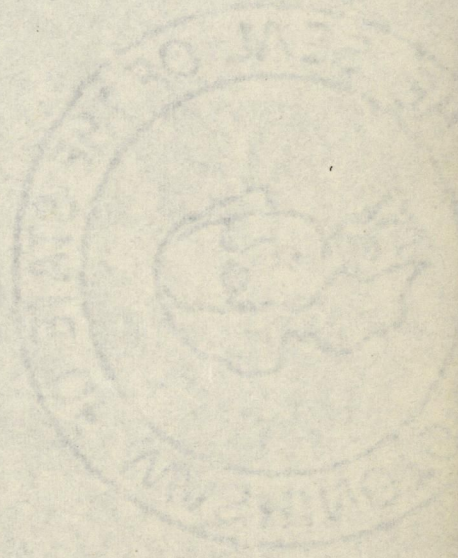

THE DEPARTMENT OF GAME
